### MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS for HCR 38**.

#### HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 38

WHEREAS, the United States Environmental Protection Agency (EPA) is overstepping its jurisdictional boundaries regarding the regulation of water quality and the use of coal and wood as energy sources in Missouri; and

WHEREAS, the EPA refuses to allow the practice of blending as related to municipal waste water treatment plants in 55 of Missouri's municipalities, which is estimated to cost our state \$650 to \$700 million dollars; and

WHEREAS, on August 22, 2013, the EPA finalized water quality criteria for ammonia as a result of toxicity studies of mussels; and

WHEREAS, only 2 of the 69 species of mussels in Missouri would be affected by the new criteria, yet the EPA forces the extreme ammonia standards on the state anyway; and

WHEREAS, nearly all discharging domestic waste water treatment facilities as well as certain industrial and storm water dischargers with ammonia in their effluent cannot meet the new ammonia standards with current, reasonably priced technology; and

WHEREAS, the estimated cost to Missourians to comply with the new ammonia standards is \$1 billion dollars; and

WHEREAS, a reliable, affordable energy supply is vital to the nation's future economic growth, security, and quality of life; and

WHEREAS, domestically produced coal has been and continues to be used as a fuel to produce over 80 percent of the electricity generated

by the state's investor-owned electric utilities, municipally owned utilities, and rural electric cooperatives; and

WHEREAS, the state's heavy reliance on coal as a fuel source for Missouri's base-load electric generation is due primarily to coal being abundant, available, reliable, and comparatively much less expensive than virtually all other available fuels; and

WHEREAS, the EPA has issued proposed rules and regulations for new fossil fuel-fired power plants and is expected to issue its proposed rules and regulations for existing fossil fuel-fired power plants by June 1, 2014, with implementation by June 2015; and

WHEREAS, the EPA's proposed regulations for new power plants would require all new coal-fired power plants to utilize carbon capture and storage (CCS) technology, otherwise known as "sequestration", to capture and store carbon dioxide underground in order to meet the EPA's new stringent emission limits, even though such sequestration technology is not yet economical or even widely commercially available; and

WHEREAS, stricter emission standards imposed by the EPA on Missouri's coal-fired electric power plants will translate into higher electric costs that necessarily must be paid for by all Missouri consumers, either directly in higher electric rates or indirectly through higher costs for other goods and services; and

WHEREAS, the recent spike in propane gas prices should remind us that we need to safeguard our readily available and cost-effective resources; and

WHEREAS, the use of other forms of renewable energy should be encouraged, but not demanded and not by eliminating proven, time-tested resources; and

WHEREAS, the EPA is also proposing new source performance standards for residential wood heaters by reducing maximum fine particulate emissions from 15 micrograms per cubic meter of air to 12 micrograms per cubic meter of air; and

WHEREAS, the proposed new source performance standards would apply to new wood stoves and other wood heaters, requiring manufacturers, many of which are small businesses, to implement costly changes to their manufacturing process and products; and

WHEREAS, most wood stoves and other wood heaters are sold for use in rural, cold climate areas where wood is readily available and the consumption of wood for residential purposes is highest in the Midwest; and

WHEREAS, over 97,000 homes in Missouri used wood as their home heating fuel in 2012; and

WHEREAS, wood is the most accessible and affordable renewable energy resource for home heating; and

WHEREAS, the net carbon dioxide emissions from wood are far below those of all other fuels; and

WHEREAS, wood heating strengthens local economies, including providing jobs and incomes, since wood can be purchased locally and the money stays in the community versus purchasing natural gas or petroleum fuels from outside the community; and

WHEREAS, the cost of a new wood stove or other wood heater, which would meet the EPA's proposed new source performance standards, would be cost-prohibitive for many rural Missourians who rely on wood stoves as their residential heating source; and

WHEREAS, each state has different resources and needs and should be permitted the maximum flexibility and discretion in implementing policies and regulations regarding its natural resources:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress to decrease the EPA's authority to regulate water quality and the use of coal and wood as energy sources; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Majority and Minority Leaders of the United States Senate and House of Representatives, the Administrator of the Environmental Protection Agency, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS** for **HCR 45**.

HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NO. 45

WHEREAS, the Joint Interim Committee on State Employee Wages was established under HCR 32 by the Ninety-Sixth General

Assembly, First Regular Session, and was reauthorized under HCR 33 by the Ninety-Sixth General Assembly, Second Regular Session, and was charged with studying and developing strategies for increasing the wages of Missouri's state employees so Missouri will become competitive with its peer states in regard to state employee wages; and

WHEREAS, Missouri state employees are ranked 50th out of 50 states for the wages paid to state employees; and

WHEREAS, Missouri state employees provide excellent service to Missourians; and

WHEREAS, Missouri state employees have had to do more with less resources for the past several years; and

WHEREAS, Missouri state employee salary increases have not kept pace with inflation; and

WHEREAS, Missouri state employee insurance costs have steadily increased; and

WHEREAS, the Missouri state employees deferred compensation state match of state employee contributions made up to \$35 has not been funded for several years; and

WHEREAS, new Missouri state employees who are first employed by the state after January 1, 2011, are required to contribute 4 percent of their pay to their retirement plan; and

WHEREAS, the State of Missouri does not have comprehensive data on state employee compensation or total compensation; and

WHEREAS, the State of Missouri does not have a long-term or strategic plan for increasing the wages of state employees; and

WHEREAS, the State of Kansas undertook a similar initiative and has learned many lessons that could benefit the State of Missouri; and

WHEREAS, the three poorest states in the nation - West Virginia, Mississippi, and Arkansas - all rank ahead of Missouri in state employee annual compensation:

NOW, THEREFORE, BE IT RESOLVED, that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby re-authorize the "Joint Interim Committee on State Employee Wages" to function in the legislative interims and during regular legislative sessions upon approval of the Speaker of the House of Representatives and the President Pro Tempore of the Senate through December 31, 2016, upon passage and approval of this resolution for the purpose of further study and development of strategies for increasing the wages of Missouri's state employees so Missouri will become competitive with its peer states in regard to state employee wages; and

BE IT FURTHER RESOLVED, that upon re-establishment, the Joint Interim Committee shall:

- (1) Devise a focused and concise mission statement to guide actions of the Joint Interim Committee;
- (2) Request the State Office of Administration to invest in a consultant to conduct salary and total compensation surveys to comprehensively review and analyze the state classification and compensation structures, similar to what other states have done;
- (3) Request the State Office of Administration, with the advice and consent of the Joint Interim Committee, to use the data from the comprehensive study to produce a long-term strategic plan for increasing state employee wages and to present such plan to the Governor, the House Budget Committee, and the Senate Appropriations Committee by January 31, 2017; and
- (4) Such other matters as the Joint Interim Committee may deem necessary in order to determine the proper course of future legislative and budgetary action regarding these issues; and

BE IT FURTHER RESOLVED, that the Joint Interim Committee be composed of the following members:

- (1) Two majority party members and one minority party member of the House of Representatives to be appointed by the Speaker and Minority Leader of the House;
- (2) Two majority party members and one minority party member of the Senate to be appointed by the President Pro Tem and Minority Leader of the Senate;
- (3) One representative from the Governor's Office;
- (4) One representative from the State Personnel Advisory Board; and
- (5) Two members of the public, with one to be appointed by the Speaker of the House and one to be appointed by the President Pro Tem of the Senate; and

BE IT FURTHER RESOLVED, that the Joint Interim Committee may solicit input and information necessary to fulfill its obligations including, but not limited to, soliciting input and information from any state department or agency the Joint Interim Committee deems relevant

and the general public; and

BE IT FURTHER RESOLVED, that the staff of House Appropriations, Senate Appropriations, House Research, Senate Research, and the Joint Committee on Legislative Research shall provide such legal, research, clerical, technical, and bill drafting services as the Joint Interim Committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED, that the actual and necessary expenses of the Joint Interim Committee, its members, and any staff assigned to the Joint Interim Committee incurred by the Joint Interim Committee shall be paid by the Senate's Joint Contingent Expenses appropriation.

In which the concurrence of the Senate is respectfully requested.

Senator Nieves assumed the Chair.

# Journal of the Senate

## SECOND REGULAR SESSION

---

**FIFTY-SEVENTH DAY—THURSDAY, APRIL 24, 2014**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“A man who governs his passions is master of the world. We must either command them, or be enslaved by them. It is better to be a hammer than an anvil.” (St. Dominic)

Merciful Father, You know we are tired and at this time of the year our patience gets thin and our frustrations increase. So help us govern our passions so what we say is kind and conveys the meaning of what we are attempting to do here. May we deal fairly and openly with one another and work the work You would have us complete. May that be even more true as we arrive home and be with loved ones. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

**CONCURRENT RESOLUTIONS**

Senator Sater offered the following concurrent resolution:

**SENATE CONCURRENT RESOLUTION NO. 43**

Whereas, on August 7, 1964, the United States Congress passed the Gulf of Tonkin Resolution authorizing the President to take any measures necessary to defend United States forces and promote the maintenance of international peace and security in Southeast Asia; and

Whereas, between 1965 and 1969 American troops strength in Vietnam rose from 60,000 to over 543,000, with approximately a total of 2,700,000 American men and women serving in Vietnam by the end of the war; and

Whereas, the United States suffered casualties of over 58,000 men and women, with 1,410 of those soldiers killed being Missouri citizens who sacrificed their lives in some of the most horrific conditions in the history of warfare; and

Whereas, the people of Missouri wish to properly honor and thank Vietnam War Veterans and their families for their sacrifice and bravery; and

Whereas, war memorials are important reminders that freedom is not free and the soon to be constructed Vietnam Veterans Memorial located on the College of the Ozarks Campus will be dedicated to perpetuate the appreciation and legacy of Vietnam War Veterans present and past; and

Whereas, Branson, Missouri is known by many as the “Veterans Capital of the Nation” hosting America’s largest Veterans Day celebration every year, as well as the Vietnam Veterans “Welcome Home Celebration,” and Branson is home to the Veterans Memorial Museum; and

Whereas, the College of the Ozarks, located only a few miles from Branson, has pledged to fully fund the construction of the Vietnam Veterans Memorial designed by the College’s Graphic Design Class; and

Whereas, it is appropriate to honor the Vietnam War Veterans from the state of Missouri by recognizing the Vietnam Veterans Memorial, which is to be constructed on the College of the Ozarks Campus, as the official Vietnam War Memorial of the state of Missouri:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-seventh General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby recognize the Vietnam Veterans Memorial which is to be constructed on the College of the Ozarks Campus in Point Lookout, Missouri as the official Vietnam War Memorial of Missouri; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the College of the Ozarks and the Vietnam Veterans Chapter 913 in Branson, Missouri.

**REPORTS OF STANDING COMMITTEES**

On behalf of Senator Richard, Chairman of the Committee on Rules, Joint Rules, Resolutions and Ethics, Senator Kehoe submitted the following reports:

Mr. President: Your Committee on Rules, Joint Rules, Resolutions and Ethics, to which were referred **SS** for **SB 866** and **SB 964**, begs leave to report that it has examined the same and finds that the bills have been truly perfected and that the printed copies furnished the Senators are correct.

**MESSAGES FROM THE HOUSE**

The following message was received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 30**.

HOUSE CONCURRENT RESOLUTION NO. 30

WHEREAS, domestically produced coal has been and continues to be used as a fuel to produce over 80% of the electricity generated by the state's investor-owned electric utilities, municipally owned utilities, and rural electric cooperatives; and

WHEREAS, the state's heavy reliance on coal as a fuel source for Missouri's base-load electric generation is due primarily to coal being abundant, available, reliable, and comparatively much less expensive than virtually all other available fuels; and

WHEREAS, on June 25, 2013, the President of the United States issued a memorandum to the Administrator of the United States Environmental Protection Agency directing the EPA to:

(1) Move forward with a new proposal to implement national standards for carbon dioxide (CO<sub>2</sub>) emissions from the new fossil fuel-fired electric power plants by issuing a proposed rule no later than September 20, 2013;

(2) Use the EPA's authority under Sections 111(b) and 111(d) of the federal Clean Air Act to issue no later than June 1, 2014, standards, regulations, or guidelines that address carbon pollution from modified, reconstructed, and existing power plants; and

WHEREAS, the EPA already has issued its proposed rules and regulations for new fossil fuel-fired electric power plants and is expected to issue its proposed rules and regulations for existing fossil fuel-fired power plants by June 1, 2014, with implementation by June 2015; and

WHEREAS, the EPA's proposed regulations for new power plants would require all new coal-fired electric power plants to utilize carbon capture and storage (CCS) technology, otherwise known as "sequestration", to capture and store CO<sub>2</sub> underground in order to meet the EPA's new stringent emission limits, even though such sequestration technology is not yet economical or even widely commercially available; and

WHEREAS, according to the Congressional Budget Office, engineers have estimated this sequestration technology would increase the cost of producing electricity from new coal-fired electric power plants by 75%; and

WHEREAS, a significant amount of additional electricity, estimated to be approximately 30% or more and known in the industry as "parasite load", would have to be generated by the power plant solely for the purpose of operating such new sequestration technology, making such additional power unavailable for use but still paid for by Missouri's electric consumers; and

WHEREAS, even the EPA admits that "today's CCS technologies would add around 80% to the cost of electricity for a new pulverized coal (PC) plant"; and

WHEREAS, these regulations in practical effect will make it economically impossible to build new coal-fired electric power plants in the future in order to meet the future electric generation needs of Missourians; and

WHEREAS, these regulations will in effect completely remove coal as a domestic, abundant, reliable, and affordable fuel source for electric generation in the future; and

WHEREAS, a reliable, affordable energy supply is vital to the nation's future economic growth, security, and quality of life; and

WHEREAS, it should be clear public policy of the United States to pursue an "all of the above" approach by promoting, and not discouraging or eliminating, any one or more domestic potential fuel source for electric generation by new or existing power plants; and

WHEREAS, the EPA's proposed regulations for existing power plants, while not yet made public, can reasonably be expected to follow the approach taken by the EPA in its proposed rules for new plants, and in any event, certainly will be designed to drastically reduce CO<sub>2</sub> emissions from existing coal-fired electric power plants; and

WHEREAS, stricter emission standards imposed by the EPA on Missouri's existing coal-fired electric power plants necessarily will translate into higher electric costs that necessarily must be paid for by all Missouri consumers, either directly in higher electric rates, or indirectly through higher costs for other goods and services; and

WHEREAS, higher electric rates translate into an economic competitive disadvantage for Missouri and added economic stress in an already struggling state economy; and

WHEREAS, electric rate increases in recent years continue to be a heavy burden for customers served by the state's investor-owned and municipally-owned electric utilities, especially low-income residential customers, small businesses, and large manufacturers who are struggling to survive in an increasingly competitive world market; and

WHEREAS, increasing costs for electricity will hit especially hard residential electric users living in rural Missouri who are served by Missouri's electric cooperatives where 50% of electric cooperative members are over 55 years old, 37% are retired or on a fixed income, 40% have gross household incomes of less than \$50,000 per year, and 16% make less than \$25,000 per year; and

WHEREAS, approximately 40 million American families nationally earn less than \$30,000 per year and spend almost 20% of their budgets on energy costs; and

WHEREAS, Missouri currently enjoys some of the lowest electric rates in the nation due to its reliance on coal-fired electric generation while other states that do not rely on coal have some of the highest electric rates; and

WHEREAS, many states have implemented mandatory or voluntary renewable portfolio/energy standards, implemented energy efficient or peak load reduction programs, experienced significant retirements of coal-based generating plants, or mandated emission reduction programs - all of which have already contributed to a reduction in greenhouse gas emissions; and

WHEREAS, each state has different needs and should be permitted to primarily rely on its own state utility and environmental regulators to craft and implement emission performance systems that reflect the policies, energy needs, fuel resource mix, and unique economic considerations of each state and region:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly urge the Environmental Protection Agency to use some basic common sense and reject any federal fossil fuel emission rules or regulations that would have the practical effect of removing coal as a viable fuel option for both new and existing electric generation in the State of Missouri and elsewhere, and to adopt only such rules and regulations that allow state utility and environmental regulators maximum flexibility and discretion in implementing the same; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Gina McCarthy, Administrator of the Environmental Protection Agency, and each member of the Missouri Congressional delegation.

## SECOND REGULAR SESSION

---

**FIFTY-EIGHTH DAY—MONDAY, APRIL 28, 2014**

---

The Senate met pursuant to adjournment.

Senator Pearce in the Chair.

Reverend Carl Gauck offered the following prayer:

“To you, O Lord, I lift up my soul.” (Psalm 25:1)

Merciful Father, once again Missouri and our neighboring states have faced terrible and devastating storms. We ask You to abide with those who lost much and especially those who have sustained injury and those who have lost loved ones. Be an ever present help and allow Your mercy to dwell with them. Help us to know how we can be of assistance and a true neighbor. Give us the strength and wisdom to know what to do and words that provide comfort and hope. For we know there is hope for those who come in prayer to You and that You will provide what is truly needed. In Your Holy Name we pray. Amen.

The hearings shall provide an opportunity to convene community resources that may be useful or necessary in supporting the school district as it attempts to return to accredited status, continues under revised governance, or plans for continuity of educational services and resources upon its attachment to a neighboring district. The department may request the attendance of stakeholders and district officials to review the district’s plan to return to accredited status, if any; offer technical assistance; and facilitate and coordinate community resources. Such hearings shall be conducted at least twice annually for every year in which the district remains unaccredited or provisionally accredited.**

**3. Upon classification of a district as unaccredited, the state board of education may:**

Any special administrative board appointed under this section shall be responsible for the operation of the district until such time that the district is classified by the state board of education as provisionally accredited for at least two successive academic years, after which time the state board of education may provide for a transition pursuant to section 162.083; or

(b) Determine an alternative governing structure for the district including, at a minimum:

4. If a district remains under continued governance by the school board under subdivision (1) of subsection 3 of this section and either has been unaccredited for three consecutive school years and failed to attain accredited status after the third school year or has been unaccredited for two consecutive school years and the state board of education determines its academic progress is not consistent with attaining accredited status after the third school year, then the state board of education shall proceed under

subdivision (2) of subsection 3 of this section in the following school year.

5. A special administrative board appointed under this section shall retain the authority granted to a board of education for the operation of the lapsed school district under the laws of the state in effect at the time of the lapse and may enter into contracts with accredited school districts or other education service providers in order to deliver high-quality educational programs to the residents of the district. The authority of the special administrative board shall expire at the end of the third full school year following its appointment, unless extended by the state board of education. If the lapsed district is reassigned, the special administrative board shall provide an accounting of all funds, assets and liabilities of the lapsed district and transfer such funds, assets, and liabilities of the lapsed district as determined by the state board of education. 8. In the event that a school district with an enrollment in excess of five thousand pupils lapses, no school district shall have all or any part of such lapsed school district attached without the approval of the board of the receiving school district.

**9. If the state board of education reasonably believes that a school district is unlikely to provide for the minimum school term required by section 163.021 because of financial difficulty, the state board of education may, prior to the start of the school term:**

**(1) Allow continued governance by the existing district school board under terms and conditions established by the state board of education; or**

**(2) Lapse the corporate organization of the district and implement one of the options available under subdivision (2) of subsection 3 of this section.**

**162.432.** Notwithstanding any provision of section 163.011 to the contrary, when a change in a school district's boundary lines occurs because of a boundary line change, annexation, attachment, consolidation, reorganization, or dissolution under sections 162.071, 162.081, 162.171 to 162.201, 162.221, 162.223, 162.431, 162.441, or 162.451, or in the event that a school district assumes any territory from a district that ceases to exist for any reason, the department of elementary and secondary education shall make a proper adjustment to each affected district's local effort, so that

each district's local effort figure conforms to the new boundary lines of the district. The department shall compute the local effort figure by applying the calendar year 2004 assessed valuation data to the new land areas resulting from the boundary line change, annexation, attachment, consolidation, reorganization, or dissolution and otherwise follow the procedures described in subdivision (10) of section 163.011.

**162.1310. 1.** When the state board of education classifies any district or school building as unaccredited, the district shall notify the parent or guardian of any student enrolled in the unaccredited district or unaccredited school and any district taxpayer of the loss of accreditation within seven business days. The district's notice shall include an explanation of the option to transfer students to another accredited school in the district or to another accredited district, and any services students may be entitled to receive. **167.730. 1. Beginning July 1, 2015, every public school in the metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, including charter schools, shall incorporate a response-to-intervention tiered approach to reading instruction to focus resources on students who are determined by their school to need additional or changed instruction to make progress as readers. At a minimum, the reading levels of students in kindergarten through tenth grade shall be assessed at the beginning and middle of the school year, and students who score below district benchmarks shall be provided with intensive, systematic reading instruction.**

**2. Beginning January 1, 2015, and every January first thereafter, every public school in the metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, including charter schools, shall prepare a personalized learning plan for any kindergarten or first grade student whose most recent school-wide reading assessment result shows the student is working below grade level unless the student has been determined by other means in the current school year to be working at grade level or above. The provisions of this section shall not apply to students otherwise served under an individualized education program, to students receiving services through a plan prepared under Section 504 of the Rehabilitation Act of 1973 that includes an element addressing reading below grade level, or to students determined to have limited English proficiency.**

**3. For any student in a metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than**

one county that is required by this section to have a personalized learning plan, the student's main teacher shall consult with the student's parent or guardian during the preparation of the plan and shall consult, as appropriate, any district personnel or department of elementary and secondary education personnel with necessary expertise to develop such a plan. The school shall require the written consent of the parent or guardian to implement the plan; however, if the school is unsuccessful in contacting the parent or guardian by January fifteenth, the school may send a letter by certified mail to the student's last known address stating its intention to implement the plan by February first.

4. After implementing the personalized learning plan through the end of the student's first grade year, the school shall refer any student who still performs below grade level for assessment to determine if an individualized education program is necessary for the student. A student who is assessed as not needing an individualized education program but who is reading below grade level at the end of the first grade shall continue to be required to have a personalized learning plan until the student is reading at grade level.

5. Notwithstanding any provision of law to the contrary, any student in a metropolitan or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county who is not reading at second-grade level by the end of second grade may be promoted to the third grade only under one of the following circumstances:

(1) The school provides additional reading instruction during the summer and demonstrates the student is ready for third grade at the end of the summer school;

(2) The school provides a combined classroom in which the student continues with the same teacher, sometimes referred to as "looping". If the student in such a classroom is not reading at third-grade level by the end of third grade, the student shall be retained in third grade; or

(3) The student's parents or guardians have signed a notice that they prefer to have their student promoted although the student is reading below grade level. The school shall have the final determination on the issue of retention.

6. The metropolitan school district, any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, and each charter school located in them shall provide in its annual report card under section 160.522 the numbers and percentages by grade from first grade to tenth grade in each school of any students at any grade level who have been promoted who have been determined as reading below grade level, except that no reporting shall permit the identification of an individual student.

167.825. 1. Any student who is enrolled in and attends a public school that is classified as unaccredited by the state board of education under the system of classification enacted under section 161.238 may transfer to another public school in the student's district of residence that offers the student's grade level of enrollment and that is accredited without provisions by the state board of education. However, no such transfer shall result in a class size and assigned enrollment in a receiving school that exceeds the standard level for class size and assigned enrollment as promulgated in the Missouri school improvement program's resource standards.

2. If the student chooses to attend a magnet school, an academically selective school, or a school with a competitive entrance process within his or her district of residence that has admissions requirements criteria, the student shall meet such admissions requirements criteria in order to attend.

**167.826. 1.** If a student residing in an unaccredited district and living within the attendance boundaries of an unaccredited school is unable to transfer to another accredited school within his or her district of residence under section 167.825, the student may transfer to an accredited school within an accredited district located in the same or an adjoining county. The student's district of residence shall pay the student's tuition as established in subsection 3 of this section, or, if applicable, subsection 4 of this section shall apply. A student who wishes to transfer to an accredited district shall provide proof that he or she resided in an unaccredited district and within the attendance boundaries of an unaccredited school for a minimum of twelve months prior to applying for a transfer.

**2.** No provisionally accredited district or provisionally accredited school shall be eligible to receive transfer students. No unaccredited district or unaccredited school shall be eligible to receive transfer students.

**3.** The rate of tuition to be charged by the district attended and paid by the sending district is the per pupil cost of maintaining the district's grade level grouping which includes the school attended. The cost of maintaining a grade level grouping shall be determined by the board of education of the district but in no case shall it exceed all amounts spent for teachers' wages, incidental purposes, debt service, maintenance, and replacements. The term "debt service", as used in this section, means expenditures for the retirement of bonded indebtedness and expenditures for interest on bonded indebtedness. Per pupil cost of the grade level grouping shall be determined by dividing the cost of maintaining the grade level grouping by the average daily pupil attendance. If there is disagreement as to the amount of tuition to be paid, the facts shall be submitted to the state board of education, and its decision in the matter shall be final. The school board of a receiving district, upon a majority vote of the board, may choose to charge a rate of tuition less than the amount that would otherwise be calculated under this subsection. If any receiving district chooses to charge a rate of tuition that is at least thirty percent less than the rate of tuition that would otherwise be calculated under this subsection, then the statewide assessment scores and all other performance data for those students whom the district received shall not be used for five school years when calculating the performance of the receiving district for purposes of the Missouri school improvement program.

**4.** If the school board of a receiving district, upon a majority vote of the board, chooses to charge a rate of tuition that is less than ninety percent of the rate that would otherwise be calculated under subsection 3 of this section, ten percent of the receiving district's tuition rate shall be paid from the supplemental tuition fund. There is hereby created in the state treasury the "Supplemental Tuition Fund". The fund shall consist of any moneys appropriated annually by the general assembly from general revenue to such fund, any moneys paid into the state treasury and required by law to be credited to such fund and any gifts, bequests or public or private donations to such fund. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

**5.** Each district shall have the right to establish and adopt, by objective means, a policy for desirable class size and student-teacher ratios. If a district adopts such a policy, it shall not be

required to accept any transfer students under this section that would violate its class size or student-teacher ratio. If a student seeking to transfer is denied admission to a district based on a lack of space under the district's policy, the student or the student's parent or guardian may appeal the ruling to the state board of education if he or she believes the district's policy is unduly restrictive to student transfers. The state board of education shall review the appropriateness of the district's policy and shall give special consideration to any district with a greater than average population of students that qualify for free and reduced lunch. If the state board of education finds that the district's policy is unduly restrictive to student transfers, it may limit the district's policy. The state board of education's decision shall be final.

6. When a district is declared unaccredited, it shall contract with any special school district located in the same or an adjoining county for the reimbursement of special education services provided by the special school district for transfer students who are residents of the unaccredited district.

7. The student's district of residence may provide transportation for him or her to attend another accredited district but shall not be required to do so.

167.827. 1. By January first annually, each accredited district, any portion of which is located in the same county or in an adjoining county to an unaccredited district shall report to the education authority for the county in which the unaccredited district is located the number of available enrollment slots by grade level.

2. Any education authority whose geographic area includes an unaccredited district or unaccredited school shall make information and assistance available to parents or guardians who intend to transfer their child from an unaccredited district to an accredited district under section 167.826.

3. The parent or guardian of a student who intends to enroll his or her child in an accredited district under the provisions of section 167.826 shall send initial notification to the education authority for the county in which he or she resides by March first for enrollment in the subsequent school year.

4. The education authority whose geographic area includes an unaccredited district shall assign those students who seek to transfer. The authority shall give first priority to students who live in the same household with any family member within the first or second degree of consanguinity who already attends an accredited school and who apply to attend the same accredited school. The authority shall then grant transfer requests in the order in which they were received. If insufficient enrollment slots are available for a student to be able to transfer, that student shall receive first priority the following school year. If sufficient enrollment slots are available, the authority shall provide each student a choice of three accredited schools to which he or she may transfer.

5. An education authority may deny a transfer to a student with a demonstrated and documented history of school discipline policy violations.

#### HOUSE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 526, Page 1, in the Title, Lines 2-3, by deleting “a database for workers’ compensation claims” and inserting in lieu thereof “workers’ compensation”; and

Further amend said bill and page, Section A, Line 2, by inserting after all of said line the following:

“287.140. 1. In addition to all other compensation paid to the employee under this section, the employee shall receive and the employer shall provide such medical, surgical, chiropractic, and hospital treatment, including nursing, custodial, ambulance and medicines, as may reasonably be required after the injury or disability, to cure and relieve from the effects of the injury. If the employee desires, he shall have the right to select his own physician, surgeon, or other such requirement at his own expense. Where the requirements are furnished by a public hospital or other institution, payment therefor shall be made to the proper authorities. Regardless of whether the health care provider is selected by the employer or is selected by the employee at the employee’s expense, the health care provider shall have the affirmative duty to communicate fully with the employee regarding the nature of the employee’s injury and recommended treatment exclusive of any evaluation for a permanent disability rating. Failure to perform such duty to communicate shall constitute a disciplinary violation by the provider subject to the provisions of chapter 620. When an employee is required to submit to medical examinations or necessary medical treatment at a place outside of the local or metropolitan area from the employee’s principal place of employment, the employer or its insurer shall advance or reimburse the employee for all necessary and reasonable expenses; except that an injured employee who resides outside the state of Missouri and who is employed by an employer located in Missouri shall have the option of selecting the location of services provided in this section either at a location within one hundred miles of the injured employee’s residence, place of injury or place of hire by the employer. The choice of provider within the location selected shall continue to be made by the employer. In case of a medical examination if a dispute arises as to what expenses shall be paid by the employer, the matter shall be presented to the legal advisor, the administrative law judge or the commission, who shall set the sum to be paid and same shall be paid by the employer prior to the medical examination. In no event, however, shall the employer or its insurer be required to pay transportation costs for a greater distance than two hundred fifty miles each way from place of treatment.

2. If it be shown to the division or the commission that the requirements are being furnished in such manner that there is reasonable ground for believing that the life, health, or recovery of the employee is endangered thereby, the division or the commission may order a change in the physician, surgeon, hospital or other requirement.

3. All fees and charges under this chapter shall be fair and reasonable, shall be subject to regulation by the division or the commission, or the board of rehabilitation in rehabilitation cases. A health care provider

shall not charge a fee for treatment and care which is governed by the provisions of this chapter greater than the usual and customary fee the provider receives for the same treatment or service when the payor for such treatment or service is a private individual or a private health insurance carrier. The division or the commission, or the board of rehabilitation in rehabilitation cases, shall also have jurisdiction to hear and determine all disputes as to such charges. A health care provider is bound by the determination upon the reasonableness of health care bills.

4. The division shall, by regulation, establish methods to resolve disputes concerning the reasonableness of medical charges, services, or aids. This regulation shall govern resolution of disputes between employers and medical providers over fees charged, whether or not paid, and shall be in lieu of any other administrative procedure under this chapter. The employee shall not be a party to a dispute over medical charges, nor shall the employee's recovery in any way be jeopardized because of such dispute. Any application for payment of additional reimbursement, as such term is used in 8 CSR 50-2.030, as amended, shall be filed not later than:

(1) Two years from the date the first notice of dispute of the medical charge was received by the health care provider if such services were rendered before July 1, 2013; and

(2) One year from the date the first notice of dispute of the medical charge was received by the health care provider if such services were rendered after July 1, 2013.

Notice shall be presumed to occur no later than five business days after transmission by certified United States mail. **For the purposes of this section, the phrase "notice of dispute" shall include, but not be limited to, an explanation of benefits delivered with final payment of the medical fee or charge that evidences that the payment is considered to be the full payment of the fee or charge.**

5. No compensation shall be payable for the death or disability of an employee, if and insofar as the death or disability may be caused, continued or aggravated by any unreasonable refusal to submit to any medical or surgical treatment or operation, the risk of which is, in the opinion of the division or the commission, inconsiderable in view of the seriousness of the injury. If the employee dies as a result of an operation made necessary by the injury, the death shall be deemed to be caused by the injury.

6. The testimony of any physician or chiropractic physician who treated the employee shall be admissible in evidence in any proceedings for compensation under this chapter, subject to all of the provisions of section 287.210.

7. Every hospital or other person furnishing the employee with medical aid shall permit its record to be copied by and shall furnish full information to the division or the commission, the employer, the employee or his dependents and any other party to any proceedings for compensation under this chapter, and certified copies of the records shall be admissible in evidence in any such proceedings.

8. The employer may be required by the division or the commission to furnish an injured employee with artificial legs, arms, hands, surgical orthopedic joints, or eyes, or braces, as needed, for life whenever the division or the commission shall find that the injured employee may be partially or wholly relieved of the effects of a permanent injury by the use thereof. The director of the division shall establish a procedure whereby a claim for compensation may be reactivated after settlement of such claim is completed. The claim shall be reactivated only after the claimant can show good cause for the reactivation of this claim and the claim shall be made only for the payment of medical procedures involving life-threatening surgical procedures or if the claimant requires the use of a new, or the modification, alteration or exchange of an

existing, prosthetic device. For the purpose of this subsection, “life threatening” shall mean a situation or condition which, if not treated immediately, will likely result in the death of the injured worker.

9. Nothing in this chapter shall prevent an employee being provided treatment for his injuries by prayer or spiritual means if the employer does not object to the treatment.

10. The employer shall have the right to select the licensed treating physician, surgeon, chiropractic physician, or other health care provider; provided, however, that such physicians, surgeons or other health care providers shall offer only those services authorized within the scope of their licenses. For the purpose of this subsection, subsection 2 of section 287.030 shall not apply.

11. Any physician or other health care provider who orders, directs or refers a patient for treatment, testing, therapy or rehabilitation at any institution or facility shall, at or prior to the time of the referral, disclose in writing if such health care provider, any of his partners or his employer has a financial interest in the institution or facility to which the patient is being referred, to the following:

(1) The patient;

(2) The employer of the patient with workers’ compensation liability for the injury or disease being treated;

(3) The workers’ compensation insurer of such employer; and

(4) The workers’ compensation adjusting company for such insurer.

12. Violation of subsection 11 of this section is a class A misdemeanor.

13. (1) No hospital, physician or other health care provider, other than a hospital, physician or health care provider selected by the employee at his own expense pursuant to subsection 1 of this section, shall bill or attempt to collect any fee or any portion of a fee for services rendered to an employee due to a work-related injury or report to any credit reporting agency any failure of the employee to make such payment, when an injury covered by this chapter has occurred and such hospital, physician or health care provider has received actual notice given in writing by the employee, the employer or the employer’s insurer. Actual notice shall be deemed received by the hospital, physician or health care provider five days after mailing by certified mail by the employer or insurer to the hospital, physician or health care provider.

(2) The notice shall include:

(a) The name of the employer;

(b) The name of the insurer, if known;

(c) The name of the employee receiving the services;

(d) The general nature of the injury, if known; and

(e) Where a claim has been filed, the claim number, if known.

(3) When an injury is found to be noncompensable under this chapter, the hospital, physician or other health care provider shall be entitled to pursue the employee for any unpaid portion of the fee or other charges for authorized services provided to the employee. Any applicable statute of limitations for an action for such fees or other charges shall be tolled from the time notice is given to the division by a hospital, physician or other health care provider pursuant to subdivision (6) of this subsection, until a determination

of noncompensability in regard to the injury which is the basis of such services is made, or in the event there is an appeal to the labor and industrial relations commission, until a decision is rendered by that commission.

(4) If a hospital, physician or other health care provider or a debt collector on behalf of such hospital, physician or other health care provider pursues any action to collect from an employee after such notice is properly given, the employee shall have a cause of action against the hospital, physician or other health care provider for actual damages sustained plus up to one thousand dollars in additional damages, costs and reasonable attorney's fees.

(5) If an employer or insurer fails to make payment for authorized services provided to the employee by a hospital, physician or other health care provider pursuant to this chapter, the hospital, physician or other health care provider may proceed pursuant to subsection 4 of this section with a dispute against the employer or insurer for any fees or other charges for services provided.

(6) A hospital, physician or other health care provider whose services have been authorized in advance by the employer or insurer may give notice to the division of any claim for fees or other charges for services provided for a work-related injury that is covered by this chapter, with copies of the notice to the employee, employer and the employer's insurer. Where such notice has been filed, the administrative law judge may order direct payment from the proceeds of any settlement or award to the hospital, physician or other health care provider for such fees as are determined by the division. The notice shall be on a form prescribed by the division.

14. The employer may allow or require an employee to use any of the employee's accumulated paid leave, personal leave, or medical or sick leave to attend to medical treatment, physical rehabilitation, or medical evaluations during work time. The intent of this subsection is to specifically supercede and abrogate any case law that contradicts the express language of this section.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

“287.040. 1. Any person who has work done under contract on or about his premises which is an operation of the usual business which he there carries on shall be deemed an employer and shall be liable under this chapter to such contractor, his subcontractors, and their employees, when injured or killed on or about the premises of the employer while doing work which is in the usual course of his business.

2. The provisions of this section shall not apply to the owner of premises upon which improvements are being erected, demolished, altered or repaired by an independent contractor but such independent contractor shall be deemed to be the employer of the employees of his subcontractors and their subcontractors when employed on or about the premises where the principal contractor is doing work.

3. In all cases mentioned in the preceding subsections, the immediate contractor or subcontractor shall

be liable as an employer of the employees of his subcontractors. All persons so liable may be made parties to the proceedings on the application of any party. The liability of the immediate employer shall be primary, and that of the others secondary in their order, and any compensation paid by those secondarily liable may be recovered from those primarily liable, with attorney's fees and expenses of the suit. Such recovery may be had on motion in the original proceedings. No such employer shall be liable as in this section provided, if the employee was insured by his immediate or any intermediate employer.

4. The provisions of this section shall not apply to:

(1) The relationship between a for-hire motor carrier operating within a commercial zone as defined in section 390.020 or 390.041 or operating under a certificate issued by the Missouri department of transportation or by the United States Department of Transportation, or any of its subagencies, and an owner, as defined in subdivision (43) of section 301.010, and operator of a motor vehicle; **or**

"loss benefits under subsection 11 of section 287.220.

287.957. The experience rating plan shall contain reasonable eligibility standards, provide adequate incentives for loss prevention, and shall provide for sufficient premium differentials so as to encourage safety. The uniform experience rating plan shall be the exclusive means of providing prospective premium adjustment based upon measurement of the loss-producing characteristics of an individual insured. An insurer may submit a rating plan or plans providing for retrospective premium adjustments based upon an insured's past experience. Such system shall provide for retrospective adjustment of an experience modification and premiums paid pursuant to such experience modification where a prior reserved claim produced an experience modification that varied by greater than fifty percent from the experience modification that would have been established based on the settlement amount of that claim. The rating plan shall prohibit an adjustment to the experience modification of an employer if the total medical cost does not exceed [one thousand dollars] **twenty percent of the current split point of primary and excess losses under the uniform experience rating plan**, and the employer pays all of the total medical costs and there is no lost time from the employment, other than the first three days or less of disability under subsection 1 of section 287.160, and no claim is filed. An employer opting to utilize this provision maintains an obligation to report the injury under subsection 1 of section 287.380.

287.975. 1. The advisory organization shall file with the director every pure premium rate, every manual of rating rules, every rating schedule and every change or amendment, or modification of any of the foregoing, proposed for use in this state no more than thirty days after it is distributed to members, subscribers or others.

2. The advisory organization which makes a uniform classification system for use in setting rates in this state shall collect data for two years after January 1, 1994, on the payroll differential between employers

within the construction group of code classifications, including, but not limited to, payroll costs of the employer and number of hours worked by all employees of the employer engaged in construction work. Such data shall be transferred to the department of insurance, financial institutions and professional registration in a form prescribed by the director of the department of insurance, financial institutions and professional registration, and the department shall compile the data and develop a formula to equalize premium rates for employers within the construction group of code classifications based on such payroll differential within three years after the data is submitted by the advisory organization.

3. The formula to equalize premium rates for employers within the construction group of code classifications established under subsection 2 of this section shall be the formula in effect on January 1, 1999. This subsection shall become effective on January 1, 2014.

**4. For the purposes of calculating the premium credit under the Missouri contracting classification premium adjustment program, an employer within the construction group of code classifications may submit to the advisory organization the required payroll record information for the first, second, third, or fourth calendar quarter of the year prior to the workers' compensation policy beginning or renewal date, provided that the employer clearly indicates for which quarter the payroll information is being submitted.”; and”; and**

Amend Senate Committee Substitute for Senate Bill No. 526, Page 1, in the Title, Line 3, by deleting all of said line and inserting in lieu thereof “workers’ compensation.”; and

Further amend said bill and page, Section A, Line 2, by inserting the following after all of said line:

“287.120. 1. Every employer subject to the provisions of this chapter shall be liable, irrespective of negligence, to furnish compensation under the provisions of this chapter for personal injury or death of the employee by accident or occupational disease arising out of and in the course of the employee’s employment. Any employee of such employer shall not be liable for any injury or death for which compensation is recoverable under this chapter and every employer and employees of such employer shall be released from all other liability whatsoever, whether to the employee or any other person, except that an employee shall not be released from liability for injury or death if the employee engaged in an affirmative negligent act that purposefully and dangerously caused or increased the risk of injury. The term “accident” as used in this section shall include, but not be limited to, injury or death of the employee caused by the unprovoked violence or assault against the employee by any person.

2. The rights and remedies herein granted to an employee shall exclude all other rights and remedies of the employee, his wife, her husband, parents, personal representatives, dependents, heirs or next kin, at common law or otherwise, on account of such injury or death by accident or occupational disease, except such rights and remedies as are not provided for by this chapter.

3. No compensation shall be allowed under this chapter for the injury or death due to the employee’s intentional self-inflicted injury, but the burden of proof of intentional self-inflicted injury shall be on the employer or the person contesting the claim for allowance.

4. Where the injury is caused by the failure of the employer to comply with any statute in this state or any lawful order of the division or the commission, the compensation and death benefit provided for under this chapter shall be increased [fifteen] **twenty-five** percent.

5. Where the injury is caused by the failure of the employee to use safety devices where provided by the employer, or from the employee’s failure to obey any reasonable rule adopted by the employer for the safety of employees, the compensation and death benefit provided for herein shall be reduced [at least twenty-five but not more than fifty] **twenty-five** percent; provided, that it is shown that the employee had actual knowledge of the rule so adopted by the employer; and provided, further, that the employer had, prior to the injury, made a reasonable effort to cause his or her employees to use the safety device or devices and to obey or follow the rule so adopted for the safety of the employees.

6. (1) Where the employee fails to obey any rule or policy adopted by the employer relating to a drug-free workplace or the use of alcohol or nonprescribed controlled drugs in the workplace, the compensation and death benefit provided for herein shall be reduced fifty percent if the injury was sustained in conjunction with the use of alcohol or nonprescribed controlled drugs.

(2) If, however, the use of alcohol or nonprescribed controlled drugs in violation of the employer’s rule or policy is the proximate cause of the injury, then the benefits or compensation otherwise payable under this chapter for death or disability shall be forfeited.

(3) The voluntary use of alcohol to the percentage of blood alcohol sufficient under Missouri law to constitute legal intoxication shall give rise to a rebuttable presumption that the voluntary use of alcohol under such circumstances was the proximate cause of the injury. A preponderance of the evidence standard shall apply to rebut such presumption. An employee’s refusal to take a test for alcohol or a nonprescribed controlled substance, as defined by section 195.010, at the request of the employer shall result in the forfeiture of benefits under this chapter if the employer had sufficient cause to suspect use of alcohol or a

nonprescribed controlled substance by the claimant or if the employer's policy clearly authorizes post-injury testing.

7. Where the employee's participation in a recreational activity or program is the prevailing cause of the injury, benefits or compensation otherwise payable under this chapter for death or disability shall be forfeited regardless that the employer may have promoted, sponsored or supported the recreational activity or program, expressly or impliedly, in whole or in part. The forfeiture of benefits or compensation shall not apply when:

(1) The employee was directly ordered by the employer to participate in such recreational activity or program;

(2) The employee was paid wages or travel expenses while participating in such recreational activity or program; or

(3) The injury from such recreational activity or program occurs on the employer's premises due to an unsafe condition and the employer had actual knowledge of the employee's participation in the recreational activity or program and of the unsafe condition of the premises and failed to either curtail the recreational activity or program or cure the unsafe condition.

8. Mental injury resulting from work-related stress does not arise out of and in the course of the employment, unless it is demonstrated that the stress is work related and was extraordinary and unusual. The amount of work stress shall be measured by objective standards and actual events.

9. A mental injury is not considered to arise out of and in the course of the employment if it resulted from any disciplinary action, work evaluation, job transfer, layoff, demotion, termination or any similar action taken in good faith by the employer.

10. The ability of a firefighter to receive benefits for psychological stress under section 287.067 shall not be diminished by the provisions of subsections 8 and 9 of this section.”; and

(2) Qualified real estate agents and direct sellers as those terms are defined in Section 3508 of Title 26 United States Code;

(3) Employment where the person employed is an inmate confined in a state prison, penitentiary or county or municipal jail, or a patient or resident in a state mental health facility, and the labor or services of such inmate, patient, or resident are exclusively on behalf of the state, county or municipality having custody of said inmate, patient, or resident. Nothing in this subdivision is intended to exempt employment where the inmate, patient or resident was hired by a state, county or municipal government agency after direct competition with persons who are not inmates, patients or residents and the compensation for the

position of employment is not contingent upon or affected by the worker's status as an inmate, patient or resident;

(4) Except as provided in section 287.243, volunteers of a tax-exempt organization which operates under the standards of Section 501(c)(3) **or Section 501(c)(19)** of the federal Internal Revenue Code, where such volunteers are not paid wages, but provide services purely on a charitable and voluntary basis;

(5) Persons providing services as adjudicators, sports officials, or contest workers for interscholastic activities programs or similar amateur youth programs who are not otherwise employed by the sponsoring school, association of schools or nonprofit tax-exempt organization sponsoring the amateur youth programs.

2. Any employer exempted from this chapter as to the employer or as to any class of employees of the employer pursuant to the provisions of subdivision (3) of subsection 1 of section 287.030 or pursuant to subsection 1 of this section may elect coverage as to the employer or as to the class of employees of that employer pursuant to this chapter by purchasing and accepting a valid workers' compensation insurance policy or endorsement, or by written notice to the group self-insurer of which the employer is a member. The election shall take effect on the effective date of the workers' compensation insurance policy or endorsement, or by written notice to the group self-insurer of which the employer is a member, and continue while such policy or endorsement remains in effect or until further written notice to the group self-insurer of which the employer is a member. Any such exempt employer or employer with an exempt class of employees may withdraw such election by the cancellation or nonrenewal of the workers' compensation insurance policy or endorsement, or by written notice to the group self-insurer of which the employer is a member. In the event the employer is electing out of coverage as to the employer, the cancellation shall take effect on the later date of the cancellation of the policy or the filing of notice pursuant to subsection 3 of this section.

3. Any insurance company authorized to write insurance under the provisions of this chapter in this state shall file with the division a memorandum on a form prescribed by the division of any workers' compensation policy issued to any employer and of any renewal or cancellation thereof.

4. The mandatory coverage sections of this chapter shall not apply to the employment of any member of a family owning a family farm corporation as defined in section 350.010 or to the employment of any salaried officer of a family farm corporation organized pursuant to the laws of this state, but such family members and officers of such family farm corporations may be covered under a policy of workers' compensation insurance if approved by a resolution of the board of directors. Nothing in this subsection shall be construed to apply to any other type of corporation other than a family farm corporation.

5. A corporation may withdraw from the provisions of this chapter, when there are no more than two owners of the corporation who are also the only employees of the corporation, by filing with the division notice of election to be withdrawn. The election shall take effect and continue from the date of filing with the division by the corporation of the notice of withdrawal from liability under this chapter. Any corporation making such an election may withdraw its election by filing with the division a notice to withdraw the election, which shall take effect thirty days after the date of the filing, or at such later date as may be specified in the notice of withdrawal."; and

“287.037. **1.** Notwithstanding any other provision of law to the contrary, beginning January 1, 1997, those insurance companies providing coverage pursuant to chapter 287, to a limited liability company, as defined in section 347.015, shall provide coverage for the employees of the limited liability company who are not members of the limited liability company. Members of the limited liability company, as defined in section 347.015, shall also be provided coverage pursuant to chapter 287, but such members may individually elect to reject such coverage by providing a written notice of such rejection on a form developed by the department of insurance, financial institutions and professional registration to the limited liability company and its insurer. Failure to provide notice to the limited liability company shall not be grounds for any member to claim that the rejection of such coverage is not legally effective. A member who elects to reject such coverage shall not thereafter be entitled to workers’ compensation benefits under the policy, even if serving or working in the capacity of an employee of the limited liability company, at least until such time as said member provides the limited liability company and its insurer with a written notice which rescinds the prior rejection of such coverage. The written notice which rescinds the prior rejection of such coverage shall be on a form developed by the department of insurance, financial institutions and professional registration. Any rescission shall be prospective in nature and shall entitle the member only to such benefits which accrue on or after the date the notice of rescission form is received by the insurance company.

**2. Notwithstanding any other provision of law to the contrary, beginning January 1, 2015, a shareholder of an S corporation, as defined in subsection 1 of section 143.471, with at least forty percent or greater interest in the S corporation may individually elect to reject coverage under this chapter by providing a written notice of such rejection to the S corporation and its insurer. Failure to provide notice to the S corporation shall not be grounds for any shareholder to claim that the rejection of such coverage is not legally effective. A shareholder who elects to reject such coverage shall not thereafter be entitled to workers’ compensation benefits under the policy, even if serving or working in the capacity of an employee of the S corporation, at least until such time as such shareholder provides the S corporation and its insurer with a written notice which rescinds the prior rejection of such coverage. Any rescission shall be prospective in nature and shall entitle the shareholder only to such benefits which accrue on or after the date the notice of rescission is received by the insurance company.”; and**

(6) The coordinating board for higher education shall require all public two-year and four-year higher education institutions to replicate best practices in remediation identified by the coordinating board and institutions from research undertaken by regional educational laboratories, higher education research organizations, and similar organizations with expertise in the subject, and identify and reduce methods that have been found to be ineffective in preparing or retaining students or that delay students from enrollment in college-level courses;

(7) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(8) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and, with the assistance of the committee on transfer and articulation, shall require all public two-year and four-year higher education institutions to create by July 1, 2014, a statewide core transfer library of at least twenty-five lower division courses across all institutions that are transferable among all public higher education institutions. The coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The coordinating board shall develop a policy to foster reverse transfer for any student who has accumulated enough hours in combination with at least one public higher education institution in Missouri that offers an associate degree and one public four-year higher education institution in the prescribed courses sufficient to meet the public higher education institution's requirements to be awarded an associate degree. The department of elementary and secondary education shall maintain the alignment of the assessments found in section 160.518 and successor assessments with the competencies previously established under this subdivision for entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core;

(9) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state. The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(10) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(11) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where

such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; and

(12) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;
- b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;
- c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
- d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
- e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

- a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and
- b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618. The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. The coordinating board may

charge and collect fees from out-of-state public institutions to cover the costs of reviewing and assuring the quality of programs offered by out-of-state public institutions. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University; the president of State Technical College of Missouri; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174, 175, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, is transferred by type II transfer to the department of higher education.

7. All the powers, duties and functions vested in the division of public schools and state board of education relating to community college state aid and the supervision, formation of districts and all matters otherwise related to the state's relations with community college districts and matters pertaining to community colleges in public school districts, chapters 163, 178, and others, are transferred to the coordinating board for higher education by type I transfer. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a postsecondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.”; and

### HOUSE AMENDMENT NO. 1

Amend Senate Committee Substitute for Senate Bill No. 612, Page 1, in the Title, Line 3, by deleting the words, “nonresident entertainer income taxes” and inserting in lieu thereof the words “taxation”; and

Further amend said bill, Page 5, Section 143.183, Line 142, by inserting immediately after said line the following:

“143.451. 1. Missouri taxable income of a corporation shall include all income derived from sources within this state.

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. However:

(1) Where income results from a transaction partially in this state and partially in another state or states, and income and deductions of the portion in the state cannot be segregated, then such portions of income and deductions shall be allocated in this state and the other state or states as will distribute to this state a portion based upon the portion of the transaction in this state and the portion in such other state or states.

(2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the

amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. “Wholly in this state” if both the seller’s shipping point and the purchaser’s destination point are in this state;

b. “Partly within this state and partly without this state” if the seller’s shipping point is in this state and the purchaser’s destination point is outside this state, or the seller’s shipping point is outside this state and the purchaser’s destination point is in this state;

c. Not “wholly in this state” or not “partly within this state and partly without this state” only if both the seller’s shipping point and the purchaser’s destination point are outside this state.

(d) For purposes of this subdivision:

a. The purchaser’s destination point shall be determined without regard to the FOB point or other conditions of the sale; and

b. The seller’s shipping point is determined without regard to the location of the seller’s principle office or place of business.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. “In this state” if the purchaser’s destination point is in this state;

b. Not “in this state” if the purchaser’s destination point is outside this state;

(d) For purposes of this subdivision, the purchaser’s destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser’s location outside this state;

**(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is “in this state” if the taxpayer’s market for the sales is in this state. The taxpayer’s market for sales is in this state:**

**a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;**

**b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;**

**c. In the case of sale of a service, if and to the extent the benefit of the service is delivered to a purchaser location in this state; and**

**d. In the case of intangible property:**

**(i) That is rented, leased, or licensed, if and to the extent the property is used in this state by the rentee, lessee, or licensee, provided that intangible property utilized in marketing a good or service to a consumer is “used in this state” if that good or service is purchased by a consumer who is in this state. Franchise fees or royalties received for the rent, lease, license, or use of a trade name, trademark, service mark, or franchise system or provides a right to conduct business activity in a specific geographic area are “used in this state” to the extent the franchise location is in this state; and**

**(ii) That is sold, if and to the extent the property is used in this state, provided that:**

**i. A contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is “used in this state” if the geographic area includes all or part of this state;**

**ii. Receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under item (i) of this subparagraph; and**

**iii. All other receipts from a sales of intangible property shall be excluded from the numerator and denominator of the sales factor;**

**(f) If the state or states of assignment under paragraph (e) of this subdivision cannot be determined, the state or states of assignment shall be reasonably approximated;**

**(g) If the state of assignment cannot be determined under paragraph (e) of this subdivision or reasonably approximated under paragraph (f) of this subdivision, such sales shall be excluded from the denominator of the sales factor;**

**(h) The director may prescribe such rules and regulations as necessary or appropriate to carry out the purposes of this section.**

**(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:**

**(a) “Administration services” include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;**

(b) “Affiliate”, the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) “Distribution services” include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) “Investment company”, any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) “Investment funds service corporation” includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) “Management services” include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) “Qualifying sales”, gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, “gross income” is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) “Residence”, presumptively the fund shareholder’s mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual

knowledge that the fund shareholder's primary residence or principal place of business is different than the fund shareholder's mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder's residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation's total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company's fund shareholders resided in this state at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company's fund shareholders everywhere at the beginning of and at the end of the investment company's taxable year that ends with or within the investment funds service corporation's taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in

fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri

taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.”; and

Further amend said bill, Page 5, Section 143.183, Line 142, by inserting immediately after said line the following:

“144.021. **1.** The purpose and intent of sections 144.010 to 144.510 is to impose a tax upon the privilege of engaging in the business, in this state, of selling tangible personal property and those services listed in section 144.020 and for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. Except as otherwise provided, the primary tax burden is placed upon the seller making the taxable sales of property or service and is levied at the rate provided for in section 144.020. Excluding subdivision (9) of subsection 1 of section 144.020 and sections 144.070, 144.440 and 144.450, the extent to which a seller is required to collect the tax from the purchaser of the taxable property or service is governed by section 144.285 and in no way affects sections 144.080 and 144.100, which require all sellers to report to the director of revenue their “gross receipts”, defined herein to mean the aggregate amount of the sales price of all sales at retail, and remit tax at four percent of their gross receipts.

**2. If the amount of taxes due under sections 144.010 to 144.510 is modified by a decision of:**

**(1) The director of revenue;**

**(2) The administrative hearing commission; or**

**(3) A court of competent jurisdiction;**

**which changes which items of tangible personal property or services are taxable, all affected sellers shall be notified by the department of revenue before such modification shall take effect for such sellers. Failure of the department of revenue to notify a seller shall relieve such seller of liability for taxes that would be due under the modification until the seller is notified. The waiver of liability for taxes under this subsection shall only apply to sellers actively selling the type of tangible personal property or service affected by the decision on the date the decision is made or handed down.**

**"32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue under this chapter and chapters 143, 144, and 147, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from July 1, 2014, to September 30, 2014, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before July 1, 2014. The amnesty shall apply only to tax liabilities due or due but unpaid on or before December 31, 2013, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by this state.**

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance by September 30, 2014, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall in good faith comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer is granted amnesty under this section, such taxpayer shall not be eligible to participate in any future amnesty for the same tax.

6. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

7. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

8. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

9. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2014, shall be invalid and void.

10. This section shall become effective on July 1, 2014, and shall expire on December 31, 2022.

11. If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to this end the provisions of this section are

**severable.”; and**

Further amend said bill, Page 5, Section 143.183, Line 142, by inserting after all of said section and line the following:

“Section B. Because immediate action is necessary to secure adequate state revenue, the enactment of section 32.383 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and the enactment of section 32.383 is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 32.383 shall be in full force and effect on July 1, 2014, or upon its passage and approval, whichever occurs later.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

#### HOUSE AMENDMENT NO. 5

Amend Senate Committee Substitute for Senate Bill No. 612, Page 5, Section 143.183, Line 142, by inserting after all of said line the following:

“143.801. 1. A claim for credit or refund of an overpayment of any tax imposed by sections 143.011 to 143.996 shall be filed by the taxpayer within three years from the time the return was filed or two years from the time the tax was paid, whichever of such periods expires the later; or if no return was filed by the taxpayer, within two years from the time the tax was paid. No credit or refund shall be allowed or made after the expiration of the period of limitation prescribed in this subsection for the filing of a claim for credit or refund, unless a claim for credit or refund is filed by the taxpayer within such period.

2. If the claim is filed by the taxpayer during the three-year period prescribed in subsection 1 **of this section**, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within such three-year period, but is filed within the two-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. If no claim is filed, the credit or refund shall not exceed the amount which would be allowable under either of the preceding sentences, as the case may be, if a claim was filed on the date the credit or refund is allowed.

3. If pursuant to subsection 6 of section 143.711 an agreement for an extension of the period for assessment of income taxes is made within the period prescribed in subsection 1 of this section for the filing of a claim for credit or refund, the period for filing a claim for credit or for making a credit or refund if no claim is filed, shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof. The amount of such credit or refund shall not exceed the portion of the tax paid after the execution of the agreement and before the filing of the claim or the making of the credit or refund, as the case may be, plus the portion of the tax paid within the period which would be applicable under subsection 1 of this section if a claim had been filed on the date the agreement was executed.

4. If a taxpayer is required by section 143.601 to report a change or correction in federal taxable income reported on his federal income tax return, or to report a change or correction which is treated in the same manner as if it were an overpayment for federal income tax purposes, an amended return or a claim for credit or refund of any resulting overpayment of tax shall be filed by the taxpayer within one year from the time the notice of such change or correction or such amended return was required to be filed with the

director of revenue. If the report or amended return required by section 143.601 is not filed within the ninety-day period therein specified, interest on any resulting refund or credit shall cease to accrue after such ninetieth day. The amount of such credit or refund shall not exceed the amount of the reduction in tax attributable to:

(1) The issues on which such federal change or correction or the items amended on the taxpayer's amended federal income tax return are based, and

(2) Any change in the amount of [his] **the taxpayer's** federal income tax deduction under the provisions of subsection 1 of section 143.171. No effect shall be given in the preceding sentence to any federal change or correction or to any item on an amended return unless it is timely under the applicable federal period of limitations. The time and amount provisions of this subsection shall be in lieu of any other provisions of this section. This subsection shall not affect the time within which or the amount for which a claim for credit or refund may be filed apart from this subsection.

5. If the claim for credit or refund relates to an overpayment of tax on account of the deductibility by the taxpayer of a debt as a debt which became worthless or a loss from worthlessness of a security or the effect that the deductibility of a debt or of a loss has on the application to the taxpayer of a carryover, the claim may be made, under regulations prescribed by the director of revenue within seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made.

6. If the claim for credit or refund relates to an overpayment attributable to a net operating loss carryback or a capital loss carryback, in lieu of the three-year period of limitations prescribed in subsection 1 of this section, the period shall be that period which ends with the expiration of the fifteenth day of the fortieth month (or the thirty-ninth month, in the case of a corporation) following the end of the taxable year of the net operating loss or net capital loss which results in such carryback, or the period prescribed in subsection 3 of this section in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in subsections 2, 3 and 4 of this section, whichever is applicable, to the extent of the amount of the overpayment attributable to such carryback.

**7. (1) No period of limitations provided in subsections 1 to 6 of this section shall apply if the director of revenue examines or causes to have examined any return filed and retained as provided in section 143.971 and:**

**(a) Such examination is conducted after any period of limitations provided in subsections 1 to 6 of this section has expired;**

**(b) Such examination reveals that the taxpayer is eligible to claim a credit or refund of an overpayment of any tax imposed under this chapter; and**

**(c) A period of limitations provided in subsections 1 to 6 of this section prohibits the taxpayer from claiming such credit or refund.**

**(2) The director shall notify the taxpayer of any overpayment discovered under this subsection and inform the taxpayer of the procedure for filing a claim for a credit or refund of such overpayment. If the taxpayer files a claim for such credit or refund, the claim shall be filed in the manner provided in this chapter and shall be filed within one year from the time the director provided notice to the taxpayer.”; and**

The director may establish more than one period of time and reapportion more than once during each fiscal year. To the maximum extent possible, the director shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year. The director may add to the annual cumulative amount of tax credits in the second and subsequent years of the program a total equal to the cumulative amount by which the current expenditure per average daily attendance for each student in the unaccredited district receiving a scholarship exceeds the cumulative amount of scholarship checks written the previous year.

If remediation does not address the compliance issues identified by the department, the commissioner of education shall conduct a public hearing and thereafter provide notice to the charter sponsor of corrective action that will be recommended to the state board of education. Corrective action by the department may include withholding the sponsor's funding and suspending the sponsor's authority to sponsor a school that it currently sponsors or to sponsor any additional school until the sponsor is reauthorized by the state board of education under section 160.403.

(3) The charter sponsor may, within thirty days of receipt of the notice of the commissioner's recommendation, provide a written statement and other documentation to show cause as to why that action should not be taken. Final determination of corrective action shall be determined by the state board of education based upon a review of the documentation submitted to the department and the charter sponsor.

(4) If the state board removes the authority to sponsor a currently operating charter school under any provision of law, the Missouri charter public school commission shall become the sponsor of the school.

If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding **by the sponsor** that the application meets the requirements of sections 160.400 to 160.425 and section 167.349 and a monitoring plan under which the charter sponsor shall evaluate the academic performance of students enrolled in the charter school. The state board of education [may, within] **has sixty days**[, disapprove the granting of the charter.] **from receipt of the charter application to renew the application. Any charter application received by the state board of education on or before November fifteenth of the year prior to the proposed opening of the charter school shall be considered by the state board of education within the sixty-day period. At the conclusion of the sixty-day period, the charter application shall be deemed approved unless the state board of education [may disapprove a] disapproves the charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.425 and section 167.349 or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor. Any disapproval of a charter application made by the state board of education shall be in writing and shall identify the specific failures of the application to meet the requirements of sections 160.400 to 160.425 and section 167.349, and the written disapproval shall be provided within five business days to the sponsor.**

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, provided that the annual financial report may be published on the department of elementary and secondary education's internet website in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies and comply with all federal audit requirements for charters with local education agency status. For purposes of an audit by petition under section 29.230, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700. A charter school that incurs debt shall include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a high risk or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this subdivision shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter. The performance standards for alternative and special purpose charter schools that target high-risk students as defined in subdivision (5) of subsection 2 of this section shall be based on measures defined in the school's performance contract with its sponsors;

5. (1) Proposed or existing high-risk or alternative charter schools may include alternative arrangements for students to obtain credit for satisfying graduation requirements in the school's charter application and charter. Alternative arrangements may include, but not be limited to, credit for off-campus instruction, embedded credit, work experience through an internship arranged through the school, and independent

studies. When the state board of education approves the charter, any such alternative arrangements shall be approved at such time.

(2) The department of elementary and secondary education shall conduct a study of any charter school granted alternative arrangements for students to obtain credit under this subsection after three years of operation to assess student performance, graduation rates, educational outcomes, and entry into the workforce or higher education.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations during the first year of operation and then every other year after the most recent review or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. Sponsors shall annually review the charter school's compliance with statutory standards including:

(1) Participation in the statewide system of assessments, as designated by the state board of education under section 160.518;

(2) Assurances for the completion and distribution of an annual report card as prescribed in section 160.522;

(3) The collection of baseline data during the first three years of operation to determine the longitudinal success of the charter school;

(4) A method to measure pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and

(5) Publication of each charter school's annual performance report.

8. (1) (a) A sponsor's intervention policies shall give schools clear, adequate, evidence-based, and timely notice of contract violations or performance deficiencies and mandate intervention based upon findings of the state board of education of the following:

a. The charter school provides a high school program which fails to maintain a graduation rate of at least seventy percent in three of the last four school years unless the school has dropout recovery as its mission;

b. The charter school's annual performance report results are below the district's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located in three of the last four school years; and

c. The charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.

(b) A sponsor shall have a policy to revoke a charter during the charter term if there is:

a. Clear evidence of underperformance as [demonstrated in the charter school's annual performance report in three of the last four school years] **determined by the charter school accreditation process outlined in subsection 15 of this section;** or

b. A violation of the law or the public trust that imperils students or public funds.

(c) A sponsor shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status for no more than twelve months, provided that no more than one designation of probationary status shall be allowed for the duration of the charter contract, at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet the performance contract as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of the charter and sections 160.400 to 160.425 and 167.349 within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to an appeal to the state board of education, which shall determine whether the charter shall be revoked.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

9. (1) A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.425 and 167.349. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.425 and 167.349 in a timely manner to its sponsor.

(2) The sponsor's renewal process of the charter school shall be based on the thorough analysis of a comprehensive body of objective evidence and consider if:

(a) The charter school has maintained results on its annual performance report that meet or exceed the district in which the charter school is located based on the performance standards that are applicable to the grade-level configuration of both the charter school and the district in which the charter school is located in three of the last four school years;

(b) The charter school is organizationally and fiscally viable determining at a minimum that the school does not have:

a. A negative balance in its operating funds;

b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or

c. Expenditures that exceed receipts for the most recently completed fiscal year;

(c) The charter is in compliance with its legally binding performance contract and sections 160.400 to 160.425 and section 167.349.

(3) (a) Beginning August first during the year in which a charter is considered for renewal, a charter school sponsor shall demonstrate to the state board of education that the charter school is in compliance with federal and state law as provided in sections 160.400 to 160.425 and section 167.349 and the school's performance contract including but not limited to those requirements specific to academic performance.

(b) Along with data reflecting the academic performance standards indicated in paragraph (a) of this subdivision, the sponsor shall submit a revised charter application to the state board of education for review.

(c) Using the data requested and the revised charter application under paragraphs (a) and (b) of this subdivision, the state board of education shall determine if compliance with all standards enumerated in this subdivision has been achieved. The state board of education at its next regularly scheduled meeting shall vote on the revised charter application.

10. A school district may enter into a lease with a charter school for physical facilities.

A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

12. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756.

13. Any entity, either public or private, operating, administering, or otherwise managing a charter school shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035.

14. The chief financial officer of a charter school shall maintain:

(1) A surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school; or

(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.

**15. (1) The sponsor of each charter school shall adopt a system of classification that accredits charter schools. This system shall be based on the charter school's compliance with terms of the charter school's legally binding performance contract with the sponsor and shall also consider the following:**

**a. The charter school's annual performance report results based on the performance standards that are applicable to the grade level configuration of both the charter school and the district in which the charter school is located;**

**e. The measurement of pupil progress toward the pupil academic standards adopted by the state board of education under section 160.514; and**

**f. If the charter school is identified as a persistently lowest achieving school by the department of elementary and secondary education.**

**(2) The sponsor's system of accreditation shall also consider if the charter school is organizationally and fiscally viable determining at a minimum that the school does not have:**

**a. A negative balance in its operating funds;**

**b. A combined balance of less than three percent of the amount expended for such funds during the previous fiscal year; or**

**c. Expenditures that exceed receipts for the most recently completed fiscal year;**

**(3) The sponsor's system of accreditation shall also consider if the charter school has been placed on probationary status to allow the implementation of a remedial plan.**

**(4) In making accreditation designations, sponsors shall utilize a minimum of three years of performance data.**

**(5) Sponsors shall utilize the accreditation criteria of this subsection in addition to any other applicable requirements of this section when conducting their duties pursuant to subsections 8 and 9 of this section.”; and**

which such school district is located.

**161.086. When the state board of education assigns classification designations to school districts and individual school buildings pursuant to its authority to classify the public schools of the state in section 161.092, the state board shall only use the following classification designations based on the standards adopted by the state board:**

- (1) Unaccredited;**
- (2) Provisionally accredited;**
- (3) Accredited; and**
- (4) Accredited with distinction.”; and**

Further amend said bill, page 20, section 161.096, line 24, by inserting after all of said line the following:

**“161.238. 1. As authorized under its duty to classify the schools of the state under section 161.092, the state board of education shall adopt a system of classification that accredits individual school buildings within a district separately from the district as a whole using the classification designations provided in section 161.086.**

**2. Under this system, the state board of education shall not classify a district as unaccredited unless it has previously classified at least fifty-five percent of the district’s school buildings as unaccredited.**

**3. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.”; and**

Further amend said bill, page 22, section 161.855, line 8, by inserting after all of said line the following:

**“162.081. 1. Whenever any school district in this state fails or refuses in any school year to provide for the minimum school term required by section 163.021 or is classified unaccredited, the state board of education shall, upon a district’s initial classification or reclassification as unaccredited:**

**(1) Review the governance of the district to establish the conditions under which the existing school board shall continue to govern; or**

**(2) Determine the date the district shall lapse and determine an alternative governing structure for the district.**

**2. If at the time any school district in this state shall be classified as unaccredited, the department of elementary and secondary education shall conduct at least two public hearings at a location in the unaccredited school district regarding the accreditation status of the school district. The hearings shall provide an opportunity to convene community resources that may be useful or necessary in supporting the school district as it attempts to return to accredited status, continues under revised governance, or plans for continuity of educational services and resources upon its attachment to a neighboring district. The**

department may request the attendance of stakeholders and district officials to review the district's plan to return to accredited status, if any; offer technical assistance; and facilitate and coordinate community resources. Such hearings shall be conducted at least twice annually for every year in which the district remains unaccredited or provisionally accredited.

3. Upon classification of a district as unaccredited, the state board of education may:

(1) Allow continued governance by the existing school district board of education under terms and conditions established by the state board of education; or

(2) Lapse the corporate organization of the unaccredited district and:

(a) Appoint a special administrative board for the operation of all or part of the district. The number of members of the special administrative board shall not be less than five, the majority of whom shall be residents of the district. The members of the special administrative board shall reflect the population characteristics of the district and shall collectively possess strong experience in school governance, management and finance, and leadership. **The state board of education may appoint members of the district's elected school board to the special administrative board but members of the elected school board shall not comprise more than forty-nine percent of the special administrative board's membership.** Within fourteen days after the appointment by the state board of education, the special administrative board shall organize by the election of a president, vice president, secretary and a treasurer, with their duties and organization as enumerated in section 162.301. The special administrative board shall appoint a superintendent of schools to serve as the chief executive officer of the school district and to have all powers and duties of any other general superintendent of schools in a seven-director school district. Any special administrative board appointed under this section shall be responsible for the operation of the district until such time that the district is classified by the state board of education as provisionally accredited for at least two successive academic years, after which time the state board of education may provide for a transition pursuant to section 162.083; or

(b) Determine an alternative governing structure for the district including, at a minimum:

a. A rationale for the decision to use an alternative form of governance and in the absence of the district's achievement of full accreditation, the state board of education shall review and recertify the alternative form of governance every three years;

b. A method for the residents of the district to provide public comment after a stated period of time or upon achievement of specified academic objectives;

c. Expectations for progress on academic achievement, which shall include an anticipated time line for the district to reach full accreditation; and

d. Annual reports to the general assembly and the governor on the progress towards accreditation of any district that has been declared unaccredited and is placed under an alternative form of governance, including a review of the effectiveness of the alternative governance; or

(c) Attach the territory of the lapsed district to another district or districts for school purposes; or

(d) Establish one or more school districts within the territory of the lapsed district, with a governance structure specified by the state board of education, with the option of permitting a district to remain intact for the purposes of assessing, collecting, and distributing property taxes, to be distributed equitably on a weighted average daily attendance basis, but to be divided for operational purposes, which shall take effect

sixty days after the adjournment of the regular session of the general assembly next following the state board's decision unless a statute or concurrent resolution is enacted to nullify the state board's decision prior to such effective date.

4. If a district remains under continued governance by the school board under subdivision (1) of subsection 3 of this section and either has been unaccredited for three consecutive school years and failed to attain accredited status after the third school year or has been unaccredited for two consecutive school years and the state board of education determines its academic progress is not consistent with attaining accredited status after the third school year, then the state board of education shall proceed under subdivision (2) of subsection 3 of this section in the following school year.

5. A special administrative board appointed under this section shall retain the authority granted to a board of education for the operation of the lapsed school district under the laws of the state in effect at the time of the lapse and may enter into contracts with accredited school districts or other education service providers in order to deliver high-quality educational programs to the residents of the district. If a student graduates while attending a school building in the district that is operated under a contract with an accredited school district as specified under this subsection, the student shall receive his or her diploma from the accredited school district. The authority of the special administrative board shall expire at the end of the third full school year following its appointment, unless extended by the state board of education. If the lapsed district is reassigned, the special administrative board shall provide an accounting of all funds, assets and liabilities of the lapsed district and transfer such funds, assets, and liabilities of the lapsed district as determined by the state board of education. Neither the special administrative board nor its members or employees shall be deemed to be the state or a state agency for any purpose, including section 105.711, et seq. The state of Missouri, its agencies and employees shall be absolutely immune from liability for any and all acts or omissions relating to or in any way involving the lapsed district, the special administrative board, its members or employees. Such immunities, and immunity doctrines as exist or may hereafter exist benefitting boards of education, their members and their employees shall be available to the special administrative board, its members and employees.

6. Neither the special administrative board nor any district or other entity assigned territory, assets or funds from a lapsed district shall be considered a successor entity for the purpose of employment contracts, unemployment compensation payment pursuant to section 288.110, or any other purpose.

7. If additional teachers are needed by a district as a result of increased enrollment due to the annexation of territory of a lapsed or dissolved district, such district shall grant an employment interview to any permanent teacher of the lapsed or dissolved district upon the request of such permanent teacher.

8. In the event that a school district with an enrollment in excess of five thousand pupils lapses, no school district shall have all or any part of such lapsed school district attached without the approval of the board of the receiving school district.

**9. If the state board of education reasonably believes that a school district is unlikely to provide for the minimum school term required by section 163.021 because of financial difficulty, the state board of education may, prior to the start of the school term:**

**(1) Allow continued governance by the existing district school board under terms and conditions established by the state board of education; or**

**(2) Lapse the corporate organization of the district and implement one of the options available under subdivision (2) of subsection 3 of this section.**

**162.432.** Notwithstanding any provision of section 163.011 to the contrary, when a change in a school district's boundary lines occurs because of a boundary line change, annexation, attachment, consolidation, reorganization, or dissolution under sections 162.071, 162.081, 162.171 to 162.201, 162.221, 162.223, 162.431, 162.441, or 162.451, or in the event that a school district assumes any territory from a district that ceases to exist for any reason, the department of elementary and secondary education shall make a proper adjustment to each affected district's local effort, so that each district's local effort figure conforms to the new boundary lines of the district. The department shall compute the local effort figure by applying the calendar year 2004 assessed valuation data to the new land areas resulting from the boundary line change, annexation, attachment, consolidation, reorganization, or dissolution and otherwise follow the procedures described in subdivision (10) of section 163.011.

**162.1303. 1.** The department of elementary and secondary education shall annually calculate a transient student ratio for each public school building and each school district. The department shall publish each district's and each school building's transient student ratio on its website.

**2.** The department shall include, or cause to be included, in each district's school accountability report card the transient student ratio of the district and of each public school building operated by the district.

**3.** The department shall include in each public school building's school accountability report card the transient student ratio for the public school building.

**5.** A transient student ratio shall be calculated as the product of:

**(1)** One hundred; and

**(2)** The quotient of:

**(a)** The sum of the number of resident full-time students and full-time equivalent number of part-time students who enroll in the district after the last Wednesday of September and the number of reentry students and the number of students who withdrew from the district during the school year; and

**(b)** The sum of the number of students who enrolled in the district on or before the last Wednesday in September and the number of students who enrolled in the district after the last Wednesday of September.

**6.** Each school district shall annually report to the department, by a date established by the department, any information and data required to comply with and perform the calculation required by the provisions of this section.

**7.** The statewide assessment scores and all other performance data for any transient student or any student who has not been enrolled in a district-operated school for the previous three full school terms shall be modified in the following manner when calculating the district's performance for purposes of the Missouri school improvement program or any successor assessment program:

**(1)** Any statewide assessment scores and all other performance data for any student who has not been enrolled in a district-operated school for the preceding full school term shall not be used when calculating the district's performance for purposes of the Missouri school improvement program or

**any successor assessment program;**

**(2) The statewide assessment scores and all other performance data for any student who has been enrolled in a district-operated school for the full preceding school term but has not been enrolled in a district-operated school for the full two preceding school terms shall be weighted at thirty percent of the weight assigned to a student who has been enrolled in a district operated school for the full three preceding school terms when calculating the district's performance for purposes of the Missouri school improvement program or any successor assessment program;**

**(3) The assessment data for any student who has been enrolled in a district-operated school for two full preceding school terms but has not been enrolled in a district-operated school for the full three preceding school terms shall be weighted at seventy percent of the weight assigned to a student who has been enrolled in a district-operated school for the full three preceding school terms when calculating the district's performance for purposes of the Missouri school improvement program or any successor assessment program.**

**8. For purposes of this section, the following terms shall mean:**

The district's notice shall include an explanation of the option to transfer students to another accredited school in the district, to another accredited district, or to a private nonsectarian school, and any services students may be entitled to receive. The district's notice shall be written in a clear, concise, and easy to understand manner. The district shall post the notice in a conspicuous and accessible place in each district school. The district shall also send the notice to each political subdivision located within the boundaries of the district.**

**2. The school board of any district that operates an unaccredited school, provisionally accredited school, or school with a three year average annual performance report score consistent with a classification of unaccredited or provisionally accredited shall adopt a policy regarding the availability of home visits by school personnel. Pursuant to such policy, the school shall offer to the parent or guardian of a student enrolled in any such school the opportunity to have at least one annual home visit.**

**3. For purposes of this section, the following terms shall mean:**

**(1) "Private nonsectarian school", a school that is not a part of the public school system of the state of Missouri, that charges tuition for the rendering of elementary and secondary educational services, and that does not have a religious affiliation;**

**(2) "Provisionally accredited school", a school building that is classified as provisionally accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086, 161.092, and 161.238;**

**(3) "Unaccredited school", a school building that is classified as unaccredited by the state board**

**of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086, 161.092, and 161.238.**

163.021. 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033;

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(3) Levies an operating levy for school purposes of not less than one dollar and twenty-five cents after all adjustments and reductions on each one hundred dollars assessed valuation of the district;

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed;

**(5) At any time that it is classified as unaccredited by the state board of education, uses funds derived from the operating levy for school purposes to pay tuition remission for students who attend a nonsectarian private school under section 167.828 of this act.**

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to article X, section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to section 10(c) of article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to article X, section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear

power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to article X, section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-1994, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 6 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.036. 1. In computing the amount of state aid a school district is entitled to receive for the minimum school term only under section 163.031, a school district may use an estimate of the weighted average daily attendance for the current year, or the weighted average daily attendance for the immediately preceding year or the weighted average daily attendance for the second preceding school year, whichever is greater. Beginning with the 2006-07 school year, the summer school attendance included in the average daily attendance as defined in subdivision (2) of section 163.011 shall include only the attendance hours of pupils that attend summer school in the current year. Beginning with the 2004-05 school year, when a district's official calendar for the current year contributes to a more than ten percent reduction in the average daily attendance for kindergarten compared to the immediately preceding year, the payment attributable to kindergarten shall include only the current year kindergarten average daily attendance. Any error made in the apportionment of state aid because of a difference between the actual weighted average daily attendance and the estimated weighted average daily attendance shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating weighted average daily attendance exceeds the amount to which the district was actually entitled by more than five percent, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law, the state

board of education shall make an adjustment for the immediately preceding year for any increase in the actual weighted average daily attendance above the number on which the state aid in section 163.031 was calculated. Said adjustment shall be made in the manner providing for correction of errors under subsection 1 of this section.

3. Any error made in the apportionment of state aid because of a difference between the actual equalized assessed valuation for the current year and the estimated equalized assessed valuation for the current year shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating current equalized assessed valuation exceeds the amount to which the district was actually entitled, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

4. For the purposes of distribution of state school aid pursuant to section 163.031, a school district with ten percent or more of its assessed valuation that is owned by one person or corporation as commercial or personal property who is delinquent in a property tax payment may elect, after receiving notice from the county clerk on or before March fifteenth that more than ten percent of its current taxes due the preceding December thirty-first by a single property owner are delinquent, to use in the local effort calculation of the state aid formula the district's equalized assessed valuation for the preceding year or the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent. To qualify for use of the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent, a district must notify the department of elementary and secondary education on or before April first, except in the year enacted, of the current year amount of delinquent taxes, the assessed valuation of such property for which delinquent taxes are owed and the total assessed valuation of the district for the year in which the taxes were due but not paid. Any district giving such notice to the department of elementary and secondary education shall present verification of the accuracy of such notice obtained from the clerk of the county levying delinquent taxes. When any of the delinquent taxes identified by such notice are paid during a four-year period following the due date, the county clerk shall give notice to the district and the department of elementary and secondary education, and state aid paid to the district shall be reduced by an amount equal to the delinquent taxes received plus interest. The reduction in state aid shall occur over a period not to exceed five years and the interest rate on excess state aid not refunded shall be six percent annually.

5. If a district receives state aid based on equalized assessed valuation as determined by subsection 4 of this section and if prior to such notice the district was paid state aid pursuant to section 163.031, the amount of state aid paid during the year of such notice and the first year following shall equal the sum of state aid paid pursuant to section 163.031 plus the difference between the state aid amount being paid after such notice minus the amount of state aid the district would have received pursuant to section 163.031 before such notice. To be eligible to receive state aid based on this provision the district must levy during the first year following such notice at least the maximum levy permitted school districts by article X, section 11(b) of the Missouri Constitution and have a voluntary rollback of its tax rate which is no greater than one cent per one hundred dollars assessed valuation.

**6. Notwithstanding the provisions of subsection 1 of this section, any district in which the local school board sponsors a charter school as provided in section 160.400 shall only be permitted to use an estimate of the district's weighted average daily attendance for the current year and shall not be permitted to use a weighted average daily attendance count from any preceding year for purposes of**

**determining the amount of state aid to which the district is entitled.**

167.121. 1. If the residence of a pupil is so located that attendance in the district of residence constitutes an unusual or unreasonable transportation hardship because of natural barriers, travel time, or distance, the commissioner of education or his or her designee may assign the pupil to another district. **The commissioner or his or her designee shall, upon proper application by the parent or guardian of the pupil, assign the pupil and any sibling of the pupil to another district if the following conditions are met:**

**(1) The actual driving distance from the student's residence to the attendance center in the district of residence is seventeen miles or more by the shortest route available as determined by the commissioner or his or her designee;**

**(2) The attendance center to which the student would be assigned in the receiving district is at least seven miles closer in actual driving distance by the shortest route available to the student's residence than the current attendance center in the residence district as determined by the commissioner or his or her designee; and**

**(3) The attendance of the student will not cause the classroom in the receiving district to exceed the maximum number of students per class as determined by the receiving district.**

**2. The commissioner of education shall assign pupils in the order in which applications are received, provided the applications are properly completed and the conditions of subsection 1 of this section are met. Once granted, the hardship assignment shall continue until the pupil, and any sibling of the pupil who attends the same attendance center, completes his or her course of study in the receiving district or the parent or guardian withdraws the pupil. If a parent or guardian withdraws a pupil from a hardship assignment, the granting of a subsequent application is discretionary.**

**3. A pupil shall be eligible to apply to the commissioner of education to be assigned to another district under this section if the pupil has been enrolled in and attending a public school in his or her district of residence during the school year prior to the application. A pupil shall be eligible to apply to the commissioner of education to be assigned to another district under this section if the pupil has been enrolled in and attending a public school in a district other than his or her district of residence and paid nonresident tuition for such enrollment during the school year prior to the application. Pupils who reside in the district who become eligible for kindergarten or first grade shall also be eligible to apply to the commissioner of education to be assigned to another district. A pupil who is not currently enrolled in a public school district shall become eligible to apply to the commissioner of education to be assigned to another district after the student has enrolled in and completed a full school year in a public school in his or her district of residence.**

**4. Subject to the provisions of this section, all existing assignments shall be reviewed prior to July 1, 1984, and from time to time thereafter, and may be continued or rescinded. Any assignment granted to a pupil under this section prior to the effective date of this section shall also be applicable to any sibling of the pupil. Such assignment shall remain in effect until the pupil and any sibling of the pupil completes his or her course of study in the receiving district or until the parent or guardian withdraws the pupil and any sibling of the pupil from the assignment. The board of education of the district in which the pupil lives shall pay the tuition of the pupil assigned. The tuition shall [not exceed the pro rata cost of instruction] be the lesser of the student's district of residence's current expenditure per average daily attendance for the previous school year and the receiving district's current expenditure per**

average daily attendance for the previous school year. If there is disagreement as to the tuition amount, the facts shall be submitted to the state board of education and its decision in the matter shall be final. For any pupil that the commissioner assigns to another district who has an individualized education program, the pupil shall be included in the pupil count of the district of residence for purposes of state aid. No district to which a pupil with an individualized education program is assigned shall be included in such district's pupil count for state aid. If there is disagreement as to the tuition amount for any pupil with an individualized education program, the facts shall be submitted to the state board of education and its decision in the matter shall be final.

[2.] 5. (1) For the school year beginning July 1, 2008, and each succeeding school year, a parent or guardian residing in a lapsed public school district or a district that has scored either unaccredited or provisionally accredited, or a combination thereof, on two consecutive annual performance reports may enroll the parent's or guardian's child in the Missouri virtual school created in section 161.670 provided the pupil first enrolls in the school district of residence. The school district of residence shall include the pupil's enrollment in the virtual school created in section 161.670 in determining the district's average daily attendance. Full-time enrollment in the virtual school shall constitute one average daily attendance equivalent in the school district of residence. Average daily attendance for part-time enrollment in the virtual school shall be calculated as a percentage of the total number of virtual courses enrolled in divided by the number of courses required for full-time attendance in the school district of residence.

(2) A pupil's residence, for purposes of this section, means residency established under section 167.020. Except for students residing in a K-8 district attending high school in a district under section 167.131, the board of the home district shall pay to the virtual school the amount required under section 161.670.

(3) Nothing in this section shall require any school district or the state to provide computers, equipment, internet or other access, supplies, materials or funding, except as provided in this section, as may be deemed necessary for a pupil to participate in the virtual school created in section 161.670.

(4) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

167.131. 1. The board of education of each district in this state that does not maintain [an accredited] **a high school** [pursuant to the authority of the state board of education to classify schools as established in section 161.092] **offering work through the twelfth grade** shall pay [the] tuition [of] **as calculated by the receiving district under subsection 2 of this section** and provide transportation consistent with the provisions of section 167.241 for each pupil resident therein **who has completed the work of the highest grade offered in the schools of the district and** who attends [an accredited] **a public high school** in another district of the same or an adjoining county.

2. The rate of tuition to be charged by the district attended and paid by the sending district is the per pupil cost of maintaining the district's grade level grouping which includes the school attended. The cost of maintaining a grade level grouping shall be determined by the board of education of the district but in no case shall it exceed all amounts spent for teachers' wages, incidental purposes, debt service, maintenance and replacements. The term "debt service", as used in this section, means expenditures for the retirement

of bonded indebtedness and expenditures for interest on bonded indebtedness. Per pupil cost of the grade level grouping shall be determined by dividing the cost of maintaining the grade level grouping by the average daily pupil attendance. If there is disagreement as to the amount of tuition to be paid, the facts shall be submitted to the state board of education, and its decision in the matter shall be final. Subject to the limitations of this section, each pupil shall be free to attend the public school of his or her choice.

**167.642. 1. No unaccredited district, no provisionally accredited district, and no district with a three year average annual performance report score consistent with a classification of unaccredited or provisionally accredited shall promote a student from the fifth grade to the sixth grade or from the eighth grade to the ninth grade who has not scored at the proficient level or above on the statewide assessments in the areas of English language arts and mathematics.**

**2. Notwithstanding subsection 1 of this section, the provisions of this section shall not apply to any student with an individualized education program, any student receiving services through a plan prepared under Section 504 of the Rehabilitation Act of 1973, any metropolitan school district or any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county.**

**3. For purposes of this section, the following terms shall mean:**

**(1) “Provisionally accredited district”, a school district classified as provisionally accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092;**

**(2) “Unaccredited district”, a school district classified as unaccredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092.**

**167.685. 1. Any unaccredited district, any provisionally accredited district, any district in which sixty-five percent or more of its schools have been classified as unaccredited by the state board of education, or any district with a three year average annual performance report score consistent with a classification of unaccredited or provisionally accredited shall offer free tutoring and supplemental education services to students who are performing below grade level or identified by the district as struggling, using funds from the school district improvement fund.**

**2. There is hereby created in the state treasury the “School District Improvement Fund”. The fund shall consist of any gifts, bequests or public or private donations to such fund. Any person or entity that makes a gift, bequest, or donation to the fund may specify the district that shall be the recipient of such gift, bequest, or donation.**

**3. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in the fund shall be used solely for the administration of this section.**

**4. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.**

**5. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

**6. For purposes of this section, the following terms shall mean:**

(1) **“Provisionally accredited district”**, a school district classified as provisionally accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092;

(2) **“Unaccredited district”**, a school district classified as unaccredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092.

**167.687. 1.** Any unaccredited district, provisionally accredited district, any district in which sixty-five percent or more of its schools have been classified as unaccredited by the state board of education, or any district with a three year average annual performance report score consistent with a classification of unaccredited or provisionally accredited may perform any or all of the following actions:

(1) Implement a new curriculum, including appropriate professional development, based on scientifically-based research that offers substantial promise of improving educational achievement of low-achieving students;

(2) Retain an outside expert to advise the district or school on its progress toward regaining accreditation;

(3) Enter into a contract with an education management company or education services provider to operate a school or schools within the district that has a demonstrated record of effectiveness;

(4) For any unaccredited school, enter into a collaborative relationship and agreement with an accredited district in which teachers from the unaccredited school may exchange positions with teachers from an accredited school in an accredited district for a period of two school weeks.

**2.** For purposes of this section, the following terms shall mean:

(1) **“Accredited district”**, a school district that is accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092;

(2) **“Accredited school”**, a school building that is accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086, 161.092, and 161.238;

(3) **“Provisionally accredited district”**, a school district classified as provisionally accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092;

(4) **“Provisionally accredited school”**, a school building that is provisionally accredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086, 161.092, and 161.238;

(5) **“Unaccredited district”**, a school district classified as unaccredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086 and 161.092;

(6) **“Unaccredited school”**, a school building that is classified as unaccredited by the state board of education pursuant to the authority of the state board of education to classify schools as established in sections 161.086, 161.092, and 161.238.

**167.730. 1. Beginning July 1, 2015, every public school in the metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, including charter schools, shall incorporate a response-to-intervention tiered approach to reading instruction to focus resources on students who are determined by their school to need additional or changed instruction to make progress as readers. At a minimum, the reading levels of students in kindergarten through tenth grade shall be assessed at the beginning and middle of the school year, and students who score below district benchmarks shall be provided with intensive, systematic reading instruction.**

**2. Beginning January 1, 2015, and every January first thereafter, every public school in the metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, including charter schools, shall prepare a personalized learning plan for any kindergarten or first grade student whose most recent school-wide reading assessment result shows the student is working below grade level unless the student has been determined by other means in the current school year to be working at grade level or above. The provisions of this section shall not apply to students otherwise served under an individualized education program, to students receiving services through a plan prepared under Section 504 of the Rehabilitation Act of 1973 that includes an element addressing reading below grade level, or to students determined to have limited English proficiency.**

**3. For any student in a metropolitan school district or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county that is required by this section to have a personalized learning plan, the student's main teacher shall consult with the student's parent or guardian during the preparation of the plan and shall consult, as appropriate, any district personnel or department of elementary and secondary education personnel with necessary expertise to develop such a plan. The school shall require the written consent of the parent or guardian to implement the plan; however, if the school is unsuccessful in contacting the parent or guardian by January fifteenth, the school may send a letter by certified mail to the student's last known address stating its intention to implement the plan by February first.**

**4. After implementing the personalized learning plan through the end of the student's first grade year, the school shall refer any student who still performs below grade level for assessment to determine if an individualized education program is necessary for the student. A student who is assessed as not needing an individualized education program but who is reading below grade level at the end of the first grade shall continue to be required to have a personalized learning plan until the student is reading at grade level.**

**5. Notwithstanding any provision of law to the contrary, any student in a metropolitan or in any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county who is not reading at second-grade level by the end of second grade may be promoted to the third grade only under one of the following circumstances:**

**(1) The school provides additional reading instruction during the summer and demonstrates the student is ready for third grade at the end of the summer school;**

**(2) The school provides a combined classroom in which the student continues with the same teacher, sometimes referred to as "looping". If the student in such a classroom is not reading at third-grade level by the end of third grade, the student shall be retained in third grade; or**

(3) The student's parents or guardians have signed a notice that they prefer to have their student promoted although the student is reading below grade level. The school shall have the final determination on the issue of retention.

6. The metropolitan school district, any urban school district containing most or all of a home rule city with more than four hundred thousand inhabitants and located in more than one county, and each charter school located in them shall provide in its annual report card under section 160.522 the numbers and percentages by grade from first grade to tenth grade in each school of any students at any grade level who have been promoted who have been determined as reading below grade level, except that no reporting shall permit the identification of an individual student.

167.825. 1. Any student who is enrolled in and attends a public school that is classified as unaccredited by the state board of education under the system of classification enacted under section 161.238 may transfer to another public school in the student's district of residence that offers the student's grade level of enrollment and that is accredited without provisions by the state board of education. However, no such transfer shall result in a class size and assigned enrollment in a receiving school that exceeds the standard level for class size and assigned enrollment as promulgated in the Missouri school improvement program's resource standards.

2. If the student chooses to attend a magnet school, an academically selective school, or a school with a competitive entrance process within his or her district of residence that has admissions requirements criteria, the student shall meet such admissions requirements criteria in order to attend.

3. Each district shall adopt a policy to grant priority to the lowest achieving students from low-income families if its capacity is insufficient to enroll all pupils who seek to attend.

167.826. 1. If a student residing in an unaccredited district and living within the attendance boundaries of an unaccredited school is unable to transfer to another accredited school within his or her district of residence under section 167.825, the student may transfer to an accredited school within an accredited district located in the same or an adjoining county or may enroll in a nonsectarian private school as provided in section 167.828. The student's district of residence shall pay the student's tuition as established in subsection 3 of this section, or, if applicable, subsection 4 of this section shall apply. If a student enrolls in a nonsectarian private school, the student's district of residence shall pay the student's tuition as provided in section 167.828. A student who wishes to transfer to an accredited district or to a nonsectarian private school shall provide proof that he or she resided in an unaccredited district and within the attendance boundaries of an unaccredited school for a minimum of twelve months prior to applying for a transfer.

2. No provisionally accredited district or provisionally accredited school shall be eligible to receive transfer students. No unaccredited district or unaccredited school shall be eligible to receive transfer students. No district or school with a current year score of seventy-five or lower on its annual performance report under the Missouri school improvement program shall be eligible to receive any transfer students, irrespective of its state board of education accreditation classification, except that any student who was granted a transfer prior to the effective date of this section, to such a district or school may remain enrolled in that district or school.

3. The rate of tuition to be charged by the district attended and paid by the sending district is the per pupil cost of maintaining the district's grade level grouping which includes the school attended. The cost of maintaining a grade level grouping shall be determined by the board of education of the

district but in no case shall it exceed all amounts spent for teachers' wages, incidental purposes, debt service, maintenance, and replacements. The term "debt service", as used in this section, means expenditures for the retirement of bonded indebtedness and expenditures for interest on bonded indebtedness. Per pupil cost of the grade level grouping shall be determined by dividing the cost of maintaining the grade level grouping by the average daily pupil attendance. If there is disagreement as to the amount of tuition to be paid, the facts shall be submitted to the state board of education, and its decision in the matter shall be final. The school board of a receiving district, upon a majority vote of the board, may choose to charge a rate of tuition less than the amount that would otherwise be calculated under this subsection. If any receiving district chooses to charge a rate of tuition that is at least thirty percent less than the rate of tuition that would otherwise be calculated under this subsection, then the statewide assessment scores and all other performance data for those students whom the district received shall not be used for five school years when calculating the performance of the receiving district for purposes of the Missouri school improvement program.

4. If the school board of a receiving district, upon a majority vote of the board, chooses to charge a rate of tuition that is less than ninety percent of the rate that would otherwise be calculated under subsection 3 of this section, ten percent of the receiving district's tuition rate shall be paid from the supplemental tuition fund. There is hereby created in the state treasury the "Supplemental Tuition Fund". The fund shall consist of any moneys appropriated annually by the general assembly from general revenue to such fund, any moneys paid into the state treasury and required by law to be credited to such fund and any gifts, bequests or public or private donations to such fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

5. Each district shall have the right to establish and adopt, by objective means, a policy for desirable class size and student-teacher ratios. If a district adopts such a policy, it shall not be required to accept any transfer students under this section that would violate its class size or student-teacher ratio. If a student seeking to transfer is denied admission to a district based on a lack of space under the district's policy, the student or the student's parent or guardian may appeal the ruling to the state board of education if he or she believes the district's policy is unduly restrictive to student transfers. The state board of education shall review the appropriateness of the district's policy and shall give special consideration to any district with a greater than average population of students that qualify for free and reduced lunch. If the state board of education finds that the district's policy is unduly restrictive to student transfers, it may limit the district's policy. The state board of education's decision shall be final.

The authority shall then grant transfer requests in the order in which they were received. If insufficient enrollment slots are available for a student to be able to transfer, that student shall receive first priority the following school year. Each education authority shall adopt a policy giving enrollment preference to the lowest achieving students if sufficient enrollment slots are not available to enroll all students who apply, while following the order of priority of this subsection. Further amend said bill, Page 2, Section 197.168, Line 9, by inserting after all of said section and line the following:

**3.** Coverage for an unborn child enrolled in the show-me healthy babies program shall include all prenatal care and pregnancy-related services that benefit the health of the unborn child and that promote healthy labor, delivery, and birth. Coverage need not include services that are solely for the benefit of the pregnant mother, that are unrelated to maintaining or promoting a healthy pregnancy, and that provide no benefit to the unborn child. However, the department may include pregnancy-related assistance as defined in 42 U.S.C. 1397ll.

**4.** There shall be no waiting period before an unborn child may be enrolled in the show-me healthy babies program. 6. Pregnancy-related and postpartum coverage for the mother shall begin on the day the pregnancy ends and extend through the last day of the month that includes the sixtieth day after the pregnancy ends, unless otherwise prohibited by law or unless otherwise limited by the general assembly through appropriations. The department may include pregnancy-related assistance as defined in 42 U.S.C. 1397II.

7. The department shall provide coverage for an unborn child enrolled in the show-me healthy babies program in the same manner in which the department provides coverage for the children's health insurance program (CHIP) in the county of the primary residence of the mother.

10. The analysis and projection of cost savings and benefits, if any, may include but need not be limited to:

(3) The change in the proportion of unborn children who receive care in the first trimester of pregnancy due to a lack of waiting periods, by allowing presumptive eligibility, or by removal of other barriers, and any resulting or projected decrease in health problems and other problems for unborn children and women throughout pregnancy; at labor, delivery, and birth; and during infancy and childhood;

(4) The change in healthy behaviors by pregnant women, such as the cessation of the use of tobacco, alcohol, illicit drugs, or other harmful practices, and any resulting or projected short-term and long-term decrease in birth defects; poor motor skills; vision, speech, and hearing problems; breathing and respiratory problems; feeding and digestive problems; and other physical, mental,

educational, and behavioral problems; and

**(5) The change in infant and maternal mortality, pre-term births and low birth weight babies and any resulting or projected decrease in short-term and long-term medical and other interventions.**

**11. The show-me healthy babies program shall not be deemed an entitlement program, but instead shall be subject to a federal allotment or other federal appropriations and matching state appropriations.**

**12. Nothing in this section shall be construed as obligating the state to continue the show-me healthy babies program if the allotment or payments from the federal government end or are not sufficient for the program to operate, or if the general assembly does not appropriate funds for the program.**

**13. Nothing in this section shall be construed as expanding MO HealthNet or fulfilling a mandate imposed by the federal government on the state.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. (3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036.

A county or municipality in this state that includes a medically underserved area may establish a medical clinic in the medically underserved area by contributing start-up money for the medical clinic and having such contribution matched wholly or partly by grant moneys from the medical clinics in medically underserved areas fund established in subsection 3 of this section. The department shall seek all available moneys from any source whatsoever, including, but not limited to, moneys from the Missouri Foundation for Health to assist in funding the program.

(2) A participating county or municipality that includes a medically underserved area may provide start-up money for a medical clinic over a two-year period. The department shall not provide more than one hundred thousand dollars to such county or municipality in a fiscal year unless the department makes a specific finding of need in the medically underserved area.

(3) All specialty or board certifications of the supervising physician;

(4) The manner of supervision between the supervising physician and the physician assistant, including how the supervising physician and the physician assistant shall:

A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by the hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. # Journal of the Senate

SECOND REGULAR SESSION

---

**SIXTY-SECOND DAY—MONDAY, MAY 5, 2014**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Keep your heart with all diligence, for out of it are the issues of life.” (Proverbs 4:23)

Gracious God, it is a beautiful day that You have given to us to enjoy and have brought us safely here to do our work. Help us to keep our hearts in line with You, so our decisions and convictions are held fast in keeping with Your will for us. At this time of our session our lives; our soul; and our conscience are under fire by those who would have us hesitate in what we know is true and in keeping with Your teachings. So we pray, bless and guide us this week that amid all the pressures to get things done we remain faithful. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

**MESSAGES FROM THE GOVERNOR**

The following message was received from the Governor, reading of which was waived:

GOVERNOR OF MISSOURI  
JEFFERSON CITY  
65102

May 1, 2014

TO THE SECRETARY OF THE SENATE  
97<sup>th</sup> GENERAL ASSEMBLY  
SECOND REGULAR SESSION  
STATE OF MISSOURI

Herewith I return to you Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 entitled:

AN ACT

To repeal sections 143.011, 143.021, and 143.151, RSMo, and to enact in lieu thereof four new sections relating to income taxes.

I disapprove of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496. My reasons for disapproval are as follows:

Much like last year's Senate Substitute for House Bill No. 253 (2013), Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 is an ill-conceived, fiscally irresponsible experiment. This unaffordable, unfair and potentially dangerous legislation will irreparably harm public education and the vital public services upon which Missourians rely, undermine our state's long-term fiscal health, and provide extraordinary benefits to the few with little for the many. For these reasons and to protect the long-term economic prosperity of our state, Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 cannot receive my approval.

**I. Senate Bill 509 Is Unaffordable**

Although the true fiscal impact of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 could be far greater, even the legislature's estimated \$620 million annual general revenue reduction would dramatically undercut the state's ability to meet its obligations to support K-12 schools, higher education, and vital public services. As I said last year in my veto of Senate Substitute for House Bill No. 253 (2013):

Although Missourians expect to have low and predictable taxes, they also want good jobs, quality schools, and safe and healthy communities, and they are not willing to gamble these priorities on unproven experiments. With our taxes already among the lowest in the nation, the additional reductions called for by [the legislation] would leave a gaping budget hole for decades to come, requiring cuts of such magnitude that meeting even our basic obligations for K-12 education, for our colleges and universities, for public safety and for other vital services would be out of reach.

It is troubling that proponents have portrayed Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 as a way to grow our economy when it would undermine the foundation of our long-term economic growth—public education. The obligation to support public schools has long been part of our shared values as Missourians.<sup>1</sup> Our fiscal discipline and growing economy have put us within striking distance of meeting the legal obligation to fund schools embodied by the school foundation formula. However, by permanently and fundamentally altering the tax code, Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 would reduce the revenue available to meet this legal obligation and leave our schools unable to provide the skilled, educated workforce necessary for the long-term growth of our economy.

**a. Delaying the Tax Cuts Fails to Protect Education and Vital Public Services**

Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 superficially attempts to protect education and vital public services from drastic cuts by delaying the proposed tax cuts until 2017. Although such a delay would clearly shield many of the lawmakers who voted for the bill from ever having to put together a budget based upon it, the delay does nothing but postpone the difficult fiscal choices that will have to be made if this bill becomes law. Moreover, a two-year delay before the tax cuts take effect contradicts the economic argument advanced by proponents that immediate tax relief is needed in order to stimulate economic growth. It is difficult to see how a tax cut of \$32 for the average Missouri family in the year 2022 would provide the immediate economic shot of adrenaline supporters have made this bill out to be. Even if postponing the revenue reductions resulting from the legislation would enable the foundation formula to be fully-funded at least once before revenues begin to erode, a single year of full funding does not meet our legal obligation to schools. This obligation must be sustained year after year to ensure an education system capable of producing the workforce necessary for the jobs of today and the jobs of tomorrow. Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 jeopardizes our ability

---

<sup>1</sup> Missouri's Territorial Charter of 1812 provided "Knowledge, being necessary to good government and the happiness of mankind, schools and the means of public education shall be encouraged and provided for." *Territorial Laws of Missouri*, vol. I, ch. IV, sec. 14 (page 13) (approved June 4, 1812). Similarly, Missouri's Constitution provides: "A general diffusion of knowledge and intelligence being essential to the preservation of the rights and liberties of the people, the general assembly shall establish and maintain free public schools in this state within ages not excess of twenty-one years as prescribed by law." Mo. Const. Art. IX.

to live up to this obligation, whether the bill's impacts begin tomorrow or a decade from now.

**b. The Revenue Triggers Fail to Protect Education and Vital Public Services**

Some have relied on the so-called revenue “triggers” in the legislation that must occur before tax reductions take effect in order to claim that their vote in favor of this measure is not a vote against public education. However, as I pointed out last year in my veto of Senate Substitute for House Bill No. 253 (2013), such revenue triggers fail to protect against cuts to education and vital public services because they allow for permanent changes in the tax code based on a single year's increase in revenue collections. In addition, the triggers are drafted so as to allow a reduction in taxes even during the depths of an economic recession. For example, if Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 had been in effect at the time, the more than \$150 million revenue collection increase in Fiscal Year 2008 would have triggered a tax rate reduction in 2009, despite the fact that there was a \$553 million reduction in revenue during Fiscal Year 2009 due to the economic recession that had begun in December 2007. Had this bill been in effect, steep cuts to education and vital public services would have been unavoidable, as the tax cuts would have continued reducing revenue regardless of objective economic conditions and the resulting decline in revenue collections.

Moreover, the revenue triggers in the legislation only apply until the tax cuts are fully phased-in. After that time, under the legislature's own estimates, there would be at least \$620 million less in general revenue available each and every year, regardless of whether revenue collections are going up or down. In addition, the legislation's annual cost would continue to grow above the legislature's \$620 million annual estimate because the income bracket adjustments in the bill for increases in the consumer price index would continue indefinitely. *See* Section 143.011.3. This provision alone would result in an additional \$128 million in annual revenue reductions ten years after the legislation is fully phased-in, increasing each year into perpetuity.

**II. Senate Bill 509 Is Unfair**

Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 provides extraordinarily generous benefits to the wealthy while providing little to working Missourians. Much of this inequity is due to the business income exemption, which as in last year's Senate Substitute for House Bill No. 253 (2013), gives disproportionate tax benefits to select business owners without any requirement that they create jobs and no proof that they would.

**a. The Business Income Exemption Is Poor Tax Policy**

Many have recognized that the business income exemption in Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 is poor tax policy.<sup>2</sup> It would provide a strong incentive to game the tax code through creative accounting, even to the point of forming a “business” simply to gain this generous new tax benefit. A special carve-out like this rewards tax avoidance without concomitant economic activity and makes our tax code less efficient without any empirical evidence that it would improve our economy. In addition, creating a new loophole for select businesses violates the well-established principle of sound tax policy to ensure a broad tax base so that the overall tax burden remains low. Like the state's costly and inefficient tax credit programs, this new exemption narrows the tax base, thereby shifting a greater tax burden to the majority of taxpayers unable to utilize such loopholes.

**b. The Business Income Exemption Treats Certain Businesses Better than Others**

The business income exemption also provides preferential treatment for a select group of businesses, while discriminating against many others based solely on the paperwork the business filed to organize. Under this provision, businesses organized as “pass-through entities”—e.g., LLCs, partnerships, s-corps—would see up to a quarter of their taxable income treated as tax free, while other businesses would see no benefit at all. Privileging one form of business organization over another would create a perverse incentive for businesses to restructure for tax avoidance, not economic efficiency, while penalizing businesses that do not lend themselves to the pass-through form. This kind of governmental manipulation through the tax code unduly interferes with the free market by incentivizing economically inefficient behavior. There is no principled economic justification for the tax code to pick winners and losers based solely on elevating the form of a business's organizational structure over its economic substance.

**c. The Business Income Exemption Treats Business Owners Better Than Workers**

The business income exemption would result in a worker paying higher taxes than his or her employer, even if the worker and the employer reported exactly the same taxable income. For example, under this bill an owner of a pass-through business reporting \$40,000 in Missouri adjusted gross income would pay \$704 in income tax, while their employee reporting that same amount would pay \$1,123 in tax—more than 50 percent more in tax than the employer. No legislation that gives two taxpayers with identical incomes—one who happens to own a business and one who happens to work at one—such drastically different tax treatments can be called fair.

**d. The Business Income Exemption Is Not Targeted to Help Small Businesses**

While supporters contend that the business income exemption is designed to benefit small businesses, there is no such limitation in the law.<sup>3</sup> Indeed, the benefits of the exemption would go disproportionately to the wealthiest business owners. Less than one percent of all business income tax filers reported taxable income in excess of \$1 million, but they are projected to receive nearly 30 percent of the tax savings from the bill. Such individuals with taxable income in excess of \$1 million are projected to see an average tax cut of \$32,000 annually when the bill is fully phased-in. On the other side of the coin, more than 70 percent of all business income filers reported taxable income of \$50,000 or less, and they would see just 13 percent of the tax savings, with an average annual tax cut of \$135 by 2022.

**e. The Overall Bill Disproportionately Benefits the Wealthy**

Just as the business income exemption disproportionately benefits the wealthy, so does the overall bill. Taxpayers reporting more than \$100,000 in taxable income make up just seven percent of all Missouri tax returns filed. However, this small subset of taxpayers is projected to receive 52 percent of the total tax savings under the bill, with an average annual tax savings of \$1,145. Meanwhile, the 93 percent of Missouri taxpayers with taxable incomes below \$100,000 would see an average annual tax savings of just \$78. Under this bill, the owner of a casino organized as a pass-through entity with \$1 million in covered business income could write off \$250,000 of that income and receive a tax cut worth more than \$18,000. Meanwhile, an average Missouri family making \$44,000 a year would see a tax cut of about \$32 in 2022. Senior citizens on Social Security or receiving a pension would see little benefit from the bill, since Missouri law already exempts such income from tax, but they would feel the negative impacts of cuts to home-delivered meals and transportation to doctor appointments from the resulting revenue reductions.

**III. Senate Bill 509 Creates Dangerous Uncertainty**

The most far-reaching and potentially damaging aspect of Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 is the clear and unambiguous language eliminating the income tax altogether on Missourians with taxable incomes over \$9,000:

The bracket for income subject to the top rate of tax **shall be eliminated** once the top rate of tax has been reduced to five and one-half percent.

Section 143.011.2(4) (emphasis added). This single provision could blow a \$4.8 billion annual hole in the state budget—eliminating 97 percent of all income tax collections, cutting 65 percent of the state’s general revenue budget, and obliterating even basic funding for education and vital public services. Although legislators have portrayed this legislation as being free of the defects, unintentional or otherwise, that plagued last year’s Senate Substitute for House Bill No. 253 (2013), the \$1.2 billion drafting error in last year’s bill that caused the independent credit rating agencies to warn of a downgrade to the state’s spotless AAA credit rating, pales in comparison to the risk to our credit rating created by this year’s defect and its \$4.8 billion annual price tag.

**a. The Language of Senate Bill 509 is Clear and Unambiguous**

Under Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496, Section 143.011 provides the income tax rates applicable to various levels—or brackets—of Missouri taxable income. As under current law, the bracket for income subject to the top rate of tax applies to taxpayers with Missouri taxable incomes of “Over \$9,000.” See Section 143.011. Section 143.011.2(1) of this legislation would reduce this top rate of tax by one-tenth of a percent each year until the top tax rate is reduced to five and one-half percent.

After the top tax rate has been reduced to five and one-half percent, Section 143.011.2(4), added by an amendment on the Senate floor, provides that the “bracket for income subject to the top rate of tax **shall be eliminated** . . .” (emphasis added). This language is clear and unambiguous—once the top rate of tax has been reduced to five and one-half percent, the “bracket for income subject to the top rate of tax”—“Over \$9,000”—would be eliminated. With this former top income bracket eliminated, Section 143.011.1 would have a new top tax bracket—“Over \$8,000 **but not over** \$9,000” (emphasis added). This new top tax bracket has an upper income limit—“but not over \$9,000”—and there is no language in the bill eliminating this upper income limit. With this new top tax bracket capped at \$9,000 in taxable income, Section 143.011.1 would no longer contain an income bracket or corresponding tax rate applicable to taxable incomes over \$9,000, leaving such taxpayers with no tax liability.

Further support for the clear and unambiguous language eliminating income tax on taxpayers with taxable income over \$9,000 is found when Section 143.011.2(4) is read *in pari materia* with the changes to Section 143.021, also added to the bill in the Senate floor amendment:

143.021. Every resident having a taxable income [of less than nine thousand dollars] shall determine his **or her** tax from [a tax table prescribed by the director of revenue and based upon] the rates provided in section 143.011. [The tax table shall be on the basis of one hundred dollar increments of taxable income below nine thousand dollars. The tax provided in the table shall be the amount rounded to the nearest whole dollar by applying the rates in section

<sup>3</sup> The lack of any limitation targeting the exemption to small businesses is in sharp contrast to previous tax relief measures I have signed that were directly targeted to small businesses. See, e.g., Section 143.173, RSMo (providing a tax deduction for small businesses consisting of fifty or fewer employees); Section 147.010, Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute for House Bill No. 191 (2009) (eliminating the franchise tax for small businesses).

143.011 to the taxable income at the midpoint of each increment, except] There shall be no tax on a taxable income of less than one hundred dollars. [Every resident having a taxable income of nine thousand dollars or more shall determine his tax from the rate provided in section 143.011.]

Section 143.021 (emphasis added). With the above change to Section 143.021, the General Assembly not once, but *twice* in just over four pages of legislative text, eliminated the reference to an income tax for individuals with taxable income in the top tax bracket. The elimination of all references to a tax on taxpayers with taxable income in the top income bracket in Section 143.021, confirms the clear and unambiguous language of Section 143.011.2(4) eliminating the top income bracket entirely.<sup>4</sup>

**b. Legislative Intent Is Derived From the Words Enacted**

Legislators have speculated in public comments that a court might ignore this clear and unambiguous language to avoid the dramatic consequences to the state's fiscal well-being that would result. However, post-enactment statements of individual legislators after a problem has been identified do not constitute legislative intent. "Legislative intent can only be derived from the words of the statute itself." *State v. Rowe*, 63 S.W.3d 647, 650 (Mo. banc 2002); *see also Spradlin v. City of Fulton*, 982 S.W.2d 255, 261 (Mo. banc 1998) (Price, J.) ("[C]ourts must give effect to the language as written."). Once a law has been enacted, a court must enforce the law by its terms and not by what individual legislators believed they were enacting. *See, e.g., Pipe Fabricators, Inc. v. Director of Revenue*, 654 S.W.2d 74, 76 (Mo. banc 1983) (affidavit of a former state senator as to the intent of use tax provision was inadmissible since court is bound by express written law, and not what may have been intended).

More fundamentally, passing a bill with a problem and then hoping a judge will fix it is an abdication of the legislature's responsibility under our tripartite system of government. Under our Constitution, "[t]he legislative branch is exclusively vested with the power to make laws." Mo. Const. Art. III, Section 1. This means that lawmakers must enact *laws*, not merely *ideas* for a court to one day mold into something workable. The words on the page are what matter, for those are the words that guide the conduct of Missourians. The test is not what individual legislators say they meant—the test is what the words actually *say*. Here, the clear and unambiguous language of Section 143.011.2(4) says to eliminate the top income bracket, the change to Section 143.021 reinforces the clear and unambiguous language of Section 143.011.2(4), and there is nothing in the words enacted to the contrary.<sup>5</sup>

If Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 were to become law, it could be years from now before the court upon which legislators have pinned their hopes determines whether a taxpayer is correct that his or her income tax was eliminated by this bill. Even if, as legislators hope, this hypothetical court finds the language eliminating the income tax to be ambiguous, the court would still be required to construe that ambiguity in favor of the taxpayer and against the taxing authority. *Street v. Director of Revenue*, 361 S.W.3d 355 (Mo. banc 2012) (interpreting an ambiguous tax statute in favor of the taxpayer to invalidate long-standing local taxes on out-of-state motor vehicle purchases). Although by that time most of the legislators who voted for this bill will no longer be in the General Assembly, it will nonetheless be their handiwork that lies in wait to undermine the fiscal foundation of our state. And if this future court, with its thumb on the scale in favor of the taxpayer, does not rule the way that legislators hope, the Hancock Amendment would make the drastic consequences its ruling extremely difficult to undo—asking voters to approve a nearly \$5 billion tax increase. Risking the long term fiscal stability of the state, our perfect AAA credit rating, funding for our education system, and the future of our economy on what a judge might someday do is an unconscionable dereliction of duty, a disservice to the people of Missouri, and one in which I will not be complicit.

In accordance with the above stated reasons for disapproval, I am returning Senate Substitute No. 3 for Senate Committee Substitute for Senate Bills Nos. 509 & 496 without my approval.

Sincerely,  
Jeremiah W. (Jay) Nixon  
Governor

<sup>4</sup> The first time during the legislative process that the language in Section 143.011.2(4) eliminating the bracket for income subject to the top rate of tax and the change to Section 143.021 eliminating the reference to incomes of \$9,000 or greater appeared in the bill was in the Senate floor amendment. Had the Senate floor amendment retained the reference in Section 143.021 to taxpayers with taxable incomes greater than \$9,000, as prior versions of the bill had done, the language in Section 143.011.2(4) eliminating the top income bracket might have been ambiguous, since Section 143.021 would have continued to imply that such taxpayers may still be subject to tax.

<sup>5</sup> Proponents of the bill have also parroted the canon of statutory construction whereby a court might ignore the plain language of a statute to avoid an "absurd result." Eliminating 97 percent of income tax collections and 65 percent of the state's general revenue budget would certainly be dramatic and fiscally damaging. However, this result would be consistent with recent proposals advanced in the Missouri General Assembly and by initiative petition aimed at eliminating the income tax, defunding public education, and otherwise "starving" government. Indeed, as proponents of such proposals have pointed out, there are a number of states that have no income tax and instead rely on expanded sales taxes, higher property taxes, severance taxes, or other revenue streams to fund education and necessary public services.

Further amend said bill, page 11, section 210.152, line 109, by inserting immediately after said line the following:

“210.160. 1. In every case involving an abused or neglected child which results in a judicial proceeding, the judge shall appoint a guardian ad litem to appear for and represent:

(1) A child who is the subject of proceedings pursuant to sections 210.110 to 210.165 **except proceedings under subsection 6 of section 210.152**, sections 210.700 to 210.760, sections 211.442 to 211.487, or sections 453.005 to 453.170, or proceedings to determine custody or visitation rights under sections 452.375 to 452.410; or

(2) A parent who is a minor, or who is a mentally ill person or otherwise incompetent, and whose child is the subject of proceedings under sections 210.110 to 210.165, sections 210.700 to 210.760, sections 211.442 to 211.487, or sections 453.005 to 453.170.

**2. The judge, either sua sponte or upon motion of a party, may appoint a guardian ad litem to appear for and represent an abused or neglected child involved in proceedings arising under subsection 6 of section 210.152.**

[2.] **3.** The guardian ad litem shall be provided with all reports relevant to the case made to or by any agency or person, shall have access to all records of such agencies or persons relating to the child or such child's family members or placements of the child, and upon appointment by the court to a case, shall be informed of and have the right to attend any and all family support team meetings involving the child. Employees of the division, officers of the court, and employees of any agency involved shall fully inform the guardian ad litem of all aspects of the case of which they have knowledge or belief.

[3.] **4.** The appointing judge shall require the guardian ad litem to faithfully discharge such guardian ad litem's duties, and upon failure to do so shall discharge such guardian ad litem and appoint another. The

appointing judge shall have the authority to examine the general and criminal background of persons appointed as guardians ad litem, including utilization of the family care safety registry and access line pursuant to sections 210.900 to 210.937, to ensure the safety and welfare of the children such persons are appointed to represent. The judge in making appointments pursuant to this section shall give preference to persons who served as guardian ad litem for the child in the earlier proceeding, unless there is a reason on the record for not giving such preference.

[4.] 5. The guardian ad litem may be awarded a reasonable fee for such services to be set by the court. The court, in its discretion, may award such fees as a judgment to be paid by any party to the proceedings or from public funds. However, no fees as a judgment shall be taxed against a party or parties who have not been found to have abused or neglected a child or children. Such an award of guardian fees shall constitute a final judgment in favor of the guardian ad litem. Such final judgment shall be enforceable against the parties in accordance with chapter 513.

[5.] 6. The court may designate volunteer advocates, who may or may not be attorneys licensed to practice law, to assist in the performance of the guardian ad litem duties for the court. Nonattorney volunteer advocates shall not provide legal representation. The court shall have the authority to examine the general and criminal background of persons designated as volunteer advocates, including utilization of the family care safety registry and access line pursuant to sections 210.900 to 210.937, to ensure the safety and welfare of the children such persons are designated to represent. The volunteer advocate shall be provided with all reports relevant to the case made to or by any agency or person, shall have access to all records of such agencies or persons relating to the child or such child's family members or placements of the child, and upon designation by the court to a case, shall be informed of and have the right to attend any and all family support team meetings involving the child. Any such designated person shall receive no compensation from public funds. This shall not preclude reimbursement for reasonable expenses.

[6.] 7. Any person appointed to perform guardian ad litem duties shall have completed a training program in permanency planning and shall advocate for timely court hearings whenever possible to attain permanency for a child as expeditiously as possible to reduce the effects that prolonged foster care may have on a child. A nonattorney volunteer advocate shall have access to a court appointed attorney guardian ad litem should the circumstances of the particular case so require.”; and

Further amend said bill, page 14, section 334.950, line 50, by inserting immediately after said line the following:

“431.056. 1. A minor shall be qualified and competent to contract for housing, employment, purchase of an automobile, receipt of a student loan, admission to high school or postsecondary school, obtaining medical care, establishing a bank account, admission to a shelter for victims of domestic violence, as defined in section 455.200, or a homeless shelter, and receipt of services as a victim of domestic [and] **violence or sexual [violence] abuse**, including but not limited to counseling, court advocacy, financial assistance, and other advocacy services, if:

(1) The minor is sixteen or seventeen years of age; and

(2) The minor is homeless, as defined in subsection 1 of section 167.020, or a victim of domestic violence, as defined in section 455.200, unless the child is under the supervision of the children's division or the jurisdiction of the juvenile court; and

(3) The minor is self-supporting, such that the minor is without the physical or financial support of a parent or legal guardian; and

(4) The minor's parent or legal guardian has consented to the minor living independent of the parents' or guardians' control. Consent may be expressed or implied, such that:

(a) Expressed consent is any verbal or written statement made by the parents or guardian of the minor displaying approval or agreement that the minor may live independently of the parent's or guardian's control;

(b) Implied consent is any action made by the parent or guardian of the minor that indicates the parent or guardian is unwilling or unable to adequately care for the minor. Such actions may include, but are not limited to:

a. Barring the minor from the home or otherwise indicating that the minor is not welcome to stay;

b. Refusing to provide any or all financial support for the minor; or

c. Abusing or neglecting the minor, as defined in section 210.110 **or committing an act or acts of domestic violence against the minor, as defined in section 455.010.**

**2. A minor who is sixteen years of age or older and who is in the legal custody of the children's division pursuant to an order of a court of competent jurisdiction shall be qualified and competent to contract for the purchase of automobile insurance with the consent of the children's division or the juvenile court. The minor shall be responsible for paying the costs of the insurance premiums and shall be liable for damages caused by his or her negligent operation of a motor vehicle. No state department, foster parent, or entity providing case management of children on behalf of a department shall be responsible for paying any insurance premiums nor liable for any damages of any kind as a result of the operation of a motor vehicle by the minor.**

**Section 1. A foster parent shall have standing to participate in all court hearings pertaining to a child in their care.”; and**

SENATE AMENDMENT NO. 1

Amend Senate Committee Substitute for House Committee Substitute for House Bill No. 1631, Page 1, In the Title, Lines 2-3, by striking “the air conservation commission” and inserting in lieu thereof the following: “energy”; and

Further amend said bill and page, section A, line 2, by inserting immediately after said line the following:

“393.1030. 1. The commission shall, in consultation with the department, prescribe by rule a portfolio requirement for all electric utilities to generate or purchase electricity generated from renewable energy resources. Such portfolio requirement shall provide that electricity from renewable energy resources shall constitute the following portions of each electric utility's sales:

- (1) No less than two percent for calendar years 2011 through 2013;
- (2) No less than five percent for calendar years 2014 through 2017;
- (3) No less than ten percent for calendar years 2018 through 2020; and

(4) No less than fifteen percent in each calendar year beginning in 2021.

At least two percent of each portfolio requirement shall be derived from solar energy. The portfolio requirements shall apply to all power sold to Missouri consumers whether such power is self-generated or purchased from another source in or outside of this state. A utility may comply with the standard in whole or in part by purchasing RECs. Each kilowatt-hour of eligible energy generated in Missouri shall count as 1.25 kilowatt-hours for purposes of compliance.

2. The commission, in consultation with the department and within one year of November 4, 2008, shall select a program for tracking and verifying the trading of renewable energy credits. An unused credit may exist for up to three years from the date of its creation. A credit may be used only once to comply with sections 393.1020 to 393.1030 and may not also be used to satisfy any similar nonfederal requirement. An electric utility may not use a credit derived from a green pricing program. Certificates from net-metered sources shall initially be owned by the customer-generator. The commission, except where the department is specified, shall make whatever rules are necessary to enforce the renewable energy standard. Such rules shall include:

(1) A maximum average retail rate increase of one percent determined by estimating and comparing the electric utility's cost of compliance with least-cost renewable generation and the cost of continuing to generate or purchase electricity from entirely nonrenewable sources, taking into proper account future environmental regulatory risk including the risk of greenhouse gas regulation. Notwithstanding the foregoing, until June 30, 2020, if the maximum average retail rate increase would be less than or equal to one percent if an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility is ignored for purposes of calculating the increase, then additional solar rebates shall be paid and included in rates in an amount up to the amount that would produce a retail rate increase equal to the difference between a one percent retail rate increase and the retail rate increase calculated when ignoring an electric utility's investment in solar-related projects initiated, owned, or operated by the electric utility. Notwithstanding any provision to the contrary in this section, even if the payment of additional solar rebates will produce a maximum average retail rate increase of greater than one percent when an electric utility's investment in solar-related projects initiated, owned or operated by the electric utility are included in the calculation, the additional solar rebate costs shall be included in the prudently incurred costs to be recovered as contemplated by subdivision (4) of this subsection;

(2) Penalties of at least twice the average market value of renewable energy credits for the compliance period for failure to meet the targets of subsection 1 of this section. An electric utility will be excused if it proves to the commission that failure was due to events beyond its reasonable control that could not have been reasonably mitigated, or that the maximum average retail rate increase has been reached. Penalties shall not be recovered from customers. Amounts forfeited under this section shall be remitted to the department to purchase renewable energy credits needed for compliance. Any excess forfeited revenues shall be used by the department's energy center solely for renewable energy and energy efficiency projects;

(3) Provisions for an annual report to be filed by each electric utility in a format sufficient to document its progress in meeting the targets;

(4) Provision for recovery outside the context of a regular rate case of prudently incurred costs and the pass-through of benefits to customers of any savings achieved by an electrical corporation in meeting the requirements of this section.

3. As provided for in this section, except for those electrical corporations that qualify for an exemption under section 393.1050, each electric utility shall make available to its retail customers a solar rebate for new or expanded solar electric systems sited on customers' premises, up to a maximum of twenty-five kilowatts per system, measured in direct current that were confirmed by the electric utility to have become operational in compliance with the provisions of section 386.890. The solar rebates shall be two dollars per watt for systems becoming operational on or before June 30, 2014; one dollar and fifty cents per watt for systems becoming operational between July 1, 2014, and June 30, 2015; one dollar per watt for systems becoming operational between July 1, 2015, and June 30, 2016; fifty cents per watt for systems becoming operational between July 1, 2016, and June 30, 2017; fifty cents per watt for systems becoming operational between July 1, 2017, and June 30, 2019; twenty-five cents per watt for systems becoming operational between July 1, 2019, and June 30, 2020; and zero cents per watt for systems becoming operational after June 30, 2020. An electric utility may, through its tariffs, require applications for rebates to be submitted up to one hundred eighty-two days prior to the June thirtieth operational date. Nothing in this section shall prevent an electrical corporation from offering rebates after July 1, 2020, through an approved tariff. If the electric utility determines the maximum average retail rate increase provided for in subdivision (1) of subsection 2 of this section will be reached in any calendar year, the electric utility shall be entitled to cease paying rebates to the extent necessary to avoid exceeding the maximum average retail rate increase if the electrical corporation files with the commission to suspend its rebate tariff for the remainder of that calendar year at least sixty days prior to the change taking effect. The filing with the commission to suspend the electrical corporation's rebate tariff shall include the calculation reflecting that the maximum average retail rate increase will be reached and supporting documentation reflecting that the maximum average retail rate increase will be reached. **In determining the maximum average retail rate increase, only the costs associated with electric generation, which has been placed into service directly related to the renewable energy standard compliance, shall be counted toward the maximum average retail rate increase.** The commission shall rule on the suspension filing within sixty days of the date it is filed. If the commission determines that the maximum average retail rate increase will be reached, the commission shall approve the tariff suspension. The electric utility shall continue to process and pay applicable solar rebates until a final commission ruling; however, if the continued payment causes the electric utility to pay rebates that cause it to exceed the maximum average retail rate increase, the expenditures shall be considered prudently incurred costs as contemplated by subdivision (4) of subsection 2 of this section and shall be recoverable as such by the electric utility. As a condition of receiving a rebate, customers shall transfer to the electric utility all right, title, and interest in and to the renewable energy credits associated with the new or expanded solar electric system that qualified the customer for the solar rebate for a period of ten years from the date the electric utility confirmed that the solar electric system was installed and operational.

4. The department shall, in consultation with the commission, establish by rule a certification process for electricity generated from renewable resources and used to fulfill the requirements of subsection 1 of this section. Certification criteria for renewable energy generation shall be determined by factors that include fuel type, technology, and the environmental impacts of the generating facility. Renewable energy facilities shall not cause undue adverse air, water, or land use impacts, including impacts associated with the gathering of generation feedstocks. If any amount of fossil fuel is used with renewable energy resources, only the portion of electrical output attributable to renewable energy resources shall be used to fulfill the portfolio requirements.

5. In carrying out the provisions of this section, the commission and the department shall include

methane generated from the anaerobic digestion of farm animal waste and thermal depolymerization or pyrolysis for converting waste material to energy as renewable energy resources for purposes of this section.

6. The commission shall have the authority to promulgate rules for the implementation of this section, but only to the extent such rules are consistent with, and do not delay the implementation of, the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.”; and

#### HOUSE AMENDMENT NO. 2

Amend Senate Bill No. 719, Page 3, Section 171.181, Line 14, by inserting after all of said line the following:

“177.011. 1. The title of all schoolhouse sites and other school property is vested in the district in which the property is located, or if the directors of both school districts involved agree, a school district may own property outside of the boundaries of the district and operate upon such property for school purposes; provided that, such property may only be used for school purposes for students residing in the school district owning such property or students who are enrolled in such school district as part of a court-ordered desegregation plan. All property leased or rented for school purposes shall be wholly under the control of the school board during such time. **With the exception of lease agreements entered into under the provisions of section 177.088**, no board shall lease or rent any building for school purposes while the district schoolhouse is unoccupied, and no schoolhouse or school site shall be abandoned or sold until another site and house are provided for the school district.

2. Notwithstanding the provisions of section 178.770, the provisions of this section shall not apply to community college districts. Nothing in this subsection shall be construed to impair the duty and authority of the coordinating board for higher education to approve academic programs under section 173.005.

177.088. 1. As used in this section, the following terms shall mean:

(1) “Board”, the board of education, board of trustees, board of regents, or board of governors of an educational institution;

(2) “Educational institution”, any school district, including all community college districts, and any state college or university organized under chapter 174.

2. The board of any educational institution may enter into agreements as authorized in this section [with a not-for-profit corporation formed under the general not-for-profit corporation law of Missouri, chapter 355,] in order to provide for the acquisition, construction, improvement, extension, repair, remodeling, renovation and financing of sites, buildings, facilities, furnishings and equipment for the use of the educational institution for educational purposes.

3. The board may on such terms as it shall approve:

(1) Lease [from the corporation] sites, buildings, facilities, furnishings and equipment [which the corporation has] acquired or constructed; or

(2) Notwithstanding the provisions of this chapter or any other provision of law to the contrary, sell or lease at fair market value, which may be determined by appraisal, [to the corporation] any existing sites [owned by the educational institution], together with any existing buildings and facilities thereon, in order [for the corporation] to acquire, construct, improve, extend, repair, remodel, renovate, furnish and equip buildings and facilities thereon, and [then] lease back or purchase such sites, buildings and facilities [from the corporation]; provided that upon selling or leasing the sites, buildings or facilities, [the corporation agrees to enter into a lease for] **any lease back to the educational institution is not more than one year [but] in length, and** with not more than twenty-five successive options by the educational institution to renew the lease under the same conditions; and provided further that [the corporation agrees] **there is an agreement** to convey or sell the sites, buildings or facilities, including any improvements, extensions, renovations, furnishings or equipment, back to the educational institution with clear title at the end of the period of successive one-year options or at any time bonds, notes or other obligations issued [by the corporation] to pay for the improvements, extensions, renovations, furnishings or equipment have been paid and discharged.

4. Any consideration, promissory note or deed of trust which an educational institution receives for selling or leasing property [to a not-for-profit corporation] pursuant to this section shall be placed in a separate fund or in escrow, and neither the principal or any interest thereon shall be commingled with any other funds of the educational institutions. At such time as the title or deed for property acquired, constructed, improved, extended, repaired, remodeled or renovated under this section is conveyed to the educational institution, the consideration shall be returned [to the corporation].

5. The board may make rental payments [to the corporation] under such leases out of its general funds or out of any other available funds, provided that in no event shall the educational institution become indebted in an amount exceeding in any year the income and revenue of the educational institution for such year plus any unencumbered balances from previous years.

6. Any bonds, notes and other obligations issued [by a corporation] to pay for the acquisition, construction, improvements, extensions, repairs, remodeling or renovations of sites, buildings and facilities, pursuant to this section, may be secured by a mortgage, pledge or deed of trust of the sites, buildings and facilities and a pledge of the revenues received from the rental thereof to the educational institution. Such bonds, notes and other obligations issued [by a corporation] shall not be a debt of the educational institution and the educational institution shall not be liable thereon, and in no event shall such bonds, notes or other obligations be payable out of any funds or properties other than those acquired for the purposes of this section, and such bonds, notes and obligations shall not constitute an indebtedness of the educational institution within the meaning of any constitutional or statutory debt limitation or restriction.

7. The interest on such bonds, notes and other obligations [of the corporation] and the income therefrom shall be exempt from taxation by the state and its political subdivisions, except for death and gift taxes on transfers. Sites, buildings, facilities, furnishings and equipment owned [by a corporation] in connection with any project pursuant to this section shall be exempt from taxation.

8. The board may make all other contracts or agreements [with the corporation] necessary or convenient in connection with any project pursuant to this section. [The corporation shall comply with sections 290.210 to 290.340.]

9. Notice that the board is considering a project pursuant to this section shall be given by publication in a newspaper published within the county in which all or a part of the educational institution is located which has general circulation within the area of the educational institution, once a week for two consecutive weeks, the last publication to be at least seven days prior to the date of the meeting of the board at which such project will be considered and acted upon.

10. [Provisions of other law to the contrary notwithstanding, the board may refinance any lease purchase agreement that satisfies at least one of the conditions specified in subsection 6 of section 165.011 for the purpose of payment on any lease with the corporation under this section for sites, buildings, facilities, furnishings or equipment which the corporation has acquired or constructed, but such refinance shall not extend the date of maturity of any obligation, and the refinancing obligation shall not exceed the amount necessary to pay or provide for the payment of the principal of the outstanding obligations to be refinanced, together with the interest accrued thereon to the date of maturity or redemption of such obligations and any premium which may be due under the terms of such obligations and any amounts necessary for the payments of costs and expenses related to issuing such refunding obligations and to fund a capital projects reserve fund for the obligations.

11.] Provisions of other law to the contrary notwithstanding, payments made from any source by a school district, after the latter of July 1, 1994, or July 12, 1994, that result in the transfer of the title of real property to the school district, other than those payments made from the capital projects fund, shall be deducted as an adjustment to the funds payable to the district pursuant to section 163.031 beginning in the year following the transfer of title to the district, as determined by the department of elementary and secondary education. No district with modular buildings leased in fiscal year 2004, with the lease payments made from the incidental fund and that initiates the transfer of title to the district after fiscal year 2007, shall have any adjustment to the funds payable to the district under section 163.031 as a result of the transfer of title.

[12.] **11.** Notwithstanding provisions of this section to the contrary, the board of education of any school district may enter into agreements with the county in which the school district is located, or with a city, town, or village wholly or partially located within the boundaries of the school district, in order to provide for the acquisition, construction, improvement, extension, repair, remodeling, renovation, and financing of sites, buildings, facilities, furnishings, and equipment for the use of the school district for educational purposes. Such an agreement may provide for the present or future acquisition of an ownership interest in such facilities by the school district, by lease, lease-purchase agreement, option to purchase agreement, or similar provisions, and may provide for a joint venture between the school district and other entity or entities that are parties to such an agreement providing for the sharing of the costs of acquisition, construction, repair, maintenance, and operation of such facilities. The school district may wholly own such facilities, or may acquire a partial ownership interest along with the county, city, town, or village with which the agreement was executed.”; and

Every person receiving any payment or consideration upon the sale of property or rendering of service, subject to the tax imposed by the provisions of sections 144.010 to 144.525, is exercising the taxable privilege of selling the property or rendering the service at retail and is subject to the tax levied in section 144.020. The person shall be responsible not only for the collection of the amount of the tax imposed on the sale or service to the extent possible under the provisions of section 144.285, but shall, on or before the last day of the month following each calendar quarterly period of three months, file a return with the director of revenue showing the person’s gross receipts and the amount of tax levied in section 144.020 for the preceding quarter, and shall remit to the director of revenue, with the return, the taxes levied in section

144.020, except as provided in subsections 2 and 3 of this section. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of sellers, but shall not require any seller to file and pay more frequently than required in this section.

2. Where the aggregate amount levied and imposed upon a seller by section 144.020 is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the seller shall file a return and pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month.

3. Where the aggregate amount levied and imposed upon a seller by section 144.020 is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the seller to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. The seller of any property or person rendering any service, subject to the tax imposed by sections 144.010 to 144.525, shall collect the tax from the purchaser of such property or the recipient of the service to the extent possible under the provisions of section 144.285, but the seller's inability to collect any part or all of the tax does not relieve the seller of the obligation to pay to the state the tax imposed by section 144.020; except that the collection of the tax imposed by sections 144.010 to 144.525 on motor vehicles and trailers shall be made as provided in sections 144.070 and 144.440.

5. [It shall be unlawful for] Any person [to] **may** advertise or hold out or state to the public or to any customer directly [or indirectly] that the tax or any part thereof imposed by sections 144.010 to 144.525, and required to be collected by the person, will be assumed or absorbed by the person, [or that it will not be separately stated and added to the selling price of the] **provided that the amount of tax assumed or absorbed shall be stated on any invoice or receipt for the property sold or service rendered**[, or if added, that it or any part thereof will be refunded]. Any person violating any of the provisions of this section shall be guilty of a misdemeanor. **This subsection shall not apply to any retailer prohibited from collecting and remitting sales tax under section 66.630.**"; and

2. A corporation described in subdivision (1) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income from sources within this state, including that from the transaction of business in this state and that from the transaction of business partly done in this state and partly done in another state or states. (2) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner, or the manner set forth in subdivision (3) of this subsection:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state.

(b) The amount of sales which are transactions wholly in this state shall be added to one-half of the amount of sales which are transactions partly within this state and partly without this state, and the amount thus obtained shall be divided by the total sales or in cases where sales do not express the volume of business, the amount of business transacted wholly in this state shall be added to one-half of the amount of business transacted partly in this state and partly outside this state and the amount thus obtained shall be divided by the total amount of business transacted, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction.

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

a. "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state;

b. "Partly within this state and partly without this state" if the seller's shipping point is in this state and the purchaser's destination point is outside this state, or the seller's shipping point is outside this state and the purchaser's destination point is in this state;

c. Not "wholly in this state" or not "partly within this state and partly without this state" only if both the seller's shipping point and the purchaser's destination point are outside this state.

(3) The taxpayer may elect to compute the portion of income from all sources in this state in the following manner:

(a) The income from all sources shall be determined as provided, excluding therefrom the figures for the operation of any bridge connecting this state with another state;

(b) The amount of sales which are transactions in this state shall be divided by the total sales, and the net income shall be multiplied by the fraction thus obtained, to determine the proportion of income to be used to arrive at the amount of Missouri taxable income. The investment or reinvestment of its own funds, or sale of any such investment or reinvestment, shall not be considered as sales or other business transacted for the determination of said fraction;

(c) For the purposes of this subdivision, a transaction involving the sale of tangible property is:

- a. “In this state” if the purchaser’s destination point is in this state;
- b. Not “in this state” if the purchaser’s destination point is outside this state;

(d) For purposes of this subdivision, the purchaser’s destination point shall be determined without regard to the FOB point or other conditions of the sale and shall not be in this state if the purchaser received the tangible personal property from the seller in this state for delivery to the purchaser’s location outside this state;

**(e) For the purposes of this subdivision, a transaction involving the sale other than the sale of tangible property is “in this state” if the taxpayer’s market for the sales is in this state. The taxpayer’s market for sales is in this state:**

**a. In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this state;**

**b. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this state;**

(4) For purposes of this subsection, the following words shall, unless the context otherwise requires, have the following meaning:

(a) “Administration services” include, but are not limited to, clerical, fund or shareholder accounting, participant record keeping, transfer agency, bookkeeping, data processing, custodial, internal auditing, legal and tax services performed for an investment company;

(b) “Affiliate”, the meaning as set forth in 15 U.S.C. Section 80a-2(a)(3)(C), as may be amended from time to time;

(c) “Distribution services” include, but are not limited to, the services of advertising, servicing, marketing, underwriting or selling shares of an investment company, but, in the case of advertising, servicing or marketing shares, only where such service is performed by a person who is, or in the case of a closed end company, was, either engaged in the services of underwriting or selling investment company shares or affiliated with a person that is engaged in the service of underwriting or selling investment company shares. In the case of an open end company, such service of underwriting or selling shares must be performed pursuant to a contract entered into pursuant to 15 U.S.C. Section 80a-15(b), as from time to time amended;

(d) “Investment company”, any person registered under the federal Investment Company Act of 1940, as amended from time to time, (the act) or a company which would be required to register as an investment company under the act except that such person is exempt to such registration pursuant to Section 80a-3(c)(1) of the act;

(e) “Investment funds service corporation” includes any corporation or S corporation doing business in the state which derives more than fifty percent of its gross income in the ordinary course of business from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. An investment funds service corporation shall include any corporation or S corporation providing management services as an investment advisory firm registered under Section 203 of the Investment Advisors Act of 1940, as amended from time to time, regardless of the percentage of gross revenues consisting of fees from management services provided to or on behalf of an investment company;

(f) “Management services” include but are not limited to, the rendering of investment advice directly or indirectly to an investment company making determinations as to when sales and purchases of securities are to be made on behalf of the investment company, or the selling or purchasing of securities constituting assets of an investment company, and related activities, but only where such activity or activities are performed:

a. Pursuant to a contract with the investment company entered into pursuant to 15 U.S.C. Section 80a-15(a), as from time to time amended;

b. For a person that has entered into such contract with the investment company; or

c. For a person that is affiliated with a person that has entered into such contract with an investment company;

(g) “Qualifying sales”, gross income derived from the provision directly or indirectly of management, distribution or administration services to or on behalf of an investment company or from trustees, sponsors and participants of employee benefit plans which have accounts in an investment company. For purposes of this section, “gross income” is defined as that amount of income earned from qualifying sources without deduction of expenses related to the generation of such income;

(h) “Residence”, presumptively the fund shareholder’s mailing address on the records of the investment company. If, however, the investment company or the investment funds service corporation has actual knowledge that the fund shareholder’s primary residence or principal place of business is different than the fund shareholder’s mailing address such presumption shall not control. To the extent an investment funds service corporation does not have access to the records of the investment company, the investment funds service corporation may employ reasonable methods to determine the investment company fund shareholder’s residence.

(5) Notwithstanding other provisions of law to the contrary, qualifying sales of an investment funds service corporation, or S corporation, shall be considered wholly in this state only to the extent that the fund shareholders of the investment companies, to which the investment funds service corporation, or S corporation, provide services, are resided in this state. Wholly in this state qualifying sales of an investment funds service corporation, or S corporation, shall be determined as follows:

(a) By multiplying the investment funds service corporation’s total dollar amount of qualifying sales from services provided to each investment company by a fraction, the numerator of which shall be the average of the number of shares owned by the investment company’s fund shareholders resided in this state at the beginning of and at the end of the investment company’s taxable year that ends with or within the investment funds service corporation’s taxable year, and the denominator of which shall be the average of the number of shares owned by the investment company’s fund shareholders everywhere at the beginning of and at the end of the investment company’s taxable year that ends with or within the investment funds service corporation’s taxable year;

(b) A separate computation shall be made to determine the wholly in this state qualifying sales from each investment company. The qualifying sales for each investment company shall be multiplied by the respective percentage of each fund, as calculated pursuant to paragraph (a) of this subdivision. The product of this equation shall result in the wholly in this state qualifying sales. The qualifying sales for each investment company which are not wholly in this state will be considered wholly without this state;

(c) To the extent an investment funds service corporation has sales which are not qualifying sales, those nonqualified sales shall be apportioned to this state based on the methodology utilized by the investment funds service corporation without regard to this subdivision.

3. Any corporation described in subdivision (1) of subsection 1 of section 143.441 organized in this state or granted a permit to operate in this state for the transportation or care of passengers shall report its gross earnings within the state on intrastate business and shall also report its gross earnings on all interstate business done in this state which report shall be subject to inquiry for the purpose of determining the amount of income to be included in Missouri taxable income. The previous sentence shall not apply to a railroad.

4. A corporation described in subdivision (2) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources in this state and all income from each transportation service wholly within this state, from each service where the only lines of such corporation

used are those in this state, and such proportion of revenue from each service where the facilities of such corporation in this state and in another state or states are used, as the mileage used over the lines of such corporation in the state shall bear to the total mileage used over the lines of such corporation. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year of any fixed transportation facilities, real estate and improvements in this state leased from any other railroad shall be divided by the sum of the total amount of investment of such corporation on December thirty-first of each year in fixed transportation facilities, real estate and improvements, plus the value on December thirty-first of each year, of any fixed transportation facilities, real estate and improvements leased from any other railroad. Where any fixed transportation facilities, real estate or improvements are leased by more than one railroad, such portion of the value shall be used by each railroad as the rental paid by each shall bear to the rental paid by all lessees. The income shall be multiplied by the fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation of such bridge may be included in the return of such railroad or railroads; or if such bridge is owned or operated by any other corporation which may now or hereafter be required to file an income tax return, one-half of the income or loss to such corporation from such bridge may be included in such return by adding or subtracting same to or from another net income or loss shown by the return.

6. A corporation described in subdivision (4) of subsection 1 of section 143.441 shall include in its Missouri taxable income all income arising from all sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered for which the only facilities of such corporation used are those in this state; and from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved in this state shall bear to the total mileage involved over the lines of said company in all states. The taxpayer may elect to compute the portion of income from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources within Missouri, its Missouri taxable income shall only reflect the effect of the following listed deductions to the extent applicable to Missouri. The deductions are: (a) its deduction for federal income taxes pursuant to section 143.171, and (b) the effect on Missouri taxable income of the deduction for net operating loss allowed by Section 172 of the Internal Revenue Code. The extent applicable to Missouri shall be determined by multiplying the amount that would otherwise affect Missouri taxable income by the ratio for the year of the Missouri taxable income of the corporation for the year divided by the Missouri taxable income for the year as though the corporation had derived all of its income from sources within Missouri. For the purpose of the preceding sentence, Missouri taxable income shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders resided in this state shall be subject to Missouri income tax as provided in this chapter.”; and

Further amend said bill, Page 2, Section 144.021, Line 29, by inserting after all of said line the following:

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. Exempt use of undyed kerosene shall be governed by rules and regulations of the director. If no rules or regulations are promulgated by the director, then the exempt use of undyed kerosene shall be governed by rules and regulations of the Internal Revenue Service. A distributor or supplier delivering to a retail facility shall obtain an exemption certificate from the owner or operator of such facility stating that its sales conform to the dispenser requirements of this subdivision. A licensed distributor, having obtained such certificate, may provide a copy to his or her supplier and obtain undyed kerosene without the tax levied by section 142.803. Having obtained such certificate in good faith, such supplier shall be relieved of any responsibility if the fuel is later used in a taxable manner. An ultimate vendor who obtained undyed kerosene upon which the tax levied by section 142.803 had been paid and makes sales qualifying pursuant to this subsection may apply for a refund of the tax pursuant to application, as provided in section 142.818, to the director provided the ultimate vendor did not charge such tax to the consumer;

(5) That portion of motor fuel used to operate equipment attached to a motor vehicle, if the motor fuel was placed into the fuel supply tank of a motor vehicle that has a common fuel reservoir for travel on a highway and for the operation of equipment, or if the motor fuel was placed in a separate fuel tank and used only for the operation of auxiliary equipment. The exemption for use pursuant to this subdivision shall be claimed by a refund claim filed by the consumer who shall provide evidence of an allocation of use satisfactory to the director;

(6) Motor fuel acquired by a consumer out-of-state and carried into this state, retained within and consumed from the same vehicle fuel supply tank within which it was imported, except interstate motor fuel users;

(7) Motor fuel which was purchased tax-paid and which was lost or destroyed as a direct result of a sudden and unexpected casualty or which had been accidentally contaminated so as to be unsalable as highway fuel as shown by proper documentation as required by the director. The exemption pursuant to this subdivision shall be refunded to the person or entity owning the motor fuel at the time of the contamination or loss. Such person shall notify the director in writing of such event and the amount of motor fuel lost or contaminated within ten days from the date of discovery of such loss or contamination, and within thirty days after such notice, shall file an affidavit sworn to by the person having immediate custody of such motor fuel at the time of the loss or contamination, setting forth in full the circumstances and the amount of the loss or contamination and such other information with respect thereto as the director may require;

#### HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Bill No. 614, Page 2, Section 477.180, Line 2, by inserting after all of said section and line the following:

“512.180. 1. Any person aggrieved by a judgment in a civil case tried without a jury before an associate circuit judge, other than an associate circuit judge sitting in the probate division or who has been assigned to hear the case on the record under procedures applicable before circuit judges, shall have the right of a trial de novo in all cases tried before municipal court or under the provisions of [chapters] **chapter 482[, 534, and 535].**

2. In all other contested civil cases tried with or without a jury before an associate circuit judge or on assignment under such procedures applicable before circuit judges or in any misdemeanor case or county ordinance violation case a record shall be kept, and any person aggrieved by a judgment rendered in any such case may have an appeal upon that record to the appropriate appellate court. At the discretion of the judge, but in compliance with the rules of the supreme court, the record may be a stenographic record or one made by the utilization of electronic, magnetic, or mechanical sound or video recording devices.

534.060. Forcible entries and detainers, and unlawful detainers, may be heard and determined by any associate circuit judge of the county in which they are committed. Neither the provisions of this section or any other section in this chapter shall preclude adoption of a local circuit court rule providing for the centralized filing of such cases, nor the assignment of such cases to particular associate circuit or circuit judges pursuant to local circuit court rule or action by the presiding judge of the circuit. Such cases shall be heard and determined by associate circuit judges unless a circuit judge is transferred or assigned to hear such case or cases or unless the plaintiff pursuant to subsection 2 of section 478.250 has designated the case as one to be heard under the practice and procedure applicable before circuit judges [and the case is heard by a circuit judge. If the case is heard before an associate circuit judge who has not been specially assigned to hear the case on the record]. **All cases under this chapter shall be heard on the record. Unless the plaintiff under subsection 2 of section 478.250 has designated the case as one to be heard under the practice and procedure applicable before circuit judges,** to the extent practice and procedure are not

provided in this chapter the practice and procedure provided in chapter 517 shall apply. If the [case is heard initially before an associate circuit judge who has been specially assigned to hear the case on a record or before a circuit judge, the case shall be heard and determined under the same practice and procedure as would apply if the case was being heard upon an application for trial de novo, and in such instances, notwithstanding the specific references to chapter 517 in this chapter,] **plaintiff under subsection 2 of section 478.250 has designated the case as one to be heard under the practice and procedure applicable before circuit judges, the case shall be heard and determined under the rules of practice and procedure provided in the Missouri Rules of Civil Procedure [and the extant provisions of The Civil Code of Missouri shall apply] instead of those contained in chapter 517, notwithstanding the specific references to chapter 517 in this chapter.**

534.350. The judge rendering judgment in any such cause may issue execution at any time after judgment, but such execution shall not be levied until after the expiration of the time allowed for [the filing of an application for trial de novo or] the taking of an appeal, except as in the next succeeding section is provided.

534.360. If it shall appear to the officer having charge of the execution that the defendant therein is about to remove, conceal or dispose of his property, so as to hinder or delay the levy, the rents and profits, damages and costs may be levied before the expiration of the time allowed for [the filing of an application for a trial de novo or] taking an appeal.

534.380. Applications for [trials de novo and] appeals shall be allowed and conducted in the manner provided [in chapter 512] **by the Missouri Rules of Civil Procedure**. Application for [a trial de novo or] appeal shall not stay execution for restitution of the premises unless the defendant gives bond within the time for appeal. The bond shall be for the amount of the judgment and with the condition to stay waste and to pay all subsequently accruing rent, if any, into court within ten days after it becomes due, pending determination of the [trial de novo or] appeal, subject to the judge's discretion. However, in any case in which the defendant receives a reduction in rent due to a local, state or federal subsidy program, the amount of the bond shall be reduced by the amount of said subsidy. Execution other than for restitution shall be stayed if the defendant files a bond in the proper amount at such time as otherwise provided by law.

535.030. 1. Such summons shall be served as in other civil cases at least four days before the court date in the summons. The summons shall include a court date which shall not be more than twenty-one business days from the date the summons is issued unless at the time of filing the affidavit the plaintiff or plaintiff's attorney consents in writing to a later date.

2. In addition to attempted personal service, the plaintiff may request, and thereupon the clerk of the court shall make an order directing that the officer, or other person empowered to execute the summons, shall also serve the same by securely affixing a copy of such summons and the complaint in a conspicuous place on the dwelling of the premises in question at least ten days before the court date in such summons, and by also mailing a copy of the summons and complaint to the defendant at the defendant's last known address by ordinary mail at least ten days before the court date. If the officer, or other person empowered to execute the summons, shall return that the defendant is not found, or that the defendant has absconded or vacated his or her usual place of abode in this state, and if proof be made by affidavit of the posting and of the mailing of a copy of the summons and complaint, the judge shall at the request of the plaintiff proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure set forth in this section.

3. If the plaintiff does not request service of the original summons by posting and mailing as provided in subsection 2 of this section, and if the officer, or other person empowered to execute the summons, makes return that the defendant is not found, or that the defendant has absconded or vacated the defendant's usual place of abode in this state, the plaintiff may request the issuance of an alias summons and service of the same by posting and mailing in the time and manner provided in subsection 2 of this section. In addition, the plaintiff or an agent of the plaintiff who is at least eighteen years of age may serve the summons by posting and mailing a copy of the summons in the time and manner provided in subsection 2 of this section. Upon proof by affidavit of the posting and of the mailing of a copy of the summons or alias summons and the complaint, the judge shall proceed to hear the case as if there had been personal service, and judgment shall be rendered and proceedings had as in other cases, except that no money judgment shall be granted the plaintiff where the defendant is in default and service is by the posting and mailing procedure provided in subsection 2 of this section.

4. On the date judgment is rendered as provided in this section where the defendant is in default, the clerk of the court shall mail to the defendant at the defendant's last known address by ordinary mail a notice informing the defendant of the judgment and the date it was entered, and stating that the defendant has ten days from the date of the judgment to file a motion to set aside the judgment [or to file an application for a trial de novo] in the circuit court, as the case may be, and that unless the judgment is set aside [or an application for a trial de novo is filed] within ten days, the judgment will become final and the defendant will be subject to eviction from the premises without further notice.

535.110. Applications for [trials de novo and] appeals shall be allowed and conducted in the manner provided [in chapter 512] **by the Missouri Rules of Civil Procedure**; but no application for [a trial de novo or] **an** appeal shall stay execution unless the defendant give bond, with security sufficient to secure the payment of all damages, costs and rent then due, and with condition to stay waste and to pay all subsequently accruing rent, if any, into court within ten days after it becomes due, pending determination of the [trial de novo or] appeal.

535.160. If the defendant, on the date any money judgment is given in any action pursuant to this chapter, either tenders to the landlord, or brings into the court where the suit is pending, all the rent then in arrears, and all the costs, further proceedings in the action shall cease and be stayed. If on any date after the date of any original trial [but before any trial de novo] the defendant shall satisfy such money judgment and pay all costs, any execution for possession of the subject premises shall cease and be stayed; except that the landlord shall not thereby be precluded from making application for appeal from such money judgment. If for any reason no money judgment is entered against the defendant and judgment for the plaintiff is limited only to possession of the subject premises, no stay of execution shall be had, except as provided by the provisions of section 535.110 or the rules of civil procedure or by agreement of the parties.

535.170. After the execution of any judgment for possession pursuant to this chapter, the lessee and the lessee's assignees, and all other persons deriving title under the lease from such lessee, shall be barred from reentry of such premises and from all relief, and except for error in the record or proceedings, the landlord shall from that day hold the demised premises discharged from the lease. Nothing in this section shall preclude an aggrieved party from perfecting an appeal [or securing a trial de novo] as to any judgment rendered, and may as a result of such appeal [or trial de novo] recover any damage incurred, including damages incurred from an unlawful dispossession.

535.200. 1. In the twenty-second judicial circuit, upon adoption of an ordinance by the city of St. Louis providing for expenditure of city funds for such purpose, a majority of the circuit judges, en banc, may

establish a landlord-tenant court, which shall be a division of the circuit court, and may authorize the appointment of not more than two landlord-tenant court commissioners. Clerks and computer personnel shall be assigned as needed for the efficient operation of the court.

5. The parties to a cause of action before a commissioner of the landlord-tenant court are entitled to file with the court a motion for a hearing in associate circuit court within ten days after the mailing, or within ten days after service.

6. Operating procedures shall be provided for electronic recording of proceedings at city expense. Any person aggrieved by a judgment in a case decided under this section shall have a right to [a trial de novo in circuit court, or] an appeal to the appropriate appellate court, in the same manner as would a person aggrieved by a decision of an associate circuit judge under section 535.110. The procedures for perfecting the right of [a trial de novo or] **an** appeal shall be the same as that provided pursuant to sections 512.180 to 512.320.

#### HOUSE AMENDMENT NO. 5

Amend House Committee Substitute for Senate Bill No. 693, Page 15, Section 137.100, Line 47,

“143.041. **1.** A tax is hereby imposed for every taxable year on the income of every nonresident individual which is derived from sources within this state. The tax shall be that amount which bears the same ratio to the tax applicable to the individual if he would have been a resident as (A) his Missouri nonresident adjusted gross income as determined under section 143.181 (Missouri adjusted gross income derived from sources within this state) bears to (B) his Missouri adjusted gross income derived from all sources.

**2. The provisions of this section shall not apply to out-of-state businesses or out-of-state employees operating under sections 190.270 to 190.285.**

143.071. **1.** For all tax years beginning before September 1, 1993, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to five percent of Missouri taxable income.

**2.** For all tax years beginning on or after September 1, 1993, a tax is hereby imposed upon the Missouri taxable income of corporations in an amount equal to six and one-fourth percent of Missouri taxable income.

**3. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.**

143.191. **1.** Every employer maintaining an office or transacting any business within this state and making payment of any wages taxable under sections 143.011 to 143.998 to a resident or nonresident individual shall deduct and withhold from such wages for each payroll period the amount provided in subsection 3 of this section.

**2.** The term “wages” referred to in subsection 1 of this section means wages as defined by section 3401(a) of the Internal Revenue Code of 1986, as amended. The term “employer” means any person, firm, corporation, association, fiduciary of any kind, or other type of organization for whom an individual performs service as an employee, except that if the person or organization for whom the individual performs service does not have control of the payment of compensation for such service, the term “employer” means the person having control of the payment of the compensation. The term includes the United States, this

state, other states, and all agencies, instrumentalities, and subdivisions of any of them.

3. The method of determining the amount to be withheld shall be prescribed by regulations of the director of revenue. The prescribed table, percentages, or other method shall result, so far as practicable, in withholding from the employee's wages during each calendar year an amount substantially equivalent to the tax reasonably estimated to be due from the employee under sections 143.011 to 143.998 with respect to the amount of such wages included in his Missouri adjusted gross income during the calendar year.

4. For purposes of this section an employee shall be entitled to the same number of personal and dependency withholding exemptions as the number of exemptions to which he is entitled for federal income tax withholding purposes. An employer may rely upon the number of federal withholding exemptions claimed by the employee, except where the employee provides the employer with a form claiming a different number of withholding exemptions in this state.

5. The director of revenue may enter into agreements with the tax departments of other states (which require income tax to be withheld from the payment of wages) so as to govern the amounts to be withheld from the wages of residents of such states under this section. Such agreements may provide for recognition of anticipated tax credits in determining the amounts to be withheld and, under regulations prescribed by the director of revenue, may relieve employers in this state from withholding income tax on wages paid to nonresident employees. The agreements authorized by this subsection are subject to the condition that the tax department of such other states grant similar treatment to residents of this state.

6. The director of revenue shall enter into agreements with the Secretary of the Treasury of the United States or with the appropriate secretaries of the respective branches of the Armed Forces of the United States for the withholding, as required by subsections 1 and 2 of this section, of income taxes due the state of Missouri on wages or other payments for service in the armed services of the United States or on payments received as retirement or retainer pay of any member or former member of the Armed Forces entitled to such pay.

7. Subject to appropriations for the purpose of implementing this section, the director of revenue shall comply with provisions of the laws of the United States as amended and the regulations promulgated thereto in order that all residents of this state receiving monthly retirement income as a civil service annuitant from the federal government taxable by this state may have withheld monthly from any such moneys, whether pension, annuities or otherwise, an amount for payment of state income taxes as required by state law, but such withholding shall not be less than twenty-five dollars per quarter.

**8. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.”;and**

Further amend said bill, Page 31, Section 144.030, Line 313, by inserting after all of said section and line the following:

“144.610. 1. A tax is imposed for the privilege of storing, using or consuming within this state any article of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of subsection 1 of section 144.020, purchased on or after the effective date of sections 144.600 to 144.745 in an amount equivalent to the percentage imposed on the sales price in the sales tax law in section 144.020. This tax does not apply with respect to the storage, use or consumption of any article of tangible personal property purchased, produced or manufactured outside this state until the transportation of the article has finally come to rest within this state or until the article has become commingled with the general mass of property of this state.

2. Every person storing, using or consuming in this state tangible personal property subject to the tax in subsection 1 of this section is liable for the tax imposed by this law, and the liability shall not be extinguished until the tax is paid to this state, but a receipt from a vendor authorized by the director of revenue under the rules and regulations that he prescribes to collect the tax, given to the purchaser in accordance with the provisions of section 144.650, relieves the purchaser from further liability for the tax to which receipt refers.

3. Because this section no longer imposes a Missouri use tax on the storage, use, or consumption of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors required to be titled under the laws of the state of Missouri, in that the state sales tax is now imposed on the titling of such property, the local sales tax, rather than the local use tax, applies.

**4. The provisions of this section shall not apply to out-of-state businesses or out-of-state employees operating under sections 190.270 to 190.285.**

Further amend said bill and said page, Section 144.1030, Line 11, by inserting immediately after said line the following:

**“190.270. Sections 190.270 to 190.285 shall be known and may be cited as the “Facilitating Business Rapid Response to State Declared Disasters Act”.**

**190.275. As used in sections 190.270 to 190.285, unless the context clearly indicates otherwise, the following terms mean:**

(1) **“Declared state disaster” or “emergency”, a disaster or emergency event for which a governor’s state of emergency proclamation has been issued or that the President of the United States has declared to be a major disaster or emergency;**

(2) **“Disaster period”, the period of time that begins ten days before the governor’s proclamation of a state of emergency or the declaration by the President of the United States of a major disaster or emergency, whichever occurs first, and extending for a period of sixty calendar days following the end of the period specified in the proclamation or declaration or sixty calendar days from the proclamation or declaration if no end is provided. The governor may extend the disaster period as warranted.**

(3) **“Infrastructure”, property and equipment owned or used by a public utility, communications network, broadband and internet service provider, cable and video service provider, gas distribution system, or water pipeline that provides service to more than one customer or person, including related support facilities. Infrastructure includes real and personal property such as buildings, offices, power lines, cable lines, poles, communication lines, pipes, structures, and equipment;**

(4) **“Out-of-state business”, a business entity:**

(a) **That does not have a presence in the state;**

(b) **That does not conduct business in the state;**

(c) **That has no registrations, tax filings, or nexus in the state before the declared disaster or emergency; and**

(d) **Whose assistance in repairing, renovating, installing, or building infrastructure related to a declared state disaster or emergency is requested by the state, a county, city, town, or other political**

subdivision of the state or a registered business that owns or uses infrastructure as defined in this section.

Out-of-state business includes a business entity that is affiliated with a registered business solely through common ownership as long as that business entity does not have any registrations, tax filings, or nexus in the state before the declared state disaster or emergency.

For purposes of this section, a prior registration as an out-of-state business for a declared disaster or emergency shall not be considered a registration in this state.

(5) “Out-of-state employee”, an individual who does not work in the state except for disaster or emergency related work during a disaster period;

(6) “Registered business”, a business entity that is registered or licensed to do business in the state before the declared state disaster or emergency.

**190.280. 1.** An out-of-state business that conducts operations within the state for purposes of assisting in repairing, renovating, installing, or building infrastructure related to a declared state disaster or emergency during the disaster period shall not be considered to have established a level of presence that would subject the business or any of its out-of-state employees to any of the following state or local employment, licensing, or registration requirements:

(1) Except as set forth in section 190.285, registration with the secretary of state;

(2) Withholding or income tax registration, filing, or remitting requirements; and

(3) Use tax on equipment used or consumed during the disaster period if such equipment does not remain in the state after the disaster period.

**2.** An out-of-state employee shall not be considered to have established residency or a presence in the state that would require that person or that person’s employer to file and pay income taxes, to be subjected to tax withholdings, or to file and pay any other state or local income or withholding tax or fee for work repairing, renovating, installing, or building infrastructure during the disaster period.

**3.** After the conclusion of a disaster period, an out-of-state business or out-of-state employee that remains in the state is fully subject to the state or local employment, licensing, or registration requirements listed in this section or that were otherwise suspended under sections 190.270 through 190.285 during the disaster period.

**190.285. 1.** An out-of-state business shall provide notification to the secretary of state within ten days after entry to the state during a disaster period that the out-of-state business is in the state for purposes of responding to the declared state disaster or emergency. The out-of-state business shall provide to the secretary of state information related to the out-of-state business including, but not limited to, the following:

(1) Name;

(2) State of domicile;

(3) Principal business address;

(4) Federal employer identification number;

(5) The date when the out-of-state business entered the state; and

**(6) Contact information while the out-of-state business is in this state.**

**2. A registered business shall provide the notification required in subsection 1 of this section for an affiliate of the registered business that enters the state as an out-of-state business. The notification under this subsection also must include contact information for the registered business in the state.**

**3. An out-of-state business that remains in the state after a disaster period shall notify the secretary of state within ten days after the end of the disaster period and shall meet all registration, licensing, and filing requirements resulting from any business presence or activity in the state.**

**4. The secretary of state shall provide information received from out-of-state businesses or registered businesses under this section to the department of revenue within thirty days after receipt of notification.**

**190.286. The provisions of sections 190.270 to 190.285 shall not grant exemptions authorized by the facilitating business rapid response to state declared disasters act to any out-of-state business performing work pursuant to a request for bid or request for proposal by a state agency or political subdivision.**

285.230. 1. As used in this section, “transient employer” means an employer as defined in sections 143.191, 287.030, and 288.032 making payment of wages taxable under chapters 143, 287, and 288 who is not domiciled in this state and who temporarily transacts any business within the state, but shall not include any employer who is not subject to Missouri income tax because of the provisions of 15 U.S.C. 381. The transaction of business shall be considered temporary at any time it cannot be reasonably expected to continue for a period of twenty-four consecutive months. Professional athletic teams and professional entertainers domiciled in a state other than Missouri shall be deemed a “transient employer” for the purposes of this section, unless the person or entity who pays compensation to the nonresident entertainer has fully complied with the provisions of section 143.183 in which case the nonresident entertainer shall not be considered a transient employer.

2. Employers meeting the following criteria shall not be required to file a financial assurance instrument as required by this section:

(1) The principal place of business of the employer must be in a county of another state which is contiguous to the state of Missouri; and

(2) The employer must have been under contract to perform work in Missouri for at least sixty days cumulatively out of twelve months during each of the two calendar years immediately preceding the employer’s initial application for exemption from the provisions of this section; and

(3) The employer must have in his possession a tax clearance from the department of revenue and the division of employment security stating that the employer has faithfully complied with the tax laws of this state during the period set out in subdivision (2) of this subsection.

Within ninety days of August 13, 1988, such employers must obtain initial tax clearances in accordance with subdivision (3) of this subsection. Any tax clearance issued under the provisions of this section by the division of employment security shall be submitted to the department of revenue. On or before January thirty-first of each year, except January thirty-first following the year during which the employer first meets these criteria, the employer shall submit application to the department of revenue and division of employment security for a renewed tax clearance. Failure to submit such renewal applications or failure to comply with applicable Missouri taxing and employment security laws during the period between annual

renewal dates or removal of the employer's principal place of business from a county in another state which is contiguous to Missouri to a state other than Missouri shall immediately subject the employer to all provisions of this section. An employer meeting the requirements of this subsection shall still be subject to the provisions of subsection 5 of this section.

3. Every transient employer shall file with the director of revenue a financial assurance instrument including, but not limited to, a cash bond, a surety bond, or an irrevocable letter of credit as defined in section 400.5-103 issued by any state or federal financial institution. The financial assurance instrument shall be in an amount not less than the average estimated quarterly withholding tax liability of the applicant, but in no case less than five thousand dollars nor more than twenty-five thousand dollars. Any corporate surety shall be licensed to do such business in this state and approved by the director of revenue to act as a surety. The transient employer shall be the principal obligor and the state of Missouri shall be the obligee. The financial assurance instrument shall be conditioned upon the prompt filing of true reports and the payment by such employer to the director of revenue of any and all withholding taxes which are now or which hereafter may be levied or imposed by the state of Missouri, upon the employer, together with any and all penalties and interest thereon, and generally upon the faithful compliance with the provisions of chapters 143, 287, and 288.

4. Any transient employer who is already otherwise required to file a financial assurance instrument as a condition of any contract, provided said financial assurance instrument guarantees payment of all applicable state taxes and all withholding taxes levied or imposed by the state and provided that such financial assurance instrument is delivered by certified mail to the department of revenue by the applicable awarding entity at least fourteen days before the execution of the contract for the performance of work, may use the same financial assurance instrument to comply with the provisions of this section. Before such financial assurance instrument is approved by the awarding entity, the director of revenue shall be satisfied that such financial assurance instrument is sufficient to cover all taxes imposed by this state and the director shall so notify the awarding entity of the decision within the fourteen days prior to the execution of the contract. Failure to do so by the director shall waive any right to disapprove such financial assurance instrument. Before a financial assurance instrument is released by the entity awarding the contract, a tax clearance shall be obtained from the director of revenue that such transient employer has faithfully complied with all the tax laws of this state.

5. Every transient employer shall certify to the director of revenue that such employer has sufficient workers' compensation insurance either through a self-insurance program or a policy of workers' compensation insurance issued by an approved workers' compensation carrier. The self-insurance program shall be approved by the division of workers' compensation pursuant to section 287.280. The insurance policy shall be in a contract form approved by the department of insurance, financial institutions and professional registration.

6. In the event that liability upon the financial assurance instrument thus filed by the transient employer shall be discharged or reduced, whether by judgment rendered, payment made or otherwise, or if in the opinion of the director of revenue any surety on a bond theretofore given or financial institution shall have become unsatisfactory or unacceptable, then the director of revenue may require the employer to file a new financial assurance instrument in the same form and amount. If such new financial assurance instrument shall be furnished by such employer as above provided, the director of revenue shall upon satisfaction of any liability that has accrued, release the surety on the old bond or financial institution issuing the irrevocable letter of credit.

7. Any surety on any bond or financial institution issuing an irrevocable letter of credit furnished by any transient employer as provided in this section shall be released and discharged from any and all liability to the state of Missouri accruing on such bond or irrevocable letter of credit after the expiration of sixty days from the date upon which such surety or financial institution shall have lodged with the director of revenue a written request to be released and discharged; but the request shall not operate to relieve, release or discharge such surety or financial institution from any liability already accrued or which shall accrue during and before the expiration of said sixty-day period. The director of revenue shall promptly on receipt of notice of such request notify the employer who furnished such bond or irrevocable letter of credit and such employer shall on or before the expiration of such sixty-day period file with the director of revenue a new financial assurance instrument satisfactory to the director of revenue in the amount and form provided in this section.

8. Notwithstanding the limitation as to the amount of any financial assurance instrument fixed by this section, if a transient employer becomes delinquent in the payment of any tax or tenders a check in payment of tax which check is returned unpaid because of insufficient funds, the director may demand an additional instrument of such employer in an amount necessary, in the judgment of the director, to protect the revenue of the state. The penal sum of the additional instrument and the instrument furnished under the provisions of the law requiring such instrument may not exceed two quarters' estimated tax liability.

9. For any period when a transient employer fails to meet the requirements of this section, there shall be added to any deficiency assessed against a transient employer, in addition to any other addition, interest, and penalties, an amount equal to twenty-five percent of the deficiency.

10. A taxpayer commits the crime of failure to file a financial assurance instrument if he knowingly fails to comply with the provisions of this section.

11. Failure to file a financial assurance instrument is a class A misdemeanor. Pursuant to section 560.021, a corporation found guilty of failing to file a financial assurance instrument may be fined up to five thousand dollars or any higher amount not exceeding twice the amount the employer profited from the commission of the offense.

12. Failing to register with the department of revenue and execute the financial assurance instrument herein provided, prior to beginning the performance of any contract, shall prohibit the employer from performing on such contract until he complies with such requirements.

13. Each employer shall keep full and accurate records clearly indicating the names, occupations, and crafts, if applicable, of every person employed by him together with an accurate record of the number of hours worked by each employee and the actual wages paid. The payroll records required to be so kept shall be open to inspection by any authorized representative of the department of revenue at any reasonable time and as often as may be necessary and such records shall not be destroyed or removed from the state for a period of one year following the completion of the contract in connection with which the records are made.

14. The entering into of any contract for the performance of work in the state of Missouri by any such employer shall be deemed to constitute an appointment of the secretary of state as registered agent of such employer for purposes of accepting service of any process, or of any notice or demand required or permitted by law. The service of any such process, notice or demand, when served on the secretary of state shall have the same legal force and validity as if served upon the employer personally within the state.

15. In addition, any employer who fails to file a financial assurance instrument as required by this section shall be prohibited from contracting for or performing labor on any public works project in this state

for a period of one year.

16. Whenever a transient employer ceases to engage in activity within the state it shall be the duty of such transient employer to notify the director of revenue in writing at least ten days prior to the time the discontinuance takes effect.

**17. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.**

285.232. 1. Subject to the provisions of section 285.230, any county, city, town, village or any other political subdivision which requires a building permit for a person to perform certain construction projects shall require a transient employer to show proof that the employer has been issued a tax clearance and has filed a financial assurance instrument as required by section 285.230 before such entity issues a building permit to the transient employer. If any transient employer obtains a building permit without providing such proof, provides a fraudulently obtained tax clearance or a fraudulent financial assurance instrument or through any misrepresentation or any other fraudulent act or in any way violates the provisions of sections 285.230 to 285.234, the Missouri department of revenue shall request a temporary restraining order or seek injunctive relief to immediately prohibit further performance of work by the transient employer on such contract or project. The court may direct that any payments due such transient employer be equitably distributed in satisfaction of the transient employer's obligations pursuant to sections 285.230 to 285.234. Upon issuance of such order by a court of competent jurisdiction, the person for whom the work is being performed may engage another contractor as provided by law or any provision of contract and the person shall not be deemed to be in violation of the contract with such transient employer removed by the court. Nothing in this section shall be construed to create or constitute a liability to or a cause of action against a city or county in regard to the issuance of any license pursuant to this section.

2. Any contractor for private or public construction work in this state which contracts with or otherwise engages a subcontractor, which is deemed a transient employer as defined in section 285.230, to perform any portion of such work, shall require such subcontractor to show proof of having filed a financial assurance instrument with the director of revenue as required by section 285.230 and to show proof that the subcontractor holds a current valid certificate of insurance for workers' compensation coverage in this state, prior to the subcontractor performing any work on the project. If the subcontractor is self-insured for purposes of workers' compensation, the contractor shall require proof that such self-insurance by the subcontractor has been approved by the division of workers' compensation. The contractor shall not allow the subcontractor to perform on such contract until proof of compliance as required by this section has been provided to the contractor. If a subcontractor which is deemed to be a transient employer has previously submitted proof of compliance as required by this section to a state agency or political subdivision for which the contract is being performed as a condition of being qualified to perform work for such agency or political subdivision, the general contractor shall not be required to obtain the proofs required by this section. If at any time prior to final payment to a subcontractor for work performed on a project, a contractor is notified in writing by the director of revenue or the director of the division of workers' compensation that a subcontractor is in violation of sections 285.230 to 285.234, the contractor shall withhold all or part of any payment to the subcontractor under the contract for payment in satisfaction of the subcontractor's obligations as a transient employer if so directed by the director of revenue or the director of the division of workers' compensation. Any contractor withholding payment and paying such funds in satisfaction of the subcontractor's obligations as a transient employer if so directed by the director of revenue or the director of the division of workers' compensation. Any contractor withholding payment and paying such

funds in satisfaction of the subcontractor's obligations as a transient employer shall be deemed in compliance with the contract with the subcontractor to the extent of the amount paid to fulfill such obligation and with the laws of this state regarding timely payment under construction contracts and shall not be subject to any civil or criminal penalty for withholding such payment.

3. Notwithstanding the provision of section 32.057, the Missouri department of revenue shall at least quarterly submit for publication in the Missouri Register a list of construction contractors performing work on construction projects in Missouri who are known by the department to be deemed transient employers pursuant to section 285.230. The department shall also update such list monthly and make such list available upon request without cost to any person.

**4. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.**

285.233. 1. Any transient employer, as defined in this chapter, failing to conclusively show at any time that he has complied with the provisions of section 285.230, relating to the filing of a financial assurance instrument, shall, before beginning performance on any contract made with a political subdivision, deposit with that political subdivision an amount equal to twenty percent of labor costs as specified in such contract which will be held in escrow by the political subdivision and payable only to the department of revenue, the division of employment security or the division of workers' compensation after the actual amount of tax liability is determined. In the event that labor costs are not separately stated in the contract, the amount to be held in escrow shall be ten percent of the contract amount. Any amount remaining in the escrow fund after payments are made shall be refunded to the contractor. Failure of a political subdivision to properly escrow funds required under this section will make it ineligible to receive state funds for public works projects for a period of one year from the date the infraction is discovered.

2. Any transient employer failing to conclusively show at any time that he has complied with the provisions of section 285.230, relating to the filing of a financial assurance instrument, shall, before beginning performance on any contract made with a private entity deposit with that private entity an amount equal to twenty percent of labor costs as specified in such contract which will be held in escrow by the private entity and payable only to the department of revenue, the division of employment security or the division of workers' compensation after the actual amount of tax liability is determined. In the event that labor costs are not separately stated in the contract, the amount to be held in escrow shall be ten percent of the contract amount. Any amount remaining in the escrow fund after payments are made shall be refunded to the contractor. Failure of a private entity to properly escrow funds required under this section shall make such entity liable for the full amount of the state withholding, workers' compensation, and employment security tax liability resulting from the transient employers' contract with that private entity.

3. In addition to any other penalty, interest, or remedy imposed by this section, any transient employer that fails to post a financial assurance instrument or escrow funds as provided for in this section shall be subject to a writ of attachment as provided for in chapter 521 or any other injunctive relief provided for by law.

**4. The provisions of this section shall not apply to out-of-state businesses or out-of-state employees operating under sections 190.270 to 190.285.**

285.234. 1. Every transient employer, as defined in section 285.230 shall post in a prominent and easily accessible place at the work site a clearly legible copy of the following:

- (1) The notice of registration for employer withholding issued to such transient employer by the director

of revenue;

(2) Proof of coverage for workers' compensation insurance or self-insurance signed by the transient employer and verified by the department of revenue through the records of the division of workers' compensation; and

(3) The notice of registration for unemployment insurance issued to such transient employer by the division of employment security.

2. Any transient employer failing to comply with the provisions of this section shall be liable for a penalty of five hundred dollars per day until the notices required by this section are posted as provided by this section.

**3. The provisions of this section shall not apply to out-of-state businesses operating under sections 190.270 to 190.285.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

three years after becoming unclaimed property by virtue of the provisions of sections 447.500 to 447.595 and all property rights and legal title to and ownership of such United States savings bonds and the proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the state of Missouri according to the procedure set forth in subsections (1) through (3):

(1) After one hundred eighty days following the second three year period referenced in section 1, if no claim has been approved in accordance with the provisions of section 447.562 for such United States savings bonds or proceeds from such bonds, the treasurer shall commence a civil action in the circuit court of Cole county for a determination that such United States savings bonds and the proceeds from such bonds shall escheat to the state of Missouri. #### HOUSE AMENDMENT NO. 13

Amend House Committee Substitute for Senate Bill No. 693, Page 1, Section A, Line 2, by inserting after all of said line and section the following:

**“32.383. 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue under this chapter and chapters 143, 144, and 147, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes or taxes due and owing reported and paid in full from July 1, 2014, to September 30, 2014, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before July 1, 2014. The amnesty shall apply only to tax liabilities due or due but unpaid on or before December 31, 2013, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any**

state tax imposed by this state.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of revenue shall not seek to collect any penalty, addition to tax, or interest that may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted unless subsequent investigation or audit shows that the taxpayer engaged in fraudulent or criminal conduct in applying for amnesty.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance by September 30, 2014, and who agree to comply with state tax laws for the next eight years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest under this section unless full payment of the tax due is made in accordance with rules established by the director of revenue.

4. All taxpayers granted amnesty under this section shall in good faith comply with this state's tax laws for the eight years following the date of the amnesty agreement. If any such taxpayer fails to comply with all of this state's tax laws at any time during the eight years following the date of the agreement, all penalties, additions to tax, and interest that were waived under the amnesty agreement shall become due and owing immediately.

5. If a taxpayer is granted amnesty under this section, such taxpayer shall not be eligible to participate in any future amnesty for the same tax.

6. If a taxpayer elects to participate in the amnesty program established in this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received under this section shall be eligible for refund or credit.

7. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

8. All tax payments received as a result of the amnesty program established in this section, other than revenues earmarked by the Constitution of Missouri or this state's statutes, shall be deposited in the state general revenue fund.

9. The department may promulgate rules or issue administrative guidelines as are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2014, shall be invalid and void.

10. This section shall become effective on July 1, 2014, and shall expire on December 31, 2022.

11. If any provision of this section or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this section which can be given effect

**without the invalid provision or application, and to this end the provisions of this section are severable.”; and**

Further amend said bill, Page 31, Section 407.1610, Line 6, by inserting after all of said section and line the following:

“Section B. Because immediate action is necessary to secure adequate state revenue, the enactment of section 32.383 is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and the enactment of section 32.383 is hereby declared to be an emergency act within the meaning of the constitution, and the enactment of section 32.383 shall be in full force and effect on July 1, 2014, or upon its passage and approval, whichever occurs later.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

#### HOUSE AMENDMENT NO. 14

Amend House Committee Substitute for Senate Bill No. 693, Page 22, Section 143.451, Line 237, by inserting after said line the following:

“143.801. 1. A claim for credit or refund of an overpayment of any tax imposed by sections 143.011 to 143.996 shall be filed by the taxpayer within three years from the time the return was filed or two years from the time the tax was paid, whichever of such periods expires the later; or if no return was filed by the taxpayer, within two years from the time the tax was paid. No credit or refund shall be allowed or made after the expiration of the period of limitation prescribed in this subsection for the filing of a claim for credit or refund, unless a claim for credit or refund is filed by the taxpayer within such period.

2. If the claim is filed by the taxpayer during the three-year period prescribed in subsection 1 **of this section**, the amount of the credit or refund shall not exceed the portion of the tax paid within the three years immediately preceding the filing of the claim plus the period of any extension of time for filing the return. If the claim is not filed within such three-year period, but is filed within the two-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the two years immediately preceding the filing of the claim. If no claim is filed, the credit or refund shall not exceed the amount which would be allowable under either of the preceding sentences, as the case may be, if a claim was filed on the date the credit or refund is allowed.

3. If pursuant to subsection 6 of section 143.711 an agreement for an extension of the period for assessment of income taxes is made within the period prescribed in subsection 1 of this section for the filing of a claim for credit or refund, the period for filing a claim for credit or for making a credit or refund if no claim is filed, shall not expire prior to six months after the expiration of the period within which an assessment may be made pursuant to the agreement or any extension thereof. The amount of such credit or refund shall not exceed the portion of the tax paid after the execution of the agreement and before the filing of the claim or the making of the credit or refund, as the case may be, plus the portion of the tax paid within the period which would be applicable under subsection 1 of this section if a claim had been filed on the date the agreement was executed.

4. If a taxpayer is required by section 143.601 to report a change or correction in federal taxable income reported on his federal income tax return, or to report a change or correction which is treated in the same manner as if it were an overpayment for federal income tax purposes, an amended return or a claim for credit or refund of any resulting overpayment of tax shall be filed by the taxpayer within one year from the time the notice of such change or correction or such amended return was required to be filed with the

director of revenue. If the report or amended return required by section 143.601 is not filed within the ninety-day period therein specified, interest on any resulting refund or credit shall cease to accrue after such ninetieth day. The amount of such credit or refund shall not exceed the amount of the reduction in tax attributable to:

(1) The issues on which such federal change or correction or the items amended on the taxpayer's amended federal income tax return are based, and

(2) Any change in the amount of [his] **the taxpayer's** federal income tax deduction under the provisions of subsection 1 of section 143.171. No effect shall be given in the preceding sentence to any federal change or correction or to any item on an amended return unless it is timely under the applicable federal period of limitations. The time and amount provisions of this subsection shall be in lieu of any other provisions of this section. This subsection shall not affect the time within which or the amount for which a claim for credit or refund may be filed apart from this subsection.

5. If the claim for credit or refund relates to an overpayment of tax on account of the deductibility by the taxpayer of a debt as a debt which became worthless or a loss from worthlessness of a security or the effect that the deductibility of a debt or of a loss has on the application to the taxpayer of a carryover, the claim may be made, under regulations prescribed by the director of revenue within seven years from the date prescribed by law for filing the return for the year with respect to which the claim is made.

6. If the claim for credit or refund relates to an overpayment attributable to a net operating loss carryback or a capital loss carryback, in lieu of the three-year period of limitations prescribed in subsection 1 of this section, the period shall be that period which ends with the expiration of the fifteenth day of the fortieth month (or the thirty-ninth month, in the case of a corporation) following the end of the taxable year of the net operating loss or net capital loss which results in such carryback, or the period prescribed in subsection 3 of this section in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in subsections 2, 3 and 4 of this section, whichever is applicable, to the extent of the amount of the overpayment attributable to such carryback.

**7. (1) No period of limitations provided in subsections 1 to 6 of this section shall apply if the director of revenue audits or causes to have audited any return filed and retained as provided in section 143.971 and:**

**(a) Such examination is conducted after any period of limitations provided in subsections 1 to 6 of this section has expired;**

**(b) Such examination reveals that the taxpayer is eligible to claim a credit or refund of an overpayment of any tax imposed under this chapter; and**

**(c) A period of limitations provided in subsections 1 to 6 of this section prohibits the taxpayer from claiming such credit or refund.**

**(2) The director shall notify the taxpayer of any overpayment discovered under this subsection and inform the taxpayer of the procedure for filing a claim for a credit or refund of such overpayment. If the taxpayer files a claim for such credit or refund, the claim shall be filed in the manner provided in this chapter and shall be filed within one year from the time the director provided notice to the taxpayer.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

The treasurer may postpone the bringing of such action until sufficient United States savings bonds have accumulated in the treasurer's custody to justify the expense of such proceedings.

(2) If no person shall file a claim or appear at the hearing to substantiate a claim or where the court determines that a claimant is not entitled to the United States savings bonds or proceeds from such bonds claimed by such claimant, then the court, if satisfied by evidence that the treasurer has substantially complied with the laws of the state of Missouri, shall enter a judgment that the subject United States savings bonds and the proceeds from such bonds have escheated to the state of Missouri, and all property rights and legal title to and ownership of such United States savings bonds and the proceeds from such bonds, including all rights, powers, and privileges of survivorship of any owner, co-owner, or beneficiary, shall vest solely in the state of Missouri.

#### HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Bill No. 621, Page 8, Section 408.040, Line 50, by inserting after all of said section and line the following:

**“456.4-420. 1. If a trust instrument containing a no-contest clause is or has become irrevocable, an interested person may file a petition to the court for an interlocutory determination whether a particular motion, petition, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy.**

**2. The petition described in subsection 1 of this section shall be verified under oath. The petition may be filed by an interested person either as a separate judicial proceeding, or brought with other claims for relief in a single judicial proceeding, all in the manner prescribed generally for such**

proceedings under this chapter. If a petition is joined with other claims for relief, the court shall enter its order or judgment on the petition before proceeding any further with any other claim for relief joined therein. In ruling on such a petition, the court shall consider the text of the clause, the context to the terms of the trust instrument as a whole, and in the context of the verified factual allegations in the petition. No evidence beyond the pleadings and the trust instrument shall be taken except as required to resolve an ambiguity in the no-contest clause.

3. An order or judgment determining a petition described in subsection 1 of this section shall have the effect set forth in subsections 4 and 5 of this section, and shall be subject to appeal as with other final judgments. If the order disposes of fewer than all claims for relief in a judicial proceeding, that order is subject to interlocutory appeal in accordance with the applicable rules for taking such an appeal. If an interlocutory appeal is taken, the court may stay the pending judicial proceeding until final disposition of said appeal on such terms and conditions as the court deems reasonable and proper under the circumstances. A final ruling on the applicability of a no-contest clause shall not preclude any later filing and adjudication of other claims related to the trust.

4. An order or judgment, in whole or in part, on a petition described in subsection 1 of this section shall result in the no-contest clause being enforceable to the extent of the court's ruling, and shall govern application of the no-contest clause to the extent that the interested person then proceeds forward with the claims described therein. In the event such an interlocutory order or judgment is vacated, reversed, or otherwise modified on appeal, no interested person shall be prejudiced by any reliance, through action, inaction or otherwise, on the order or judgment prior to final disposition of the appeal.

5. An order or judgment shall have effect only as to the specific trust terms and factual basis recited in the petition. If claims are later filed that are materially different than those upon which the order or judgment is based, then to the extent such new claims are raised, the party in whose favor the order or judgment was entered shall have no protection from enforcement of the no-contest clause otherwise afforded by the order and judgment entered under this section.

6. For purposes of this section, a "no-contest clause" shall mean a provision in a trust instrument purporting to rescind a donative transfer to, or a fiduciary appointment of, any person, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in a trust estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term "no-contest clause" shall also mean an "in terrorem clause".

7. A no-contest clause is not enforceable against an interested person in, but not limited to, the following circumstances:

(1) Filing a motion, petition, or other claim for relief objecting to the jurisdiction or venue of the court over a proceeding concerning a trust, or over any person joined, or attempted to be joined, in such a proceeding;

(2) Filing a motion, petition, or other claim for relief concerning an accounting, report, or notice that has or should have been made by a trustee, provided the interested person otherwise has standing to do so under applicable law, including, but not limited to, section 456.6-603;

(3) Filing a motion, petition, or other claim for relief under chapter 475 concerning the

**appointment of a guardian or conservator for the settlor;**

**(4) Filing a motion, petition, or other claim for relief under chapter 404 concerning the settlor;**

**(5) Disclosure to any person of information concerning a trust instrument or that is relevant to a proceeding before the court concerning the trust instrument or property of the trust estate, unless such disclosure is otherwise prohibited by law;**

**(6) Filing a motion, pleading, or other claim for relief seeking approval of a nonjudicial settlement agreement concerning a trust instrument, as set forth in section 456.1-111;**

**(7) To the extent a petition under subsection 1 of this section is limited to the procedure and purpose described therein.**

**8. In any proceeding brought under this section, the court may award costs, expenses, and attorneys' fees to any party, as provided in section 456.10-1004.**

**474.395. 1. If a will contains a no-contest clause, an interested person may file a petition with the court for a determination whether a particular motion, petition, action, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy, which application would be adjudicated in the manner prescribed in section 456.4-420, and subject to the provisions set forth therein.**

**2. For purposes of this section, a “no-contest clause” shall mean a provision in a will purporting to rescind a donative transfer to, or a fiduciary appointment of, any person who institutes a proceeding challenging the validity of all or part of the will, or that otherwise effects a forfeiture of some or all of an interested person’s beneficial interest in the estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term no-contest clause shall also mean an “in terrorem clause”;** and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

[He] **The revisor** shall deposit a copy of each volume of the revised statutes, supplement or pocket part, so certified, in the secretary's office, which shall be prima facie evidence of such statutes. The certificate shall be printed in each copy of the revised statutes, supplement or pocket part, and every copy so printed containing the certificate may be used in evidence without other or further proof of authentication.

**3. The revisor of statutes shall supervise the publication of the revised statutes on any official website of the committee on legislative research. Such supervision shall comply with the provisions of subsection 1 of this section to ensure that a true and correct copy of the existing laws of this state are placed on such website. However, the online version of the revised statutes on any official website of the committee on legislative research shall not be considered an official version of the revised statutes, unless the revisor of statutes chooses to certify it as such and places a certificate on the website. 2. If any member ceases to be in service for more than one year unless the member has attained the age of fifty-five or has twenty years or more of creditable service, or if the member withdraws the member’s accumulated contributions or if the member receives benefits under the retirement system or dies, the member thereupon ceases to be a member; except in the case of a member who has served in the Armed Forces of the United States and has subsequently been reinstated as a policeman. A member who has terminated employment as a police officer, has actually retired and is receiving retirement benefits under

the system shall be considered a retired member.

3. A reserve officer shall not be considered a member of the system for the purpose of determining creditable service, nor shall any contributions be due. A reserve officer shall not be entitled to any benefits from the system other than those awarded when the reserve officer originally retired under section 86.250, nor shall service as a reserve officer prohibit distribution of those benefits.

**86.362. 1. Notwithstanding any provision of law to the contrary, employees of the employees retirement system of the city of St. Louis who are earning creditable service in the employees retirement system of the city of St. Louis and who are transferred to the St. Louis metropolitan police department as policemen shall elect within ninety days of the effective date of this section to either remain a member of the employees retirement system of the city of St. Louis or transfer membership and creditable service to the police retirement system of St. Louis. The election shall be made in writing after the employee has received a detailed analysis comparing retirement, life insurance, disability benefits, and medical benefits of a member of the employees retirement system of the city of St. Louis with the corresponding benefits provided a member of the police retirement system of St. Louis. The employees retirement system of the city of St. Louis and the police retirement system of St. Louis shall work together to provide the detailed analysis under this subsection, ensure that affected members receive such analysis, and design appropriate forms for plan membership election. In electing plan membership, the employee shall acknowledge and agree that an election made under this subsection is irrevocable and constitutes a waiver to receive retirement, life insurance, disability benefits, and medical benefits except as provided by the system elected by the employee. Furthermore, in connection with the election, the employee shall be required to acknowledge that the benefits provided by virtue of membership in either system, and any associated costs to the employee, may be different now or in the future as a result of the election and that the employee agrees to hold both systems harmless with regard to benefit differences resulting from the election.**

**2. The employees retirement system of the city of St. Louis shall pay to the police retirement system of St. Louis an amount actuarially determined to equal the liability at the time of the transfer for any employee who elects under subsection 1 of this section to transfer to the police retirement system of St. Louis, to the extent that liability is funded as of the most recent actuarial valuation and based on the actuarial value of assets not to exceed one hundred percent. Such transfer shall be made within sixty days of the employee's election.**

**3. In no event shall any employee receive service credit for the same period of service under more than one retirement system as a result of the provisions of this section.**

**4. The provisions of this section shall not be effective until a corresponding authorizing ordinance is passed by the board of aldermen with the city of St. Louis.**

95.540. 1. The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall mean:

(1) "Employee", any person regularly employed by any city, within the authorization of this section, who receives remuneration from the city for personal services rendered the city. The term "employee" shall not include any person:

(2) “Officer”, any officer or elected official of the city who has been delegated some substantial part of the sovereign power to be independently exercised with some continuity and without control of a superior power other than the law;

**except that any employee earning creditable service in the pension plan adopted under subsection 2 of this section who is transferred to the St. Louis metropolitan police department as a policeman and elects to remain in the pension plan adopted under subsection 2 of this section as provided in section 86.362 shall be considered an employee in the plan for purposes of retirement, life insurance, disability benefits, and medical benefits.**

2. Any city of this state that now has or may hereafter have a population of more than four hundred and fifty thousand inhabitants is hereby authorized to provide by ordinance or otherwise for the pensioning of its employees and officers, in one or more plans, whether performing city or county functions, and the widows and minor children of deceased employees and officers and to appropriate and utilize its municipal revenues and other available funds for such purposes.

3. The employees and officers of any municipally owned public utility may be included within the provisions of any pension plan adopted in pursuance of subsection 2, but the cost of paying pensions to such employees and officers and the widows and minor children thereof, as well as its pro rata share of the expenses of administration and the operation of the pension system, as a whole, shall be borne by the funds or revenues of such municipally owned public utility.

4. The employees and officers of any administrative board or board of control organized and existing under the general laws of the state of Missouri for the purpose of furnishing library services or maintaining and operating an art museum or a zoological park or similar public service to the inhabitants of such city may be included within the provisions of any pension plan adopted in pursuance of subsection 2, but the cost of paying pensions to such employees and officers and widows and minor children thereof, as well as their pro rata share of the expenses of administration and the operation of the pension system, as a whole, shall be borne by the funds or revenues of such administrative board or board of control; provided, however, that the employees and officers of any such board or board of control shall not be included in any such pension plan unless the ordinance of such city providing for the inclusion of such employees and officers shall be accepted by resolution of such administrative board or board of control.”; and

“160.545. 1. There is hereby established within the department of elementary and secondary education the “A+ Schools Program” to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

(1) All students be graduated from school;

(2) All students complete a selection of high school studies that is challenging and for which there are

identified learning expectations; and

(3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

4. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

5. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to

the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

6. For any school year, grants authorized by subsections 1 [to 3], **2, and 4** of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 7 of this section.

7. The [commissioner] **department** of **higher** education shall, by rule [and regulation of the state board of education and with the advice of the coordinating board for higher education], establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection 9 of this section for any two-year private vocational or technical school for any student:

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school as determined by rule of the [state board] **department** of **higher** education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of [said board] **the department**.

8. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

9. For a two-year private vocational or technical school to obtain reimbursements under subsection 7 of this section, the following requirements shall be satisfied:

(1) Such two-year private vocational or technical school shall be a member of the North Central Association and be accredited by the Higher Learning Commission as of July 1, 2008, and maintain such accreditation;

**(2) Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2014, shall be invalid and void.”; and**

HOUSE CONCURRENT RESOLUTION NO. 22

WHEREAS, insurance protects the United States economy from the adverse effects of the risks inherent in economic growth and development while also providing the resources necessary to rebuild physical and economic infrastructure, offer indemnification for business disruption, and provide coverage for medical and liability costs from injuries and loss of life in the event of catastrophic losses to persons or property; and

WHEREAS, the terrorist attack of September 11, 2001, produced insured losses larger than any natural or manmade event in history, with claims paid by insurers to their policyholders eventually totaling some \$32.5 billion, making this the second most costly insurance event in United States history; and

WHEREAS, the sheer enormity of the terrorist-induced loss, combined with the possibility of future attacks, produced financial shockwaves that shook insurance markets, causing insurers and reinsurers to exclude coverage arising from acts of terrorism from virtually all commercial property and liability policies; and

WHEREAS, the United States Congress originally passed the Terrorism Risk Insurance Act of 2002, P.L. 107-297 (TRIA), in which the federal government agreed to provide terrorism reinsurance to insurers and reauthorized this arrangement via the Terrorism Risk Insurance Extension Act of 2005, P.L. 109-144, and the Terrorism Risk Insurance Program Reauthorization Act of 2007, P.L. 110-160 (TRIPRA); and

WHEREAS, under TRIPRA, the federal government provides such reinsurance after industry-wide losses attributable to annual certified terrorism events exceed one hundred million dollars; and

WHEREAS, coverage under TRIPRA is provided to an individual insurer after the insurer incurs losses related to terrorism equal to 20% of the insurer's previous year earned premium for property-casualty lines; and

WHEREAS, after an individual insurer reaches such threshold, the insurer pays 15% of residual losses and the federal government pays the remaining 85%; and

WHEREAS, the Terrorism Risk Insurance Program has an annual cap of one hundred billion dollars of aggregate insured losses, beyond which the federal program does not provide coverage; and

WHEREAS, TRIPRA requires the federal government to recoup 100% of the benefits provided under the program via policyholder surcharges to the extent the aggregate insured losses are less than twenty-seven billion five hundred million dollars and enables the government to recoup expenditures beyond that mandatory recoupment amount; and

WHEREAS, without question, TRIA and its successors are the principal reason for the continued stability in the insurance and reinsurance market for terrorism insurance to the benefit of our overall economy; and

WHEREAS, the presence of a robust private-public partnership has provided stability and predictability, and has allowed insurers to actively participate in the market in a meaningful way; and

WHEREAS, without a program such as TRIPRA, many of our citizens who want and need terrorism coverage to operate their businesses all across the nation would be either unable to obtain insurance or unable to afford the limited coverage that would be available; and

WHEREAS, without federally provided reinsurance, property and casualty insurers would face less availability of terrorism reinsurance and would therefore be severely restricted in their ability to provide sufficient coverage for acts of terrorism to support our economy; and

WHEREAS, unfortunately, despite the hard work and dedication of this nation's counterterrorism agencies and the bravery of the men and women in uniform who fought and continue to fight battles abroad to keep us safe here at home, the threat from terrorist attacks in the United States is both real and substantial and will remain as such for the foreseeable future:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress and the President of the United States to reauthorize the Terrorism Risk Insurance Program; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President Pro Tempore and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 48**.

HOUSE CONCURRENT RESOLUTION NO. 48

WHEREAS, the Missouri River Bank Stabilization and Navigation Fish and Wildlife Mitigation Project was initially authorized by Congress under P.L. 99-662. A total of 48,100 acres were authorized for mitigation, which included the acquisition and habitat restoration, preservation, and development of 29,900 acres of land and on an additional 18,200 acres of existing public land in the state of Iowa, Kansas, Missouri, and Nebraska; and

WHEREAS, P.L. 106-3 modified the Mitigation Project by increasing the amount of acreage to be acquired or mitigated by 118,650 acres and included the restoration of 7,000 to 20,000 acres of shallow water habitat (SWH), resulting in the total amount of land authorized for mitigation to be 166,750 acres; and

WHEREAS, on March 30, 2012, the United States Army Corps of Engineers (Corps) announced a plan to resume Missouri River SWH restoration efforts in Missouri after halting any SWH construction in Missouri in 2007 due to concerns raised by the Missouri Clean Water Commission; and

WHEREAS, the Corps proposes to finish construction of SWH on the United States Fish and Wildlife Service (USFWS) Big Muddy National Fish and Wildlife Refuge, Jameson Island Unit by constructing a chute approximately 6,000 feet long by approximately 75 feet wide, and excavating to a depth of 5 feet from the Construction Reference Plane; and

WHEREAS, the Corps' plan would extend the existing Jameson Island chute approximately one mile to the west where another outlet to the Missouri River would be constructed. To create the chute, approximately 420,812 cubic yards of earthen material would be removed using a hydraulic dredge. The earthen material would be pumped as a slurry mixture of water and soil and placed into the Missouri River; and

WHEREAS, over time, the chute is expected to widen and deepen, with approximately 546,580 cubic yards of additional soil deposited into the Missouri River; and

WHEREAS, this extension of the Jameson Island chute would result in approximately 16.77 acres of SWH at the completion of construction, and is eventually expected to develop through natural river processes to approximately 30 acres of SWH, with 27 acres of chute and 3 acres of backwater; and

WHEREAS, the project would assist the Corps in meeting SWH goals established for federally listed endangered pallid sturgeon on the Missouri River by the USFWS in their 2003 Amendment to the 2000 Biological Opinion (Bi-Op) on the Operation of the Missouri River Main Stem Reservoir System; and

WHEREAS, failure to meet the current Bi-Op goals through construction of a SWH could require the Corps to meet SWH targets using mainstem reservoir flows, may require reconsultation with the USFWS, and potentially lead to legal action and court-directed measures; and

WHEREAS, depositing excavated soil directly into the Missouri River:

(1) Contradicts long-standing efforts, including investment of the one-tenth cent Parks and Soils sales tax, which have had success in promoting soil conservation practices;

(2) Ignores best management practices;

(3) Contradicts enforcement actions taken by the United States Environmental Protection Agency and the Missouri Department of Natural Resources;

(4) Increases nutrient-rich sediment flowing to the Gulf of Mexico; and

WHEREAS, Missourians support conservation efforts that are scientifically based. Taxpayer funds, such as the Parks and Soils sales tax, are used by landowners to implement practices to prevent or minimize sediment and nutrients from entering our waterways. This project is in direct contradiction to Missouri's long-standing soil stewardship efforts by unnecessary disposing of Missouri's soil resources; and

WHEREAS, while questions remain about the scientific benefits of chutes to the pallid sturgeon, modifications to the existing chute are necessary to prevent further damage to the levee opposite the existing outlet; and

WHEREAS, it is possible to realign the current chute and achieve the stated goal of developing SWH without depositing soil into the Missouri River; and

WHEREAS, the construction of chutes to provide SWH lacks clear and convincing evidence that preservation of the pallid sturgeon will be enhanced, and conflicts with established state policies that benefit the integrity of Missouri's soil and water; and

WHEREAS, the Corps should proceed with the modification of the Jameson Island chute only if excavated soil is not deposited in the Missouri River but outside the meander belt:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, Second Regular Session, the Senate concurring therein, hereby strongly urge the Corps not to proceed with the shallow water habitat modification project on the USFWS Big Muddy National Fish and Wildlife Refuge, Jameson Island Unit, unless excavated soil is deposited outside the meander belt and not into the Missouri River; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly urges the Corps to work with the Missouri Clean Water Commission to ensure that any future SWH projects within the State of Missouri provide clear benefits to the preservation of the pallid sturgeon do not degrade Missouri's soil and water resources; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the United States Army Corps of Engineers, the United States Fish and Wildlife Service, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS** for **HCR 49**.

#### HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NO. 49

WHEREAS, in 2012, the United States Coast Guard recorded over six hundred fifty fatalities and three thousand injuries resulting from boating accidents; and

WHEREAS, the total estimated property damage from recreational boating accidents in a single year can total more than thirty-five million dollars, and does not include medical expenses or loss of life; and

WHEREAS, in 2012, nearly ninety percent of people who drowned in a boating accident were not wearing a life jacket; and

WHEREAS, operator inattention, operator inexperience, an improper lookout, and excessive speed have been identified as four of the five leading causes of boating accidents, all of which are readily preventable; and

WHEREAS, Missouri is home to hundreds of beautiful lakes and rivers enjoyed by thousands of residents and visitors alike; and

WHEREAS, Missouri ranked 7<sup>th</sup> on the list of the top 10 states for number of boating accidents as recently as two years ago with over one hundred and forty reported boating accidents:

In which the concurrence of the Senate is respectfully requested.

The program shall [consist of grant awards made to] **require** public secondary schools that **apply to be an A+ school to** demonstrate a commitment to ensure that:

2. The state board of education shall promulgate rules and regulations for the approval of [grants made under the program to] schools that:

(1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and

(2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and

(3) Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and

(4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and

(5) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve

in schools receiving program grants.

3. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

[By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. Dear Lord, as we work through our final week we are grateful for Your presence in our lives and the time given to be faithful public servants. This week we have plenty to be accomplished and the stress is ever present. So bless us with Your grace to know that You are with us to do that which is needful and right to be done. Calm our minds so we deal fairly and dispassionately with each other so the best may be produced from our work together and the very best for the people of Missouri. In Your Holy Name we pray. Amen.

## HOUSE CONCURRENT RESOLUTION NO. 9

WHEREAS, in 1959, Senate Resolution No. 33 and House Resolution No. 19, recognizing the importance of the extraordinary manifestations of nature and recreational attributes of the Current and Jacks Fork Riverways, requested Congress to enact legislation to preserve the natural resources and provide recreational development and other improvements for the public use; and

WHEREAS, in 1964, Congress answered Missouri's request by enacting legislation to establish the Ozark National Scenic Riverways; and

WHEREAS, the riverways within the Ozark National Scenic Riverways are, and remain, public highways of the State of Missouri, subject to concurrent jurisdiction between the State of Missouri and the United States under Missouri Senate Bill No. 362 enacted in 1971; and

WHEREAS, in 2005, the National Park Service began researching for the purpose of drafting a new general management plan for the Ozark National Scenic Riverways; and

WHEREAS, the National Park Service is advocating the "Preferred Alternative" option of the general management plan; and

WHEREAS, the goal of the "Preferred Alternative" option of the general management plan is to shut down public access points to riverways, eliminate motorized boat traffic from certain areas, further restrict boat motor horsepower in other areas, close several gravel bars, and propose that additional areas be designated as federal wilderness; and

WHEREAS, the "No-Action Alternative" option of the general management plan is an appropriate balance between resource preservation and opportunities for recreational use; and

WHEREAS, the general management plan will guide decisions related to the Ozark National Scenic Riverways for the next 15 to 20 years; and

WHEREAS, tourism is one of the most critical components of our rural economy; and

WHEREAS, thousands of hikers, campers, boaters, hunters, fishermen, and horseback riders visit these areas annually generating irreplaceable tax revenue; and

WHEREAS, any further limitations on the access to these riverways would severely impact this local economy;

WHEREAS, the Missouri Conservation Commission is charged with the control, management, restoration, conservation, and regulation of bird, fish, game, forestry, and all wildlife resources of the state, including hatcheries, sanctuaries, refuges, reservations, and all other property owned, acquired, or used for such purposes; and

WHEREAS, in September of 2009, the Missouri Department of Conservation recommended that "hunting, fishing, and trapping continue to be allowed through the Ozark National Scenic Riverways except in highly developed areas where a reasonable safety zone for public protection may be required";

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-seventh General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strongly urge the United States Department of the Interior National Park Service to pursue one of the following three options in regard to the Ozark National Scenic Riverways:

1. Choose the "No-Action Alternative" option of the general management plan;
2. Enter into negotiations with the State of Missouri, Department of Conservation for the return of the Ozark National Scenic Riverways

to the State of Missouri so that the land will continued to be used for its original and intended purpose; or

3. Enter into a contract with the State of Missouri, Department of Conservation for the management, operation, and maintenance of the Ozark National Scenic Riverways; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for the President Pro Tempore of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the United States Department of the Interior, each member of the Missouri Congressional Delegation, the Director of the National Park Service, the Superintendent of the Ozark National Scenic Riverways, the Director of the Missouri Department of Conservation, and Governor Jay Nixon.

(1) “Blighted area”, an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;

(2) “Collecting officer”, the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;

(3) “Conservation area”, any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997;

(4) “Economic activity taxes”, the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

(5) “Economic development area”, any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for

development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:

- (a) Discourage commerce, industry or manufacturing from moving their operations to another state; or
- (b) Result in increased employment in the municipality; or
- (c) Result in preservation or enhancement of the tax base of the municipality;

(6) “Gambling establishment”, an excursion gambling boat as defined in section 313.800 and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997;

(7) “Greenfield area”, any vacant, unimproved, or agricultural property that is located wholly outside the incorporated limits of a city, town, or village, or that is substantially surrounded by contiguous properties with agricultural zoning classifications or uses unless said property was annexed into the incorporated limits of a city, town, or village ten years prior to the adoption of the ordinance approving the redevelopment plan for such greenfield area;

(8) “Municipality”, a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997, “municipality” applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;

(10) “Ordinance”, an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;

(11) “Payment in lieu of taxes”, those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;

(14) “Redevelopment project”, any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;

(15) “Redevelopment project costs” include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:

(g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district’s capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

(16) “Special allocation fund”, the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;

(17) “Taxing districts”, any political subdivision of this state having the power to levy taxes;

(18) “Taxing districts’ capital costs”, those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; and

(19) “Vacant land”, any parcel or combination of parcels of real property not used for industrial,

commercial, or residential buildings.

99.825. 1. Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project. At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under subsection 3 of section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission. Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance. After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area. Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

2. [Effective January 1, 2008,] If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality. **For plans, projects, designations, or amendments approved by a municipality over the recommendation in opposition by the commission formed under subsection 3 of section 99.820 or a commission located in any county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants, the economic activity taxes and payments in lieu of taxes generated by such plan, project, designation, or amendment shall not exceed the costs associated with those contained in subparagraph b of paragraph (c) of subdivision (15) of section 99.805 per redevelopment project.**

3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public

improvements, but in no case shall it include buildings.”; and

## SECOND REGULAR SESSION

---

**SIXTY-EIGHTH DAY—WEDNESDAY, MAY 14, 2014**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“We glory in tribulations also, knowing that tribulation produces patience and patience produces endurance and endurance produces hope and hope does not disappoint us.” (Romans 5:3-4)

Gracious God, we know the cycles of life and the endless vexations in our work here and among people. We also know that such tribulations help us grow in Godly patience and we are better able to endure what comes our way and because of it we experience hope for a better future. With such knowledge, we ask for Your comfort and support for Senator Cunningham and his family at the death of his mother; we do so with the memory of Your goodness and mercy and commit her to Your loving care. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

(2) A parent of a child who has legally consented to a future adoption of the child;

(3) A parent whose identity is unknown and cannot be ascertained at the time of the filing of the petition;

(4) A man who has not been established to be the father and who is not presumed by law to be the father, and who, after the conception of the child, executes a verified statement denying paternity and disclaiming any interest in the child and acknowledging that this statement is irrevocable when executed and follows the consent as set forth in section 453.030;

(5) A parent or other person who has not executed a consent and who, after proper service of process, fails to file an answer or make an appearance in a proceeding for adoption or for termination of parental rights at the time such cause is heard;

(6) A parent who has a mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(7) A parent who has for a period of at least six months, for a child one year of age or older, or at least sixty days, for a child under one year of age, immediately prior to the filing of the petition for adoption, willfully abandoned the child or, for a period of at least six months immediately prior to the filing of the petition for adoption, willfully, substantially and continuously neglected to provide him with necessary care and protection;

**(8) A man who is on notice that he may be the biological father of a child under section 453.061 but who has not developed a consistent and substantial relationship with his child under section 453.045 and whose consent is not required under section 453.030 or not required or is waived under subsection 7 of section 192.016;**

(9) A parent whose rights to the child may be terminated for any of the grounds set forth in section 211.447 and whose rights have been terminated after hearing and proof of such grounds as required by sections 211.442 to 211.487. Such petition for termination may be filed as a count in an adoption petition.

**453.045. 1. A man whose consent to adoption is waived or not required under sections 192.016, 453.030, or 453.040 nonetheless preserves his rights to intervene in an action for termination of parental rights or in an action for adoption or to file a paternity action for a child after a petition for either adoption or termination of parental rights has been filed with the court, where he can prove that he has previously developed a consistent and substantial relationship with the child commensurate with his means and abilities, including but not limited to, by providing his share of consistent prenatal financial support and consistent prenatal and natal medical care for the mother and baby, consistent child support payments commensurate with his ability to pay, consistent contact and visitation with the child, and assistance with educational and medical care of the child, unless he can prove that he was actively thwarted from doing so by the mother, or other actual or legal custodian.**

**2. Failure to develop such relationship pursuant to subsection 1 of this section waives such man's rights to intervene in an action for termination of parental rights or in an action for adoption or to file a paternity action for a child after a petition for either adoption or termination of parental rights has been filed with the court.**

**453.080. 1. The court shall conduct a hearing to determine whether the adoption shall be finalized. Out of state adoptive petitioners may appear by their attorney and by video conference rather than in person, as long as the child also appears by video conference or in person.** During such hearing, the court shall ascertain whether:

(1) The person sought to be adopted, if a child, has been in the lawful and actual custody of the petitioner for a period of at least six months prior to entry of the adoption decree; except that the six-month period may be waived if the person sought to be adopted is a child who is under the prior and continuing jurisdiction of a court pursuant to chapter 211 and the person desiring to adopt the child is the child's current foster parent. "Lawful and actual custody" shall include a transfer of custody pursuant to the laws of this state, another state, a territory of the United States, or another country;

(2) The court has received and reviewed a postplacement assessment on the monthly contacts with the adoptive family pursuant to section 453.077, except for good cause shown in the case of a child adopted from a foreign country;

(3) The court has received and reviewed an updated financial affidavit;

(4) The court has received the recommendations of the guardian ad litem and has received and reviewed the recommendations of the person placing the child, the person making the assessment and the person making the postplacement assessment;

(5) [There is compliance with the uniform child custody jurisdiction act, sections 452.440 to 452.550;

(6)] There is compliance with the Indian Child Welfare Act, if applicable;

[(7)] (6) There is compliance with the Interstate Compact on the Placement of Children pursuant to section 210.620; and

[(8)] (7) It is fit and proper that such adoption should be made.

2. If a petition for adoption has been filed pursuant to section 453.010 and a transfer of custody has occurred pursuant to section 453.110, the court may authorize the filing for finalization in another state if

the adoptive parents are domiciled in that state.

3. If the court determines the adoption should be finalized, a [decree] **judgment** shall be issued setting forth the facts and ordering that from the date of the [decree] **judgment** the adoptee shall be for all legal intents and purposes the child of the petitioner or petitioners. The court may decree that the name of the person sought to be adopted be changed, according to the prayer of the petition.

4. Before the completion of an adoption, the exchange of information among the parties shall be at the discretion of the parties. **Prospective adoptive parents and parents of a prospective adoptee may enter into a post adoption contact agreement to allow communication, exchange of photographs or contact after the adoption between the parents, siblings, or other relatives of the adoptee and the adoptee and adoptive parents. The court shall not order any party to enter into a post adoption contact agreement.** Upon completion of an adoption, further contact among the parties shall be at the discretion of the adoptive parents, **and such adoptive parents may exercise their discretion to enter into a post adoption contact agreement with the former parents of an adoptee to allow contact between a former parent or sibling of the adoptee and the adoptee or adoptive parents. The agreement shall be in writing and be approved by the court at or before the finalization of the adoption. The agreement shall include:**

**(1) An acknowledgment by the former parents that the adoption is irrevocable, even if the adoptive parents do not abide by the post adoption contact agreement; and**

**(2) An acknowledgment by the adoptive parents that the agreement grants the former parents the right to seek to enforce the post adoption privileges set forth in the agreement.**

**The court shall not approve an agreement unless the agreement is approved by the adoptive parents with whom the agreement is being made. The court shall enforce a written agreement made in accordance with this subsection unless enforcement is not within the best interests of the adoptee.** The court shall not have jurisdiction to deny continuing contact between the adopted person and the birth parent, or an adoptive parent and a birth parent. Additionally, the court shall not have jurisdiction to deny an exchange of identifying information between an adoptive parent and a birth parent.

**5. For purposes of this section, “post adoption contact agreement”, shall mean a written agreement approved by the court pursuant to the provisions listed under subsection 4 of this section.**

453.110. 1. No person, agency, organization or institution shall surrender custody of a minor child, or transfer the custody of such a child to another, and no person, agency, organization or institution shall take possession or charge of a minor child so transferred, without first having filed a petition before the circuit court sitting as a juvenile court of the county where the child may be, praying that such surrender or transfer may be made, and having obtained such an order from such court approving or ordering transfer of custody. **Where filing such petition is impractical prior to lawful placement for care pursuant to subsection 5 of this section, such petition shall be filed within twenty days of execution of proper power of attorney or when the Interstate Compact for Placement of Children approval under section 210.620 is obtained, whichever is later.**

2. If any **filing is made late or** such surrender or transfer is made without first obtaining such an order **or compliance with subsection 5 of this section**, such court shall, on petition of any public official or interested person, agency, organization or institution, order an investigation and report as described in section 453.070 to be completed by the division of family services and shall make such order as to the

custody of such child in the best interest of such child.

3. Any person violating the terms of this section shall be guilty of a class D felony.

4. The investigation required by subsection 2 of this section shall be initiated by the **children's** division [of family services] within forty-eight hours of the filing of the court order requesting the investigation and report and shall be completed within thirty days. The court shall order the person having custody in violation of the provisions of this section to pay the costs of the investigation and report.

5. This section shall not be construed to prohibit any parent, agency, organization or institution from placing a child with another individual for care **under proper power of attorney** if the right to supervise the care of the child and to resume custody thereof is retained, or from placing a child with a licensed foster home within the state **under proper power of attorney** through a child-placing agency licensed by this state as part of a preadoption placement.

6. After the filing of a petition for the transfer of custody for the purpose of adoption, the court may enter an order of transfer of custody if the court finds all of the following:

(1) A family assessment has been made as required in section 453.070 and has been reviewed by the court;

(2) A recommendation has been made by the guardian ad litem;

(3) A petition for transfer of custody for adoption has been properly filed or an order terminating parental rights has been properly filed;

(4) The financial affidavit has been filed as required under section 453.075;

(5) The written report regarding the child who is the subject of the petition containing the information has been submitted as required by section 453.026;

(6) Compliance with the Indian Child Welfare Act, if applicable; [and]

(7) Compliance with the Interstate Compact on the Placement of Children pursuant to section 210.620;  
**and**

**(8) The parties have notified the court of any persons not a party to the adoption who have physical custody or claims to have rights of legal custody, physical custody, or visitation rights with respect to minor child; of any other legal proceedings concerning the minor child; and have affirmed a continuing duty to inform the court of any proceeding in this or any other state that could affect the current proceeding.**

7. A hearing on the transfer of custody for the purpose of adoption is not required if:

(1) The conditions set forth in subsection 6 of this section are met;

(2) The parties agree and the court grants leave; and

(3) Parental rights have been terminated pursuant to section 211.444 or 211.447.”; and

Further amend the title and enacting clause accordingly.

(b) Ongoing update training on child maltreatment from the SAFE CARE network;

2. Child abuse medical resource centers may collaborate directly or through the use of technology with SAFE CARE providers to promote improved services to children who are suspected victims of abuse that will need to have a forensic medical evaluation conducted by providing specialized training for forensic medical evaluations for children conducted in a hospital, child advocacy center, or by a private health care professional without the need for a collaborative agreement between the child abuse medical resource center and a SAFE CARE provider.

3. SAFE CARE providers who are a part of the SAFE CARE network in Missouri may collaborate directly or through the use of technology with other SAFE CARE providers and child abuse medical resource centers to promote improved services to children who are suspected victims of abuse that will need to have a forensic medical evaluation conducted by providing specialized training for forensic medical evaluations for children conducted in a hospital, child advocacy center, or by a private health care professional without the need for a collaborative agreement between the child abuse medical resource center and a SAFE CARE provider.

4. **SENATE AMENDMENT NO. 7**

Amend Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1231, Page 27, Section 452.556, Line 4 of said page, by inserting after all of said line the following:

“454.500. 1. At any time after the entry of an order pursuant to sections 454.470 and 454.475, the obligated parent, the division, or the person or agency having custody of the dependent child may file a motion for modification with the director. Such motion shall be in writing, shall set forth the reasons for modification, and shall state the address of the moving party. The motion shall be served by the moving party in the manner provided for in subsection 5 of section 454.465 upon the obligated parent or the party holding the support rights, as appropriate. In addition, if the support rights are held by the division of family services on behalf of the state, a true copy of the motion shall be mailed by the moving party by certified mail to the person having custody of the dependent child at the last known address of that person. A hearing on the motion shall then be provided in the same manner, and determinations shall be based on considerations set out in section 454.475, unless the party served fails to respond within thirty days, in which case the director may enter an order by default. If the child for whom the order applies is no longer in the custody of a person receiving public assistance or receiving support enforcement services from the department, or a division thereof, pursuant to section 454.425, the director may certify the matter for hearing to the circuit court in which the order was filed pursuant to section 454.490 in lieu of holding a hearing pursuant to section 454.475. If the director certifies the matter for hearing to the circuit court, service of the motion to modify shall be had in accordance with the provisions of subsection 5 of section 452.370. If the director does not certify the matter for hearing to the circuit court, service of the motion to modify shall be considered complete upon personal service, or on the date of mailing, if sent by certified mail. For the purpose of 42 U.S.C. 666(a)(9)(C), the director shall be considered the appropriate agent to receive the notice of the motion to modify for the obligee or the obligor, but only in those instances in which the matter is not certified to circuit court for hearing, and only when service of the motion is attempted on the obligee or obligor by certified mail.

2. A motion for modification made pursuant to this section shall not stay the director from enforcing and collecting upon the existing order pending the modification proceeding unless so ordered by the court.

3. Only payments accruing subsequent to the service of the motion for modification upon all named parties to the motion may be modified. Modification may be granted only upon a showing of a change of circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for modification of any child support award, the director, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and the earning capacity of a party who is not employed. If the application of the guidelines and criteria set forth in supreme court rule 88.01 to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, then a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable.

**4. If the division has entered an order under section 454.470 or 454.500, and an additional child**

**or children not the subject of the order are born to the parties, the division may, following the filing of a motion to modify, service of process, and opportunity for a hearing pursuant to this section, modify the underlying child support order to include a single child support obligation for all children of the parties in conformity with the criteria set forth in supreme court rule 88.01.**

**5.** The circuit court may, upon such terms as may be just, relieve a parent from an administrative order entered against that parent because of mistake, inadvertence, surprise, or excusable neglect.

[5.] **6.** No order entered pursuant to section 454.476 shall be modifiable pursuant to this section, except that an order entered pursuant to section 454.476 shall be amended by the director to conform with any modification made by the court that entered the court order upon which the director based his or her order.

[6.] **7.** When the party seeking modifications has met the burden of proof set forth in subsection 3 of this section, then the child support shall be determined in conformity with the criteria set forth in supreme court rule 88.01.

[7.] **8.** The last four digits of the Social Security number of the parents shall be recorded on any order entered pursuant to this section. The full Social Security number of each party and each child shall be retained in the manner required by section 509.520.”; and

Further amend the title and enacting clause accordingly.

Senator Keaveny moved that the above amendment be adopted.

At the request of Senator Dixon, **HCS** for **HB 1231**, with **SCS**, **SS** for **SCS** and **SA 7** (pending), was placed on the Informal Calendar.

“305.230. 1. The state highways and transportation commission shall administer an aeronautics program within this state. The commission shall encourage, foster and participate with the political subdivisions of this state in the promotion and development of aeronautics. The commission may provide financial assistance in the form of grants from funds appropriated for such purpose to any political subdivision or instrumentality of this state acting independently or jointly or to the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration for the planning, acquisition, construction, improvement or maintenance of airports, or for other aeronautical purposes.

2. Any political subdivision or instrumentality of this state or the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration receiving state funds for the purchase, construction, or improvement, except maintenance, of an airport shall agree before any funds are paid to it to control by ownership or lease the airport for a period equal to the useful life of the project as determined by the commission following the last payment of state or federal funds to it. In the event an airport authority ceases to exist for any reason, this obligation shall be carried out by the governing body which created the authority.

3. Unless otherwise provided, grants to political subdivisions, instrumentalities or to the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration shall be made from the aviation trust fund. In making grants, the commission shall consider whether the local community has given financial support to the airport in the past. Priority shall be given to airports with local funding for the past five years with no reduction in such funding. The aviation trust fund is a revolving trust fund exempt from the provisions of section 33.080 relating to the transfer of funds to the general revenue funds of the state by the state treasurer. All interest earned upon the balance in the aviation trust fund shall

be deposited to the credit of the same fund.

4. The moneys in the aviation trust fund shall be administered by the commission and, when appropriated, shall be used for the following purposes:

(1) As matching funds on an up to ninety percent state/ten percent local basis, except in the case where federal funds are being matched, when the ratio of state and local funds used to match the federal funds shall be fifty percent state/fifty percent local:

(b) For the acquisition of land for the development and improvement of airports;

(c) For the earthwork and drainage necessary for the construction, reconstruction or repair of runways, taxiways, and aircraft parking areas;

(d) For the construction, or restoration of runways, taxiways, or aircraft parking areas;

(e) For the acquisition of land or easements necessary to satisfy Federal Aviation Administration safety requirements;

(f) For the identification, marking or removal of natural or manmade obstructions to airport control zone surfaces and safety areas;

(g) For the installation of runway, taxiway, boundary, ramp, or obstruction lights, together with any work directly related to the electrical equipment;

(h) For the erection of fencing on or around the perimeter of an airport;

(i) For purchase, installation or repair of air navigational and landing aid facilities and communication equipment;

(j) For engineering related to a project funded under the provisions of this section and technical studies or consultation related to aeronautics;

(k) For airport planning projects including master plans and site selection for development of new airports, for updating or establishing master plans [and], airport layout plans, **airport business plans, and strategic plans** at existing airports;

(l) For the purchase, installation, or repair of safety equipment and such other capital improvements and equipment as may be required for the safe and efficient operation of the airport;

(m) If at least [six] **four million five hundred thousand** dollars is deposited into the aviation trust fund in the previous calendar year, [up to two million dollars may be expended annually upon] **funds may be spent for** the study or promotion of expanded domestic or international scheduled commercial service, the study or promotion of intrastate scheduled commercial service, **the promotion of aviation in the state**, or to assist airport sponsors participating in a federally funded air service program supporting intrastate scheduled commercial service, **subject to the following provisions:**

(b) For the printing and distribution of state aeronautical charts and state airport directories on an annual basis, and a newsletter on a quarterly basis or the publishing and distribution of any public interest information deemed necessary by the commission;

(c) For the conducting of aviation safety workshops;

(d) For the promotion of aerospace education;

(3) As total funds with no local match, up to five hundred thousand dollars per year may be used for the cost of operating existing air traffic control towers that do not receive funding from the Federal Aviation Administration or the United States Department of Defense, except no more than one hundred sixty-seven thousand dollars per year may be used for any individual control tower;

(4) As total funds with a local match, up to five hundred thousand dollars per year may be used for air traffic control towers partially funded by the federal government under a cost-share program. Any expenditures under this program require a nonfederal match, comprised of a ratio of fifty percent state and fifty percent local funds. No more than one hundred thousand dollars per year may be expended for any individual control tower.

5. In the event of a natural or manmade disaster which closes any runway or renders inoperative any electronic or visual landing aid at an airport, any funds appropriated for the purpose of capital improvements or maintenance of airports may be made immediately available for necessary repairs once they are approved by the commission. For projects designated as emergencies by the commission, all requirements relating to normal procurement of engineering and construction services are waived.

6. As used in this section, the term “instrumentality of the state” shall mean any state educational institution as defined in section 176.010 or any state agency which owned or operated an airport on January 1, 1997, and continues to own or operate such airport.”; and

163.011. As used in this chapter unless the context requires otherwise:

(1) "Adjusted operating levy", the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011;

(2) "Average daily attendance", the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. "Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours, except for physical education hours that do not count as credit toward graduation for students in grades nine, ten, eleven, and twelve, attended by all summer school pupils by the number of hours required in section 160.011 in the school term. For purposes of determining average daily attendance

under this subdivision, the term “resident pupil” shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child’s parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) “Current operating expenditures”:

(a) For the fiscal year 2007 calculation, “current operating expenditures” shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target. Beginning on July 1, 2010, current operating expenditures shall be the amount in paragraph (a) of this subdivision plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005 received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(4) “District’s tax rate ceiling”, the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) “Dollar-value modifier”, an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) “County wage per job”, the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the city of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) “Regional wage per job”:

a. The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the city of St. Louis, as reported

by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) “Regional wage ratio”, the ratio of the regional wage per job divided by the state median wage per job;

(d) “State median wage per job”, the fifty-eighth highest county wage per job;

(6) “Free and reduced lunch pupil count”, **for school districts not eligible for and those that do not choose the USDA Community Eligibility Option**, the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations. **For eligible school districts that choose the USDA Community Eligibility Option, the free and reduced lunch pupil count shall be the percentage of free and reduced lunch students calculated as eligible on the last Wednesday in January of the most recent school year that included household applications to determine free and reduced lunch count multiplied by the district’s average daily attendance figure;**

(7) “Free and reduced lunch threshold” shall be calculated by dividing the total free and reduced lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) “Limited English proficiency pupil count”, the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals’ level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state’s proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) “Limited English proficiency threshold” shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and

entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) “Local effort”:

(a) For the fiscal year 2007 calculation, “local effort” shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats, payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants’ and manufacturers’ taxes under sections 150.010 to 150.370, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080 except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, “local effort” shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines. If a district’s assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district’s local effort shall be calculated using the district’s current assessed valuation in lieu of the assessed valuation utilized in the calculation outlined in paragraph (a) of this subdivision. **When a change in a school district’s boundary lines occurs because of a boundary line change, annexation, attachment, consolidation, reorganization, or dissolution under section 162.071, 162.081, sections 162.171 to 162.201, section 162.221, 162.223, 162.431, 162.441, or 162.451, or in the event that a school district assumes any territory from a district that ceases to exist for any reason, the department of elementary and secondary education shall make a proper adjustment to each affected district’s local effort, so that each district’s local effort figure conforms to the new boundary lines of the district. The department shall compute the local effort figure by applying the calendar year 2004 assessed valuation data to the new land areas resulting from the boundary line change, annexation, attachment, consolidation, reorganization, or dissolution and otherwise follow the procedures described in this subdivision;**

(11) “Membership” shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. “Full-time equivalent number of part-time students” is determined by dividing the total number of hours for which all part-time students are enrolled by the number

of hours in the school term. “Full-time equivalent number of summer school pupils” is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011 in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) “Operating levy for school purposes”, the sum of tax rates levied for teachers’ and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100 of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) “Performance district”, any district that has met [all] performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092 and as reported on the final annual performance report for that district each year; **for calculations to be utilized for payments in fiscal years subsequent to fiscal year 2018, the number of performance districts shall not exceed twenty-five percent of all public school districts;**

(14) “Performance levy”, three dollars and forty-three cents;

(15) “School purposes” pertains to teachers’ and incidental funds;

(16) “Special education pupil count”, the number of public school students with a current individualized education program or services plan and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) “Special education threshold” shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) “State adequacy target”, the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data. The recalculation shall never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations **as provided in subsection 8 of section 163.031;**

(19) “Teacher”, any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who

shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) “Weighted average daily attendance”, the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940 in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.

**163.018. 1. Notwithstanding the definition of “average daily attendance” in subdivision (2) of section 163.011 to the contrary, pupils between the ages of three and five who are eligible for free and reduced lunch and attend an early childhood education program that is operated by and in a district or by a charter school that has declared itself as a local educational agency providing full-day kindergarten and that meets standards established by the state board of education, shall be included in the district’s or charter school’s calculation of average daily attendance. The total number of such pupils included in the district’s or charter school’s calculation of average daily attendance shall not exceed four percent of the total number of pupils who are eligible for free and reduced lunch between the ages of three and eighteen who are included in the district’s or charter school’s calculation of average daily attendance.**

**2. (1) For any district that has been declared unaccredited by the state board of education and remains unaccredited as of July 1, 2015, the provisions of subsection 1 of this section shall become applicable during the 2015-2016 school year;**

**(2) For any district that is declared unaccredited by the state board of education after July 1, 2015, the provisions of subsection 1 of this section shall become applicable immediately upon such declaration;**

**(3) For any district that has been declared provisionally accredited by the state board of education and remains provisionally accredited as of July 1, 2016, the provisions of subsection 1 of this section shall become applicable beginning in the 2016-2017 school year;**

**(4) For any district that is declared provisionally accredited by the state board of education after July 1, 2016, the provisions of this section shall become applicable beginning in the 2016-2017 school year or immediately upon such declaration, whichever is later;**

**(5) For all other districts, the provisions of subsection 1 of this section shall become effective in any school year subsequent to a school year in which the amount appropriated for subsections 1 and 2 of section 163.031 is equal to or exceeds the amount necessary to fund the entire entitlement**

**calculation determined by subsections 1 and 2 of section 163.031, and shall remain effective in all school years thereafter, irrespective of the amount appropriated for subsections 1 and 2 of section 163.031 in any succeeding year.**

**3. This section shall not require school attendance beyond that mandated under section 167.031 and shall not change or amend the provisions of sections 160.051, 160.053, 160.054, and 160.055 relating to kindergarten attendance.**

163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and, in years not governed under subsection 4 of this section, subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(a) For the 2006-07 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the sum of one plus the product of one-third multiplied by the remainder of the dollar value modifier minus one, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

(b) For the 2007-08 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of this section, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the sum of one plus the product of two-thirds multiplied by the remainder of the dollar value modifier minus one, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

With House Amendment No. 1.

#### HOUSE AMENDMENT NO. 1

Amend Senate Bill No. 500, Page 1, In the Title, Line 3, by deleting the words “no-contest clauses” and inserting in lieu thereof the words “trust instruments”; and

Further amend said bill and said page, Section A, Line 3, by inserting immediately after said line the following:

“456.950. 1. As used in this section, “qualified spousal trust” means a trust:

(1) The settlors of which are husband and wife at the time of the creation of the trust; and

(2) The terms of which provide that during the joint lives of the settlors all property or interests in property transferred to, or held by, the trustee are:

(a) Held and administered in one trust for the benefit of both settlors, revocable by either or both settlors acting together while either or both are alive, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from the entire trust for the joint lives of the settlors and for the survivor’s life; or

(b) Held and administered in two separate shares of one trust for the benefit of each of the settlors, with the trust revocable by each settlor with respect to that settlor’s separate share of that trust without the participation or consent of the other settlor, and each settlor having the right to receive distributions of income or principal, whether mandatory or within the discretion of the trustee, from that settlor’s separate share for that settlor’s life; or

(c) Held and administered under the terms and conditions contained in paragraphs (a) and (b) of this subdivision.

2. A qualified spousal trust may contain any other trust terms that are not inconsistent with the provisions of this section.

3. **Any** property or interests in property [held as tenants by the entirety by a husband and wife] that is at any time transferred to the trustee of a qualified spousal trust of which the husband and wife are the settlors, shall **thereafter** be [held and] administered as provided by the trust terms in accordance with paragraph (a), (b), or (c) of subdivision (2) of subsection 1 of this section[, and all such]. **All trust** property and interests in property **that is deemed for purposes of this section to be held as tenants by the entirety**, including the proceeds thereof, the income thereon, and any property into which such property, proceeds, or income may be converted, shall [thereafter] have the same immunity from the claims of the separate

creditors of the settlors as would have existed if the settlors had continued to hold that property as husband and wife as tenants by the entirety. **Property or interest in property held by a husband and wife as tenants by the entirety or as joint tenants or other form of joint ownership with right of survivorship shall be conclusively deemed for purposes of this section to be held as tenants by the entirety upon its transfer to the qualified spousal trust. All such transfers shall retain said immunity,** so long as:

(1) Both settlors are alive and remain married; and

(2) The property, proceeds, or income continue to be held in trust by the trustee of the qualified spousal trust.

4. Property or interests in property held by a husband and wife or held in the sole name of a husband or wife that is not held as tenants by the entirety **or deemed held as tenants by the entirety for purposes of this section** and is transferred to a qualified spousal trust shall be held as directed in the qualified spousal trust's governing instrument or in the instrument of transfer and the rights of any claimant to any interest in that property shall not be affected by this section.

5. Upon the death of each settlor, all property and interests in property held by the trustee of the qualified spousal trust shall be distributed as directed by the then current terms of the governing instrument of such trust. Upon the death of the first settlor to die, if immediately prior to death the predeceased settlor's interest in the qualified spousal trust was then held in such settlor's separate share, the property or interests in property in such settlor's separate share may pass into an irrevocable trust for the benefit of the surviving settlor upon such terms as the governing instrument shall direct, including without limitation a spendthrift provision as provided in section 456.5-502.

6. No transfer by a husband and wife as settlors to a qualified spousal trust shall affect or change either settlor's marital property rights to the transferred property or interest therein immediately prior to such transfer in the event of dissolution of marriage of the spouses, unless both spouses otherwise expressly agree in writing.

7. This section shall apply to all trusts which fulfill the criteria set forth in this section for a qualified spousal trust regardless of whether such trust was created before or after August 28, 2011.

**456.2-205. 1. Subject to the exception in subsection 2 of this section, a provision in a trust instrument requiring the mediation or arbitration of disputes between or among the beneficiaries, a fiduciary, a person granted nonfiduciary powers under the trust instrument, or any combination of such persons is enforceable.**

**2. A provision in a trust instrument requiring the mediation or arbitration of disputes relating to the validity of a trust is not enforceable unless all interested persons with regard to the dispute consent to the mediation or arbitration of the dispute.”; and**

# Journal of the Senate

SECOND REGULAR SESSION

---

**SIXTY-NINTH DAY—THURSDAY, MAY 15, 2014**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“...even so we also should walk in newness of Life.” (Romans 6:4)

Gracious God, we know the motto which says: “Today is the first day of the rest of your life.” Help us approach this day as new and capable of bringing new energy and thought to what confronts us this day. Help us not think of today as another typical series of yesterdays which show little progress but rather an opportunity to accomplish more and grow from the experience. Keep us from falling into ruts of sameness but show faithfulness in the decisions we make today. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.
